## Music Week Plans Launched With Contest

Plans for one of the features of National Music week have been released by Elmer Weller, chairman of the committee in charge of the feature, and Mrs. Mary Denton, state music week chairman.

A contest which will be entered by music students of Salem music teachers, and this means any qualified music teacher, these students to be designated by the teachers.  
Fields for competition will include piano, violin and voice solos and a special division for hymns and songs. Rules and suggestions are printed and now available to any teacher wanting them. They are to be secured through Elma Weller, contest chairman.

There will be two contest dates, one a preliminary and the other a final contest. The preliminary contest will be held in April and the final one will be an event of Music week, May 7 to 14.

The point for judgment will include interpretation, technique, rhythm, memory, pedaling and posture. The aim has been set out as to "give definite immediate objective toward which students may work; inspire greater effort in artistic achievement through stimulus of competition; give an opportunity for student to evaluate himself in comparison with others."

This contest is an outgrowth of the visit last fall of Chester Rosecrans, Pacific coast representative of the National Bureau for Advancement of Music, to Salem where he met musicians and interested parties in a mass meeting in the chamber of commerce. Mr. Rosecrans, an active and dynamic figure in musical and artistic circles in San Francisco, developed this plan for his listeners and action has been taken upon it by the local arts and music sponsorship of the Salem Music Teachers' association, although any teacher may enter students whether he belongs to the association or not.

National Music week is directed nationally by the National Bureau for Advancement of Music and the culmination contest has been planned as a feature of Music week.
