Snow is Deeper—Spring measurements completed by C. E. Stricklin, state engineer, show a considerably greater depth of snow this year than in 1932. The water content of the snow is virtually the same as last year except in southeastern Oregon where it is less. Stricklin reported. Stricklin declared that prospects were favorable for a summer run off as good as that of last summer. He said heavy warm rains would bring the major part of the snow downstream in the form of floods.

Receives Maple Syrup—Mrs. Mary L. Fulkerson, county school superintendent received a box marked fragile yesterday but explained quickly that it contained maple syrup, not 3.2 non-intoxicating beer. The maple syrup is a gift from Mrs. Fulkerson's cousin, Mrs. R. L. Denton of Cardon, O. There on a visit in 1930, Mrs. Fulkerson was entertained at a maple sugar festival where neighbors gathered at the sugar "bush" to help one another in their spring sugar making.

NEW TIRE SAVES LIVES

REMARKABLE NEW INVENTION MAKES SAFEST TIRE EVER BUILT 3 TIMES SAFER FROM BLOW-OUTS

NO EXTRA COST TO PUBLIC

THIS is the story of an invention that will save thousands of lives... maybe your life... and prevent thousands of those accidents that maim and cripple people.

When your speedometer reads 40, 50, 60 and 70—mile after mile... the heat inside the tire becomes terrific. Rubber and fabric begin to separate. A blister starts... and grows. Like an insidious tumor it gets bigger and bigger... Until BANG! A blow-out! And a terrible drag sets in... Like some unseen monster pulling your car off the highway!

How it prevents blow-outs

To protect you from blow-outs, every new Goodrich Safety Silvertown Tire has the amazing Life-Saver Golden Ply. This new invention resists terrific heat—rubber and fabric don't separate. Thus blisters don't form inside the tire. Blow-outs are prevented by overcoming the very cause of blow-outs before they start.

At grueling speeds on the world's fastest track, the new Goodrich Safety Silvertown, with the Life-Saver Golden Ply, lasted 3 times as long as first quality tires that did not have this feature. These SILVERTOWNS never blew. They were run till the tread was gone... but the Life-Saver Golden Ply refused to give!

Safest anti-skid tread

And that isn't all. Scientific tests with leading makes of tires prove that the Goodrich Safety Silvertown has the most skid-resisting tread on the road. Its squeeze-drying action gives you an extra road-grip, and reduces danger of skidding to a minimum.

Get this Silvertown Tire on your car. Remember, it costs not a penny more than any other standard tire.

Right Now! LOWEST PRICES IN HISTORY
No extra charge for Life-saver GOLDEN PLY

GOODRICH SILVERTOWN BLOW-OUT PROTECTION IS FREE

Heat generated by internal friction separates rubber and fabric—starts those insidious "blisters", the common cause of blow-outs.

FREE! This handsome Safety League emblem with red crystal reflector to protect you if your tail light goes out. No obligation—nothing to buy. Just join Silvertown Safety League at your Goodrich dealer. Traffic officials endorse Safety League membership.
