Smallest in Four Years: **World Prices Lowest** CORVALLIS, Ore., Feb. 13 -(AP) — Exceptionally light re-

Arrivals on Eastern Marts

celpts of wheat both east and west characterized the domestic wheat markets last week and they developed slight additional strength both in the east and along the Pacifie coast, it was stated in a review issued today by the U.S.D.A. bureau of agricultural economics cooperation with the O.S.C. extension service.

Arrivals at the principal eastern markets were the smallest in four years and totaled only 772 cars. Barely a fourth of the total for the corresponding week a year ago. In the Pacific northwest receipts were 350 cars, about half of last year's figure. The light receipts are blamed

on a combination of circumstances, including severe winter weather in the central west. Small remaining farm stocks, and growers' disinclination to sell at prevailing prices particularly in view of the uncertain prospects for this year's crop.

Heavy southern hemisphere wheat shipments continue a weakening factor in the market, though trade reports indicate that the peak has about been reached. To date the southern movement has totaled 54,712,000 bushels compared with 52,574,000 at this time last season. Russian exports have reached only 16,712,000 compared with 68,520,000 at this date last year. Canadian exports are up about 50 per cent to around 151 million bushels. World wheat prices as meas-

ured by Liverpool quotations are at the lowest point of this crop year, being down about 10 to 13 cents under quotations at the beginning of the season July 1.

WHEATLAND, Feb. 13-Residents of the Wheatland neighborhood began work Wednesday in the erection of a 36 by 60 feet in 1933, at ten o'clock in the foreneon of said day, at west door of

WEATHER BOOSTS PRICE OF HOGS

17-20c Being Paid for Salem Markets and Veal Firm

PORTLAND, Feb. 13-(AP)-Market for butter continues to gain in strength locally and through the Pacific northwest generally. Some betterment was also reported in the south. Open market sales were above the exchange basis.

While the general market bawas considered unchanged, bids for butterfat were reported as occasionally higher. As high as 17 to 20c was reported paid in spots for both sweet and sour. This applies chiefly to country points.

Market for eggs was practicaly without change for the week's opening. There continued the usual shading by outsiders and local private firms. Storage operations were gaining. Prices remain low for chickens here and California values were

sliding in sympathy. The spread however between the north and south was still very heavy. Market for country killed veal and lambs remains firm along the wholesale way. There was a general cleanup of offerings over the week-end. Hogs were steady to

BOSTON, Feb. 13 - (AP) -Most wool manufacturers are buying only enough raw material to cover immediate needs. Wool prices, however, are showing a fairly steady trend. Receipts of domestie wool here during the week ending February 11, estimated by the Boston grain and flour exchange, were 912,700 lbs., compared with 250,000 lbs., the previous week. Receipts to date this year were approximately 9,375,-000 lbs., compared with 7.798,000 lbs., the corresponding period last

Porkers Bring \$4.10; Produce Prices to Rise, Expected

Weather conditions Monday brought a temporary boost in hog prices, with a top of \$4.10 quoted here. This is a jump of 35 cents from the end of the week. Dressed hogs were up to \$5.50

a hundred; dressed veal brought \$7.50 a hundred, top. Celery hearts are stronger at 80 cents a dozen, wholesale, and celery from California is quoted at \$2.25 a crate. Retail figure

is 10 cents per bunch. No price changes on southern produce has come since the cold snap of last week, but word of more damage by freeze in Texas and other southern sections will react upon the local market before long, it is likely.

LAKE LABISH, Feb. 13-The extrime cold weather of the past several days has put a crimp into the onion situation. The vegetables are frozen somewhat, and it may be that a week of good weather will be necessary to thaw them out sufficiently to permit topping and shipping. Some onion houses are more favorably situated than others, and the amount of time required for the onions to return to normal varies with the amount of frost. The price is at the minimum set

by the association: 50 cents per hundred, sacks and hauling furnished by the buyer. There appears to be a widespread misapprehension of the

reason for the recent disposal of

45 cars at a 30c figure. It was merely a strategic maneuver on the part of the local association; a maneuver to gain a market for the remainder of the local crop at an advanced price. The members of the association have agreed to take nothing less than 50 cents per hundred for their onions, and the 45 cars at 30c were a special concession to further the ends for the grower, and the price was effective only

for the 45 cars. Many berry plants and many flower plants were killed by the cold weather. Onlons, fortunately, are as good as ever after thawing. unlike other common vegetables.

LABISH CENTER, Feb. 13-

Four more cars of onlone are

scheduled to leave today (Tues-

day) for California markets, to

make the total of 40 cars which

have been supplied southern brok-

ers since the organization of the

growers association in January.

Three carloads remain to be sent in the first price contingent which was designed to remove 10 per cent of each grower's holdings. The four cars sent today to Portland will go south via boat.

The order has been filled by

growers who can tap now and

It is reported that a second lot

of about 15 cars may be sent soon

from warehouse storage.

Growers are still listing at 50c a cwt. although the California sales were not made at this figure. Two Social Events
