Farm Labors Held Up by Long Rains; Lichty Sets Hops

CENTRAL HOWELL, May 9—The rain which so gladdened the farmers at the start is now beginning to be irksome with its long duration. Corn planting is of necessity delayed and many other tasks held up.

H. L. Lichty has 20 acres of hops set out this spring and F. W. Durbin has just completed setting out additional acreage. Durbin had a crew in his yard Saturday picking off all vines infected with downy mildew.

ASK GEHLHAR RETENTION

GRAND ISLAND, May 9.—The improvement club Saturday night passed a motion and appointed a committee to draw up resolutions to be sent to the governor, encouraging the retention of Max Gehlhar as state agricultural director. During the summer months the club will meet only once a month on the first Saturday night.

HOP CONTRACTING GOING ON RAPIDLY

With hop contracting in the Yakima section progressing at a rapid rate, not more than 4000 bales will be on the open market as far as the first contracts for 1933 go, J. O. Hughes, of the firm of Lloyd L. Hughes, stated here yesterday.

This estimate includes the new acreage, estimated at between 1400 and 1500 acres. Not more than 600 bales of 1932 and older hops are on hand there now.

The spot market there continues at 55 cents on 33s. The best contract reported there is one for six years, the first year of which is at 30 cents, the next three years at 25 cents and the last two at 20 cents. Another contract has been written for the first year at 35 cents, two years at 30 cents and two years at 25 cents.

The Hughes company paid the highest price for 1931s here Monday, in buying from Romeo Gouley and Livesley.

WHEAT FALLS 3 CENTS, CORN 2

BUTTER IS DOWN ½ TO ONE CENT

Crop Estimate to be Larger Than First Reported, Said

CHICAGO, May 9.—(AP)—Almost 3 cents a bushel fall in wheat prices went hand in hand with final consideration of the Roosevelt farm bill at Washington today. Corn dropped about 2 cents.

Unsettlement that accompanied the decisive voting on the farm bill was emphasized by prospects that the government May crop report tomorrow would show a larger probable 1933 yield of domestic wheat than indicated a month ago. In some quarters after the close, actual enactment of the farm bill was asserted to be likely to bring about a recovery from today's decline. Other trade authorities stressed gossip that a majority of professional traders here had disposed of their wheat holdings.

Wheat closed weak at virtually the day's bottom figures 2⅛-2⅜ cents under yesterday's finish, corn 1¾-1⅞ off, oats 1-1⅛ down.

Today's closing quotations:

Wheat — May, 69⅝-⅞; July, 70¾-71; September, 71⅝-¾; December, 73¾.

Corn — May, 41-41⅛; July, 43¼-⅜; September, 44⅞-45; December, 46¼-⅜.

Oats—May, 24½; July, 24½-⅝; September, 25-25⅛; December, 26⅝.

Offerings Increase, Seattle Drops; Eggs Steady

PORTLAND, May 9.—(AP)—Drop in the price on butter during the late session of the produce exchange appeared the result of two chief conditions, the slight increase in offerings and the fact that Seattle dropped some days ago.

The drop in butter was ½ to 1c pound with butterfat buying values down 1c pound.

Trading in the egg market was about steady with less price shading than for some time past. Quality appeared better in spots and the better grades were still going into store.
