Benefit Program **Colorful Affair** For Tonight

It seems very safe to predict that the benefit program being given tonight at Waller under the direction of a group of the board of directors of the Philharmonic orchestra association, will be one of the most enjoyed entertainments to be presented in Salem for some time.

While the program will not be long yet it holds rare interest in its variety and distinction of numbers. Music is the keynote for the program numbers. Trio numbers will be played by two groups, each offering two numbers. One will be a piano, cello and violin, and the other will be a flute, violin and piano.

Miss Josephine Albert, contralto will sing a beautiful program as is indicated by the numbers given below. She closes her program with a delightful group of negro spirituala.

The colorful and charming three minute play being presented under the direction of Lucille Paulus comes in the center of the program and is prefaced and concluded with Mozart compositions. The play is the background for the creation of Mozart's "Requiem Mass" or that part of it which he concluded. The date is the late 1700 century just preceding the death of the composer. In need of money, ill with a malady which killed him, he receives an opportunity to write the mass which has been buzzing in his mind. His wife urges that he take the commission and the play has to do with the developments of this sitnation. The last lines of the play are spoken while the strains of the unfinished mass begin to sound from the university organ. The costumes are all in delightful keeping with the century. The complete program includes:
