Speaking for the health work, Dr. Vernon A. Douglas, county health officer, told the school directors a reduction would "make it difficult for us to carry the load it difficult for us to carry the load when it is greater now than it has ever been before." The department now is operating on a bed rock budget, he said, pointing to elim-ination the past year of deputy health officer, dentist, nursing su-pervisor and sanitary inspector. Swimming Classes Swimming Classes Eliminated Entirely The directors, following a de-

cision made at a previous meeting, cut \$297.50 from librarian salary expense and eliminated the \$1200 item for swimming classes at the Y. M. C. A.

Making the salary reduction principle universal, the directors agreed upon cutting janitor ex-pense 5 per cent, or \$798.

.On all items of "fixed expense" excepting debt service, small reductions were made. Mounting interest payments on school war-arnts made it necessary to appropriate \$1000 more in 1933-34 than in 1932-33 for this expense. As soon as the school directors

have finally determined on what they believe to be a suitable bud-get, they will call in the usual citizens' committee for that body's

action on the budget.

SOUTHERNERS HIT

WASHINGTON, April 25-(AP) -Representative Smith (D., Va.) said tonight he would demand tomorrow from the floor of the house that Judge James A. Low-ell of Boston be impeached for freeing George Crawford, negro, wanted in Virginia on murder charges.

Smith's announcement followed close on the introduction in the house of a resolution by Representatives Dies (D., Tex.) to abolish Lowell's judgeship.

In making the announcement, Smith made public the text of a resolution that he plans to offer tomorrow to authorize the house judiciary committee to determine whether Lowell "has been guilty of any high crime or misdemeanor."

A \$5000 fund would be authorized for carrying out the purposes of the resolution.

Lowell, at Boston yesterday, re-leased Crawford on a writ of habeas corpus on the ground that negroes do not serve on juries in Virginia and that any conviction obtained against him there could be reversed by the United States supreme court.

Lowell, the Dies resolution said, "flagrantly violated his oath of office" when he refused to permit the return of Crawford to Virginia to answer for the slaying of Mrs. Agnes Boeing Ilsiey, wealthy sportswoman of Middleburg and Milwaukee, and her maid, Nina

Buckner. Governor Ely of Massachusetts already had granted Virginia the right to take the prisoner back for trial.
