

HEALTH GROUP WILL HOLD ANNUAL MEET

The annual meeting and election of the Marion county public health association will be held at a noon luncheon here May 3, Dr. David B. Hill, president, announced. At that time the program for the coming year and work of the health department will be discussed.

Dr. Hill declared that the efficiency of the county health department would be seriously impaired at a time its service is most needed if appropriations for its support are reduced. He pointed out that last year the department voluntarily took a 20 percent budget cut from its supporting bodies, the county court, Salem and other school districts and municipalities.

"I believe that 90 percent of the people recognize the value of the health work but they don't turn out when the budget is being considered," Dr. Hill said.
