

## DOLLAR TAMPERING DISASTROUS, SAYS

W. C. Hawley Back Home;  
To Write Book, Probably  
Of Experiences

"Tampering with the base of the dollar and issuing currency with no means of redemption will bring disaster to everyone in the long run," opined W. C. Hawley, former congressman, when interviewed yesterday on his views of proposed currency inflation.

"Plans for controlled inflation must always be subject to the demand of party politics. Experiments with inflation in Europe prove that easy money means destruction," Hawley averred.

The former congressman, busy with occupying his home on Oak street, stopped to add that more currency could at present be issued by the United States without impairing the value of the dollar because the gold on hand had not been used fully as a currency base.

Mr. Hawley said Monday he would devote much of his time in the immediate future to writing a book, dealing presumably with phases of his long political experience in congress. His experience as a tariff writer and his service as chairman of the ways and means committee is thought to have fitted the congressman for such service.

The congressman who left Salem in 1907 to serve his first term seemed pleased to be home. "People and life have been very good to me," he stated. Mr. Hawley is 69 years old. Before going to congress where he served continuously for a quarter of a century, he was first professor of history in, then president of, Willamette university.

## GOOD COOKS ALL!

Julia Lee Wright, director Safeway Stores Homemakers bureau, in her office, with the cooking school instructors. Salem school runs three days this week at the armory, starting Wednesday afternoon.

## Cooking School Will Open Tomorrow; Everything is Ready for First Program

Tomorrow the cooking school which Salem women are looking forward to, will start in the armory at 2 o'clock. Doors will open at 1 p. m. Last minute preparations are being pushed to have everything in readiness for the event. Electric ranges are being installed, electric refrigerator, and all the accoutrements of a modern kitchen. The instructor will be Mrs. Marian Spencer. Salem women are fortunate in having the opportunity of seeing and hearing Mrs. Spencer, for she does outstanding work in this line.

Mrs. Spencer comes from the Safeway Stores Homemakers' bureau, and so has had the benefit of the counsel of Mrs. Julia Lee Wright, the director of the bureau, which is presenting the Salem school for the second time. Hundreds of these schools have been held in western cities last year and this, and Salem women remember with pleasure the school last year. Expectations are that the one this year will greatly surpass the previous record.

"Bring a pencil and a friend," is the slogan adopted by Mrs. Spencer, as she prepares for the modernized cooking school which will be conducted in the armory from 2 until 4: p. m. each day. The doors, she also announces, will be open each day at 1 o'clock. "All shopping for food products to be used at the classes, I shall do in Salem in person," says Mrs. Spencer, "and the three days of

Contract for Tuition

Five directors for a county high school board are to be selected at the annual school meetings to be held throughout the county Monday, June 19. ## DAIRY PRODUCTS UP ABNORMALLY, NOTED

CORVALLIS, Ore., April 24.—

(AP)—Effects of currency manipulation were reflected in the dairy products market during the past week as butter prices displayed unusual strength in mounting to new high points for the season, contrary to the normal trend at this time of year, it was stated in a review issued today by the U. S. D. A. bureau of agricultural economics cooperating with the O. C. extension service.

Speculative interest became more active through the east than for some time, carrying both the cash and futures markets to sharp advances as dealers hurried to replenish depleted stocks. At Chicago, November storage standards closed at 22 1/2 cents compared with 18 1/2 cents a week ago and 15 1/2 cents a year ago.

Oregon butter prices normally decline rather sharply during the latter part of March and through April and May. Now prices have just advanced to 23 to 24 cents for top grade, which is 2 cents above a month ago and 1 cent higher than a year ago.
