

LOAN APPLICATION HOPED FOR TUESDAY

\$300 is Limit; 30 per Cent Cut in Acreage of Cash Crops is Required

Further delay in distribution of application blanks for federal seed loans has been occasioned by the fact that when 300 cases of the forms were received at the Minneapolis office of the crop production loan corporation it was discovered that a necessary note form had been omitted. Ira Hyde, northwest field representative, reported here yesterday, just returned from Minneapolis.

Hope now is that the complete application forms will be available here next Tuesday. Notice of their arrival will be given through the press, Mr. Hyde stated.

The 1933 loans will be made for cash crop seed, fertilizer, spray, food for farm workstock and tractor fuel but not for purchase of machinery, livestock or payment of taxes, debts or interest.

The maximum loan this year will be \$300. No loan exceeding \$100 will be made to any farmer who is in arrears on two or more previous seed loans. Notes are due October 31. The average loan last year was \$126.

In obtaining a seed loan this year, farmers will be required to agree to reduce their acreage in "cash crops" by 30 per cent, to plant a garden for home use and feed crops to supply their livestock.

The Salem chamber of commerce and county court plan, if possible, to notify farmers when their applications have been approved by both the local committee and the Portland seed loan office. This approval, however, will not insure that a loan will be granted. P. H. Bell has agreed to serve as advisor with the Salem loan approval committee which consists of D. W. Eyre, Roy S. Melson and S. H. Van Trump.

Severe penalties are provided in the congressional seed loan resolution, passed last February 4, for violation of the measure's requirements.

NEW CRUISER COMMISSIONED

For the first time, Old Glory floats proudly over the U.S.S. Portland, newest of Uncle Sam's 10,000-ton treaty cruisers, following the ceremonies which commissioned the doughty sea-fighter as a member of the United States Navy in good standing. The commissioning took place at Charlestown, Mass., Navy Yard before a distinguished gathering of naval dignitaries. Inset is Captain H. F. Leary, who is commander of the new vessel.

BANKING SAFEGUARD MEASURE IS VOTED

(Continued from page 1)
9:30 a. m. At this conference the bankers will discuss what action they wish to pursue next week when the existing legal holidays are ended.

Bankers here in conference yesterday differed on the policies which should be pursued in the state hereafter. Some bankers wish uniform withdrawal restrictions imposed on all banks with perhaps a difference in withdrawal rates made between commercial and savings deposits. Other bankers declared that there was no financial stringency in their communities and these leaders are expected today to urge that no general restrictions be placed upon banking and that only such banks as must restrict deposits, be compelled to do so.

H. B. 567 was passed by the state senate at 4:30 p. m. Friday, 29 senators voting aye, one absent. Efforts were made by Senator Zimmerman to provide that a stated rate of interest be paid to all depositors and that the bill be amended to include a provision that the governor could declare, at his discretion, a moratorium on court enforcement of all debt obligations.

Suggestions will be put in separate bills. The senator who withdrew his amendments when he was assured by Senator Corbett that the pending bill should be passed as written to dovetail with national legislation. Senator Corbett said he would incorporate Zimmerman's proposals, or variations of them, in another bill to be introduced later.

Senator Williamson spoke for the bill, declaring there was a crisis in the state and that a time existed when every one should bear and forbear. Williamson said he thought very few banks in the state would need to exercise the privileges given under the plan.

Senator Tipton pushed the bill along by rapid-fire parliamentary procedure in which paragraphs were quickly adopted with minor amendments in committee of the whole and the rules were suspended to permit immediate passage.

The measure passed the house Friday morning in half an hour. Representative Snedcor spoke for the bill. Representative Hilton said he favored the general idea, but thought a moratorium on debts should be included along with other amendments. On the final vote the count was 47 ayes, nine nays, four members absent.

VISITED WOUNDED MAYOR

Governor Henry Horner of Illinois is pictured on his arrival at Miami, Fla., following a hurried dash from Chicago to the bedside of Mayor Anton Cermak of Chicago. The Governor was permitted to see Mayor Cermak, who though still in a serious condition, is believed to be making headway in his fight against the effects of the wound he sustained when an assassin attempted the life of President-elect Roosevelt.

McMINNVILLE TOPS PARRISH, 35 TO 27

McMinnville junior high school hoopsters tied up the series with Parrish junior high by winning 25 to 27 on McMinnville's floor Friday night, thus leaving the junior high championship of Oregon unsettled, in which status it will presumably remain as there have been no plans for a third game.

Farrish found the going tough, but overcame a five-point margin in the third quarter to tie the score at 25-all as the last period opened. Handicapped by the loss of Salstrom who went out on fouls, Parrish made only two points in the last period and McMinnville pulled far ahead. Fourteen fouls were called on Parrish, ten on McMinnville.

Summary:
McMinnville Parrish
Blinnkingsopp 4 11 Salstrom
Eddy 16 6 Quesseth
Mabee 12 5 Brown
Jones 3 3 Curry
Celias 3 2 Johnson
Referee, Kaseberg.

Hunger March in Astoria Demands Extensive Relief

ASTORIA, Ore., March 3.—(AP)—A group of about 200 hunger marchers paraded through the city today and assembled in front of the courthouse.

The parade was headed by an American flag, in accordance with a city ordinance, and by a banner which said "Join the Communist Party." There was no disorder.

A committee of marchers presented a long list of demands including immediate cash relief and a moratorium on mortgage foreclosures; free medical service, unemployment insurance and supervision of relief work by a workers' committee.

