

FISHERMEN CAN'T DRIVE TO VALSETZ

DALLAS, April 14 — According to word received here Thursday it will be impossible for fishermen to get into the Valsetz country by going over the road. Jack Hayes and Dr. H. D. Peterson attempted to reach Valsetz Wednesday in order to make sure that the road would be open for the opening day of the fishing season but found that they could not reach Cold Springs due to snow.

They reported that from approximately a mile this side of Cold Springs on past the springs the road was covered by a coat of snow varying from two to six feet deep. It is probable that fishermen will be able to reach Valsetz by taking the train from Independence but it is not known here whether or not the train is going through or not.

Indications here show that the LaCreole will probably be too high for good fishing due to the snow melting in the mountains. Despite this it is expected that several parties will try their luck in this stream, above the county rock stream.

BEER SALES SLOW AS SUPPLY SCANT

Inability to obtain beer supplies from wholesalers in sufficient quantities to meet local demands has slowed down sales in Salem, materially, local dealers report. Sales have been going on steadily here, despite a city ordinance preventing beer's sale, dealers relying on a temporary injunction from circuit court here prohibiting city officials from enforcing the beer ordinance.

Beer which has been obtained has been largely in bottles which retail at 15 cents. Some beer has come in kegs and has been sold at 10 cents a glass.

Brewers and distributors in Portland are reported far behind in meeting their orders.

Last Card Party Will be Tonight

SILVERTON, April 14.—Saturday night marks the final card party in a series of four sponsored by members of the Neighbors of Woodcraft lodge. A grand prize will be presented at the close of the card-playing. In charge of the affair are Mrs. Lulu Seeley, Mrs. Charles Benson and Mrs. Bert Green.

Commercial Club At Silvertown to Fete Cherrians

SILVERTON, April 14.—The chamber of commerce at Silvertown will be hosts to the Salem Cherrians at a banquet in the army dining rooms April 19, served by the American legion auxiliary. The committee in charge is composed of Mrs. D. A. Barber, Mrs. M. G. Gundersen and Mrs. Jane Cunningham. Mrs. George Towe will be in charge of the dining room.

McNeil New Head Of Lincoln P.T.A.

The Lincoln school Parent-Teacher association met Thursday night and elected J. McNeil as president to succeed F. J. A. Boehringer. Dr. L. E. Barrick was elected vice-president, Mrs. T. C. Eates, secretary and Elmore E. Hill, treasurer. Addresses were given by R. J. Maaske, assistant state superintendent of public schools, and Grace Fallin, Lincoln first grade teacher. Mrs. Mildred Wyatt of the Lincoln faculty led the group in singing.

OREGON MEN TO BE SENT INTO FOREST

(Continued from page 1)

gon has been allocated 2,000 men and Washington 3,500 to be employed on state lands in accordance with President Roosevelt's program to put 250,000 men to work on forest projects. Besides these a number of men, undetermined as yet, will be put to work in national parks and Indian reservations of the two states and in the Oregon-California land grant lands in Oregon.

The indications were that all men for these projects will be chosen from residents of the two states, and the belief grew definitely here tonight that no men would be shipped in from outside states.

The first quota for the national forests will be 2,500 men, to be sent out in groups of about 200 to a camp in each of five Washington forests and seven Oregon forests. All of these are located west of the Cascades except two, the Colville National forest in Washington, and the Deschutes in Oregon.

BLOSSOM DAY PLAN TOLD BY CHERRIANS

(Continued from page 1)

Strawberry fair by invitation. They participated in the strawberry celebration there last summer.

Arrangements were projected last night to plant 300 Japanese cherry trees along the Pacific highway north of Salem with the aid of the state highway department. The trees, noted for their spring blossoms, are offered the Cherrians by the McGill Nursery company, Portland.

Cooperating in the observance of national music week, the cherrians will serve as ushers at the armory for the music week programs, it was decided.

The new members were introduced by James Humphrey and O. D. Olson. William Schmitt was appointed chairman of the membership committee for the next two months.

Mourning Over Christ's Death Noted in Rome

ROME, April 14. — (AP) — Sombre black and purple coverings hid the statues and crucifixes in Rome's 400 churches tonight and the priceless works of art in St. Peter's. The Roman Catholic world mourned the death of Christ.

Auto Park Being Cleaned Up for Tourists Coming

A few tourists have sought accommodation at the municipal auto camp here but such calls are still scattering, according to Superintendent Henry S. Palsal, who yesterday was busy with his assistant, J. M. Baker, refitting the 12 cabins at the park. Walls of the cabins are being cleaned and furnishings renovated. About the grounds, the winter's accumulation of debris is being raked and burned.

Mr. Palsal said he did not expect any sizeable influx of tourists for several weeks yet and, accordingly, would not open the camp to the public until it is in ship shape.

Driver of School Bus Fails to Stop

Hurrying to deliver a Gervais school bus load of players to a baseball game yesterday afternoon, James Harold Tumbelson failed to stop the machine at the mainline Southern Pacific railway crossing on Portland road, a state policeman charged in a complaint filed here. Tumbelson was cited to appear in Salem justice court one week from today.

Mickey Mouse NOTES

Starting off with last week's program—It's worth mention first — Mildred Heckinger, Nona Woody, George Fowler, Curt Williams, and Boots, and M.M.C.

Special mention for little Colleen, (from Barbara Barnes), and to Chuck Bier. They both stole the show. M.M.C.

But wait till you see the parade of hits that we've got arranged for this affair — M.M.C.

