### Drama-Spectacle of Show World big Attraction; Warner Baxter Star

"42nd Street," a dramatic spectacle of the American theatre, as wide as show business in scope, which Warner Bros. presents at the Elsinore theatre tomorrow, carries a scintillating all-star cast of 11 stars, beside featured actors of note, a picked chorus of 150 beautiful girls and hundreds of extras.

The cast is headed by Warner Baxter, the star of "Six Hours To Live," "Cisco Kid," "Daddy Long Legs," and many other hits, and Bobe Daniels, of "Silver Dollar," "Rio Rita," and "Dixiana" fame. Ruby Keeler, wife of Al Jolson, and the Ziegfeld star of "Show Girl" makes her picture bow as the ingenue of "42nd Street."

George Brent, Una Merkel, Guy Kibbee, Ned Sparks, Dick Powell, Ginger Rogers and Allen Jenkins, all well known both on stage and screen, complete the star cast.

Other important featured players include such well known names as Henry B. Walthall, Edward J. Nugent, Harry West, Eric Nordstrom, Robert McWade, George E. Stone, and Al Dubin and Harry Warren, the song writers, who both wrote the song hits for the picture and played the roles of the song writers for the production which "42nd Street" revolves.

# Show Within Show Comes to Town

# 'KING KONG' COMES SOON TO ELSINORE

Never has beauty had such an amazing champion as the beast which fights for Fay Wray in RKO-Radio Pictures' "King Kong," coming attraction at the Elsinore theatre.

In this sensational film is an ape 60 feet tall—taller than the jungle trees in which he places her while he protects her, in ferocious combat, from weird and huge dinosaurs and a pterodactyl, a winged horror that tries to steal her.

But the terrors that beset the girl and Robert Armstrong and Bruce Cabot, in the jungle, are magnified when they take the great ape to New York.

# 'SAILOR'S LUCK' IS AT GRAND THEATRE

### James Dunn and Sally Eilers Prove Again They Lead As Romantic Team

In "Sailor's Luck," the new Fox film that opened at the Grand theatre today, James Dunn and Sally Eilers prove once again that they are the most vivid romantic team on the screen. The promise they gave in "Bad Girl," the picture that lifted them both to the cinematic skies is fulfilled in generous measure by their joint performance in "Sailor's Luck."

Dunn plays the role of a happy-go-lucky gob, always ready to fight but always naive in the ways of the world. Sally Eilers, as the girl who is responsible for it all, is the perfect foil. They meet quite accidentally, as is usually the case with a gob and a girl, and from then on the action is hectic and hilarious. Dunn presents the attitude that other screen players miss. Eilers, but the girl happens to be the kind that provokes attention. She just can't help it. After a series of mis-adventures, and a separation provided by both the United States navy and a quarrel of their own, the two are reunited in a climax of rare entertainment.

The theme of "Sailor's Luck" and the pace with which it has been produced make it an exhilarating film. Dunn and Miss Eilers are two of the screen's most natural actors. Sammy Cohen, whom everyone must fondly remember as the comedian of "What Price Glory," plays the principal comic role. And here's a comedian who is really funny!

# Beautiful New Edifice For Woodburn Catholics To be Finished by Fall

WOODBURN, April 15.—Plans for the new St. Luke's Catholic church have been completed and according to Rev. J. E. Rubis, pastor of the church, construction will commence as soon as the present church building can be torn down and removed. The new church will be a beautiful structure of Roman architecture and will seat 800 people without crowding and will stand on the site of the present church facing Harrison street.

Additional property has been purchased from the Scollard estate adjoining the site on the west, making it possible to build a larger structure and allows ample space for a paved driveway on the west side of the building. The church will measure 137 feet in length and 60 feet wide except at the transepts, each of which will add 14 feet and will make that part of the church 78 feet wide.

The largest window which is to be placed above the main front door will measure 8 1/2 feet across, it was given to the church by Mr. and Mrs. N. Serres; there will be 24 windows of colored glass to harmonize with the large one. There will be a choir loft and rear balcony the same size as the vestibule which will accommodate approximately 100 persons. Two balconies will be placed nearer the front of the auditorium.

Father Rubis designed the main auditorium of the church which will be fitted with five exits for emergency cases.

There are three aisles from the vestibule to the altar, the center aisle will be six feet in width and the two side aisles 5 feet 10 inches. There will be two double confessionals, a quiet room enclosed in glass for the convenience of mothers with babies, attending services. A sanctuary 26 feet wide and 30 feet deep, a vestry for boys in the extreme northwest corner of the building and the vestry for the priest in the northeast corner. Each vestry will measure 16 by 21 1/2 feet. The roof of the building will be of copper, a tolling apparatus to use with the bell and the bell itself will rest on iron arms that are thrust out directly from the walls of the bell tower. The church is to be equipped with a furnace and system of fans that will assure the rapid passage of air through pipes in different parts of the church.

The altar and 14 stations now being used, will be saved and placed in the new structure. The exact cost of the church has not been estimated as a great deal of the labor will be volunteer help. The parish has been saving money for several years for the purpose of building until the new church is ready for use which presumably will be some time next fall, Sunday masses will be held in St. Luke's community hall, and week-day masses will be held in the chapel of St. Benedict's school.
