1000 Heads of Families to Be Employed in County; Pay is \$1.50 Daily

No man in Marion county need be without sufficient work to provide himself and his family a living. Roy Nelson, county commissioner and a member of the relief committee, announced yesterday.

Under plans now formed, at least 1000 men will be employed daily by the county. Heads of families will receive at least six days' work every other week. Payment will be made at the rate of 50 cents daily in cash and \$1 daily in a county order payable in groceries.

Workers may trade their orders for groceries at any grocery store in the county or they may secure groceries at cost prices at any one of the county commissaries which are being run at Salem, Stayton, Woodburn and Silverton.

Daily Cost to be \$750

Nelson estimates that the daily cost to the relief funds will be \$750. The bulk of the money comes to the county from the R. F. C. which thus far has appropriated \$32,000 for relief here and of this has paid \$4000.

All the men are doing road work in the county, leaving daily for various points in county owned or county hired trucks.

Men receive their listing for jobs through the Red Cross headquarters and report for duty at the employment office conducted by Wm. Dotson on Front street.

All of the relief moneys received by the county must go for wages. The county court plans to provide materials for road work out of its regular road funds.

Strait Relief to be Less

Aside from dependents where no able-bodied man is in the family, all relief employment and funds hereafter will go on a work basis, the county court relief committee planning to reduce materially the issuance of requisitions from Red Cross headquarters.

Word has been received from Ft. Pierce, Fla., by Mrs. G. F. Korinek of the death of Mrs. R. D. Hoke. A note from Mrs. Hoke's daughter says "mother was instantly killed Thursday evening, when the Ford was struck from the rear by a car driven by a drunken negro. Dad got out with bruises, I was not there at the time, but was brought back shortly after by friends. Thank God it was instant, as she was horribly hurt."

The Hoke's were residents of Stayton until about four years ago, when they returned to Florida, their former home. Mr. Hoke was the first "process man" at the Stayton cannery, moving here from Medford, Oregon, to take charge of that work. The family made many friends here. Mrs. Hoke was an accomplished pianist, and was always ready to take part in any affair where her services were needed.

While living here she was severely injured at Corvallis when the family were enroute to Newport. She was often heard to remark after that, "that some day the end would come for her in an auto accident. Mr. Hoke was at one time in charge of the cannery at Vancouver, Washington.

Besides her husband and daughter, in Florida, Mrs. Hoke is survived by a son, Eugene Hoke, of Sheridan, Ore., and a grandson also of that place. Mrs. Hoke has hosts of friends here, who will indeed be grieved to learn of her death.