Lobby Program By Indian Girls Highly Popular

The only unfavorable comment heard concerning the lobby program at the Y. M. C. A. last night after its finish was that it "wasn't long enough." It appears to be a growing custom that a "full house" attends each of these popular weekly programs and last night was no exception.

The program was furnished by girls from the Indian school and was for the most part musical. A few readings were given. Although it was expected that they would do so the girls did not appear in native costume.

Sale Postponed—Two sheriff's sales on foreclosures, slated for this morning, have been postponed until Monday morning at 10 o'clock, on account of the special legal holiday.

WAR IS DECLARED ASUNCION, Paraguay, March 3.—(AP)—The senate tonight by a unanimous vote approved a formal declaration of war against Bolivia in the border dispute in the Gran Chaco.

SILVERTON, March 4.—The Salem DeMolays will be special guests of the home lodge of the Masons order here at the latter's regular meeting to be held March 5. The hosts will exemplify the DeMolay degree. Fred Thumberg is worshipful master of the Silvertown group.

Mae Clarke, plays the principal feminine role in the dramatic film "As the Devil Commands," one of the two feature pictures to be seen on the double bill program opening at the Capitol today. The film depicts a dramatic story, that of a ruthless lawyer who attempts to commit a perfect crime, and then to get a rival out of the way by having him convicted of the slaying. Alan Dinehart has the role of the lawyer, while Neil Hamilton appears as the romantic lead.

Over 1000 head of cattle in a wild stampede is one of the thrilling action sequences in "The Big Stampede," the second feature picture to be shown on the program. It is a story of the early days in the colonization of New Mexico when law and order was struggling against the rustling cattle barons who ruled the land with gun play. John Wayne plays the part of a young deputy marshal sent out to clean up things.

Unlimited Coinage Gold, Silver Urged

The state senate Friday adopted a memorial introduced by Senators Dickson and Zimmerman urging congress to provide by law for the unlimited coinage of gold and silver into primary money at a ratio so determined as to restore or reestablish a bi-metallic system. The memorial was reported out by the resolutions committee after more than a week of study.

storm-slashed day when Hoover was inaugurated four years ago.

The president and Mrs. Hoover wished the newcomers to the White House well, when in the late afternoon Mr. and Mrs. Roosevelt—accompanied by their son, James, and his wife—paid a formal call of respect at the executive mansion.

Accompanied by secret service and police guard, the Roosevelt party had their first real glimpse of the extensive court of honor erected for them in front of the mansion when their car arrived there.

MORTGAGE RELIEF PLEA OF GOVERNOR

remedial legislation which will make it possible to protect our farmers and home owners.

"I therefore recommend that you enact a law which will place in the banking board the same power and authority to regulate, and if necessary suspend, mortgage foreclosures and other oppressive proceedings taken by creditors which unnecessarily or improperly oppress the debtor. By placing this authority in the same board as governs the banking situation, the two can be worked out and carried on by the same officials."

The request is expected to be provided for in a special bill to be introduced today. Senator Corbett in the senate debate Friday on banking legislation indicated he favored legislation for debtors and would see that a bill providing for it was introduced.

TITING MEASURE PASSED BY HOUSE

(Continued from page 1)
speaking against the bill, said that the colleges of the state had already been so humiliated that there is scarcely a boy or girl in Oregon who wants to attend and that they were being driven to California and Washington or to sea.

Representative Huntington, former football coach at the university, opposed the bill on the ground that revenue had been drastically reduced since 1921 in the face of increased enrollment.

Banking Code Bill Signed by Meier

Governor Meier Friday signed senate bill 77, introduced by Senator Williamson, and known as the state banking code. The measure increases the personnel of the state banking board, and provides for a more simplified system of bank liquidation. Fifty-two other bills also were signed by Governor Meier.

Mickey Mouse NOTES

If the weather hasn't changed by the time you're reading this—then spring is here.

M. M. C.
"Togo" McLaughlin had quite a large turn out last Saturday of those who wanted to be in the Mickey Mouse band.

If you would like to be in it—be at the Elsinore this morning at 10 o'clock. You don't have to be able to play or own an instrument. If I were you I'd come.

M. M. C.
Now I'm sure "Boots" is crazy. He doesn't work jig saw puzzles.

M. M. C.
So many people want to know what they should write in about—so here it is.

Who you would like on the programs.
What you don't like on the programs.
To find out if you have a twin. (please give your birthday).
And almost anything else you want to know.

M. M. C.
Special numbers on the program today are Nona Woodry, and Eugene Sewell.

M. M. C.
Uncle Churchmouse says, "Ignorance o' the law is no excuse. Anybody ought t' be able t' remember two or three million laws."

M. M. C.
Jack Hoxie in "Gold" is the special picture today.

M. M. C.
I haven't anything more to say right now, so I'll quit.

Reversing Bench Positions Here, Object of Bill

If made into a law a bill introduced in the senate yesterday would transpose the positions held by Judge L. H. McMahan and Judge L. G. Lewelling of the third judicial district circuit court.

The present law provides that department number 1, the law division, shall be presided over by the judge who has been longest in service, which in this case is Judge McMahan, while the equity division, department 2, is at present underneath the jurisdiction of Judge Lewelling. The proposed law would reverse the situation.

More Time Given To Finish Work, Get U. S. Funds

PORTLAND, Ore., March 3.—(AP)—W. H. Lynch, district engineer of the bureau of public roads today received official notification that the agricultural appropriation act for 1934, approved today, carried an amendment making the emergency federal aid fund available to cover the state's share of the cost of work done before January 1, 1934.

This will give the states additional time to initiate new emergency work under the federal aid system, extending the time of completion of the emergency program from July 1, 1933 to January 1, 1934.
