Ted Macomber, who also pleaded guilty to a charge of assault with intent to rob got a suspended sentence. He is required to leave the state within seven days and must report to the district attorney at regular intervals during a period of three years.

George Arrell, Independence fireman who admitted setting fires in Independence, was sentenced to three years in the penitentiary and placed on probation to District Attorney Barnhart for a period of five years.

Harold Sorg and Cy Craber, who pleaded guilty to the same charge as Arrell, both received postponed sentences. In case either of them becomes involved in any further trouble they will be taken before the court and sentence pronounced on this charge.
