The light committee decided on this plan of economy lighting after considering removal of lights . in alternate blocks, candle power reductions and the now wide-publicized "moonlight saving" scheme. The new plan will save the city \$9000 in a year's time, the light committee estimates. For 1933 the council appropriat-

Much sympathy is felt for Dickie Moore, as Oliver. This is particularly so in the situation where he is found by the crooks and taken from the fine home to which he had been taken to help them rob it. Sympathy, too, is felt for Doris Lloyd, who, although the wife of the gang leader, was very much attached to Dickie Moore and bemoaned the fact that he was in such bad company, even risking her life to free him from the gang's clutches.