Get down to the Capitol theatre by 9:30—this morning—if you're going to attend the special egg matinee. M.M.C.

"Riders of the Purple Sage", for the special feature today. M.M.C.

The reason there ain't so much counterfeited money being passed around is that—there ain't no real currency around to copy from. M.M.C.

The drawing contest for the children's group was won by Jean Hoss, and she surely drew a characteristic picture. M.M.C.

Well, well, well, Marion Draper got a new title. M.M.C.

Togo is still taking new members in his hand—so if you'd like to be in it—see him this afternoon. M.M.C.

You know I never tell anything but the truth — we're going to have a swell time today. M.M.C.

So long, ZOLLIE.

Few Grade Pupils Found Likely to Take Diphtheria

Twenty-five of 136 Salem school pupils tested last week by health department workers proved susceptible to diphtheria, Dr. Vernon A. Douglas, county health officer, reported yesterday. The pupils, most of whom had previously received immunization treatments, were given the Schick tests to determine whether or not the treatments had taken effect.

Results of the tests were "about as expected," said Dr. Douglas, considering the fact that a few of the children had never been immunized. Toxoid immunization for diphtheria is approximately 95 per cent and toxin antitoxin 80 to 85 per cent efficient.

EXTENSIVE WORK PLAN TAKES FORM

(Continued from page 1)

velt exchanged views on it with Senators Wagner and Costigan, democrats, and LaFollette and Cutting, republicans. Their talk embraced possibility of limiting working hours and setting a minimum wage law within the constitutional limits, some members of congress having instituted a study in the latter direction.

Judgment is being reserved at the White House until the findings can be ascertained; but the president was described in quarters that should know as favoring federal preservation of wage levels to the extent the constitution allows.

He and his aides have virtually completed the bond issue feature of the forthcoming bill. The secretary of labor, Miss Frances Perkins, believes the minimum wage aspect "feasible" and also is looking further into it.

DIVERSION OF ROAD FUND IS PROTESTED

bor, business and industry and results in permanent useful improvement paying good return on investment. We advise and urge that you make liberal and early provision of both regular and emergency federal funds in the administration public works program for continuance of road building work through already organized and functioning federal and state road building agencies."

Similar telegrams recently were sent to Oregon's delegation in congress by Leslie M. Scott, chairman of the state highway commission. Replies to these telegrams indicated that Oregon's delegation in congress was alert to the situation, and already had taken action to have the federal aid funds reinstated.

RED CROSS GIVES \$14,500 IN GOODS

The American Red Cross has contributed food and clothing to the relief cause in Marion county to the value of more than \$14,500 during the past year, Miss Alida J. Bigelow, state field representative, told members of the local R. F. C. committee at a luncheon here Thursday.

In commodities, the Red Cross has sent here 1590 barrels of flour, 28,203 yards of cloth, 475 finished garments and 204 dozen sweaters. Through the 2605 chapters in the United States, the or-

294 ARRESTS MADE BY STATE POLICE

State police participated in 294 arrests for traffic violations during the month of March, with fines aggregating \$3814, according to a statement issued here yesterday by Charles P. Pray, superintendent of state police. Delinquent fees were collected in the amount of \$1379.83.

Thirty-four of these arrests were in connection with reckless driving, while in 37 cases the cars were equipped with switched license plates. Twenty-nine persons were arrested for driving cars while intoxicated.

There were 298 arrests in the general law enforcement division of the state police department. Fines imposed aggregated \$3970. Twenty-three defendants were acquitted and 84 cases are now pending in the courts. In 14 cases the persons arrested were held for other law enforcement departments.

The officers investigated 230 complaints, of which number 72 were cleared.

ELKS GOLFERS ARE URGED TO QUALIFY

Those in charge of the Elks' golf tournament are urging members who plan to participate, to play the qualifying round as soon as possible, preferably tomorrow.

One other activity planned on the Salem Golf club course Sunday is a "2.2" sweepstakes, the exact nature of which has not been announced.

Warm weather recently has made mowing of the fairways necessary, and playing conditions on the fairways which have been mowed are much improved. Top dressing of the second nine has been completed.

INSANE BILL TOO HIGH, COURT SAYS

Marion county yesterday forwarded \$1929 to the state treasury as payment for the keeping of its insane for the first three months of 1933, a deduction of \$1596 from the bill of about \$3,500 rendered by the state for the three months' period.

The county court holds the state has grossly overcharged the county, in assessing costs of patients who never were legal residents of the county. Members of the court pointed out yesterday that in many instances persons were committed from Salem to the hospital to save the costs of sending a person back to a committing county which had prepared incorrect commitment papers.

The Marion county court holds that it will pay only for patients who were legal residents of this county when committed to the state hospital. Under existing state laws, non-violent insane who have no resources of their own or of their relatives to pay their hospitalization, must be paid for by the committing counties at the rate of \$20 a patient a month.

Bonus March Vote Main Business of Legion on Monday

Hearing the plea of the Workers' Ex-Service Men's league for support of this summer's "bonus march" upon Washington, D. C., appears to be the chief business to come up at Monday night's session of Capital post, American legion, at Fraternal temple, Commander Allan G. Carson said last night. Although the Oregon department of the legion has officially disapproved of another "bonus march", it is doubtful if Capital post will take a stand either for or against the movement.

There will be no entertainment at this meeting.

NO EXTRA FARE ON THE FAMOUS CASCADE Effective April 16

Fast schedule will be maintained and superb service and equipment but extra fare charge of \$3 will be removed.
