Pattern

By ANNE ADAMS

It's easy to guess why any junior would adore this frock. It has those trim, snappy lines that appeal to all young things. The yoke treatment is extremely clever with the button trimmed opening and drop shoulders to which are joined the perkliest little puffed sleeves imaginable. The collar is youthful and pleats lend vital animation to the skirt.

Pattern 2547 may be ordered only in sizes, 6, 8, 10, 12 and 14. Size 10 requires 2 1/2 yards 36 inch fabric. Illustrated step-by-step sewing instructions included with pattern.

Send 15 cents in coins or stamps (coins preferred), for this pattern. Write plainly your name, address and city. Address all mail orders to Statestman Pattern Department, 245 West 37th Street, New York City.

New Antiseptic Cuts Gargling Costs in Half!

Five Million Trial Bottles of Vicks Antiseptic Furnish Proof of Its Quality—and Its Amazing Economy!

Guaranteed By Druggists

The makers of Vicks VapoRub have produced an antiseptic which does everything that a gargle of mouth-wash can and should do—at half the usual price of other quality antiseptics. The name of this new product is Vicks Voro-tone Antiseptic.

Of course, the only real proof of its quality and amazing economy is actual use. To furnish this proof, Vicks Chemists supplied to druggists—at less than cost—5 million special trial bottles — a 25c value for 10c. These trial bottles have gone so quickly that this offer is now made:

If your druggist's supply of the trial size is exhausted, get one of the 35c bottles. Use it a week. Then, if you are not delighted with its quality, and amazing economy, your money will be refunded.

Mild Enough, Strong Enough

No extravagant claims are made for Vicks Voro-tone. It is simply the best oral antiseptic Vicks Chemists could produce — and they were aided by the chemists, bacteriologists, and pharmacologists of their 16 allied organizations here and in Europe.

They created a balanced antiseptic—mild enough to be used day in and day out without risk to delicate membranes; yet strong enough to do everything that an oral antiseptic can and should do. For All Customary Uses.

You can use Vicks Antiseptic, in your customary way, for bad breath (halitosis); as a gargle; as a mouth-wash; as an antiseptic lotion; and for all the other customary uses.

And Vicks Antiseptic has this additional unique advantage: It is born in a depression year, it is priced accordingly — saving you half. Adv.
