Asparagus Easier; Butter is Price Fixing Bill's Steady, Eggs Mixed: Poultry Tone Firm

PORTLAND, May 10-(AP)-Market for butter reflects a generally steady tone locally although in spots there was suggestion of easiness as a result of the recent uncalled for cut in the price here in order to follow Se-attle. Butterfat remained firm and unchanged.

There was another mixed tone in eggs. Instead of shading prices some of the seliers were boosting the grades of their eggs and giv-ing better quality for the same

Market for live chickens con-tinued to show a firm tone here with the continued exception of very light broilers. Demand for hens and heavy broilers continued fully up to supply, or better.

Oregon growers were offering first supply of home grown lettace on the market. A shipment was received from The Dailes and priced \$1.25 for 5s. California stock was very good and priced

Local asparagus was showing a slightly easier price tone as a re-sult of a liberal increase in California supplies here. Sales were made a trifle lower as a result. Onious were slow for old erop out price was unchanged. Country killed hogs, lambs and beef were firm. Veal remained a

triffic slow. Rhubarb trade continued with overload.

CALIFORNIA PRUNE

Latest estimates on the 1933 California prune crop place the ern spring, western white, western red output at 180,000 tons or more, Oats—No. 2 white \$24. Corn—No. 2E yellow \$22. Milirun—Standard \$20. as compared to 165,000 tons last year. The heavier crop is anticipated in spite of severe frosts in Tulare Solano, Sonoma and Napa counties, and lighter touches in Sacramento and Santa Clara valleys, the Pacific Rural Press reports.

tinue the United Prune Growers and the California prune pool will end May 11% Early this month, only 995 tons had been signed up. If the pool does not go through, the Rural Press predicts "a sea on one-cent prices." So far this season, the United paid pool members an average of \$38 a ton, of about 75 per cent of what is coming. About 31,000 tons of unsold prunes at present prices are said to be worth \$1,-350,000, which will mean \$42 a ton to the grower. The United

Defeat Gratifies

Operators CHICAGO, May 10-(AP)-Brisk advances in grain markets today accompanied final steps for enactment of the Roosevelt omnibus farm bill including \$3,000,-000,000 inflation.

Actual passage of the bill by the senate took place half an hour after today's grain trading had end-ed, but indications before hand left no question of the outcome, and especially that the bill would reach the president in the shape he desired, with price fixing amendments omitted.
