Mr. Sheepman...

In order to prevent and cure Blind Staggers in your flock, feed Cane Molasses. Mix one part molasses to two parts water and put over your hay and feed. Price is very reasonable and it does work. Also, feed Linseed Oilmeal with your grain. It pays.

RECLEANED GRAY OATS

It will pay you to book your order for Gray Oats now as they are going to be very scarce. We have some fancy seed stock. Also, vetch seed and Field Peas. Be sure and plant enough for your hay crop as the entire crop is frozen out and hay will be scarce this coming fall.
