

# THOMAS ORDER WILL AID MILL

### Substantial Drop in Cost of Transportation is Effective June 1

(Continued from page 1)  
consulting engineer, which shows that the direct cost of transporting a carload of logs from Olson to Winona has dropped from \$12.74 in 1929 to \$5.98 in 1933.

Reduced rates, in addition to those prescribed for the Olson to Winona haul, are put out for the Olson to Helmick haul at \$1.85 a thousand or \$11 a carload; from Olson to Independence at \$12 a carload or \$2 a thousand, and from Olson to a log dump two miles from Independence at \$15 a carload or \$2.50 a thousand.

The hearings which culminated in the reduced rate order were conducted in Salem from March 21 to March 25. William P. Ellis prepared the case for the Spaulding company with W. E. Keyes, attorney for the Oregon Pulp & Paper company, appearing as a friend of the plaintiff's case as well as C. E. Wilson, manager of the Salem chamber of commerce, which has stood firmly for the lowered rates. Paul P. Farrens, attorney for the Southern Pacific company, James G. Wilson, attorney for the Valley & Siletz, and G. L. Starr, president of the Valley & Siletz railroad, appeared for the two defendants.

A. F. Harvey, examiner for the public utilities commissioner, and expert in the field of railroad rates, conducted the hearing and reviewed the testimony.

# COLUMBIA PROJECT DISCUSSED BY F. R.

WASHINGTON, May 17.—(AP)—President Roosevelt today discussed with Senators Charles McNary and Frederick Steiwer of Oregon the development of the Columbia river between tide water and the mouth of the Snake river for the generation of electrical energy and the facilitation of navigation.

The Oregon delegation was "hopeful," Senator Steiwer said, after talking with the president. They suggested that the Columbia project be developed as a part of the public works program.

"The president said he wanted to distribute this money," McNary stated, and indicated that money spent for flood control and navigation development of the river would not be chargeable to the project for re-imbursment.

The Oregon delegation suggested to the president's consideration sites at Warrendale, The Dalles, Arlington, John Day and Umatilla rapids.

# TUITION CONTEST LOOMS IN COUNTY

(Continued from page 1)  
board can dispense with transportation for non-high school district pupils if it sees fit.

The new board also can contract for the education of non-high school district pupils with such schools as it wishes. School authorities are not altogether agreed on the procedure the new board can follow; some assert the board may let pupils' education out at the lowest tuition bid; others claim the high school district taking non-district pupils must charge the same per capita rate for non-resident pupils as the district's own taxpayers pay for the education of pupils within their district.

# MURDER CASE

Dr. Frank Mazzella (left), well-known physician of Hazlet, New York, is pictured as he was escorted from the Brockton Police Court by a detective after he had been ordered held on "an accessory after the fact" in the murder of Michael Malloy, believed to be the victim of the "murder for insurance ring," in connection with which eight men are held. Dr. Mazzella signed the Malloy death certificate.

# DORMITORY TO BEAR NOTED DEAN'S NAME

Honoring the memory of "Oregon's Grand Old Man," Dr. John Straub, the New Men's Dormitory, completed in 1929 on the campus of the University of Oregon, will be named "John Straub-Memorial Building." Dean Straub, who during his career served as professor, dean of the college of arts and letters and dean of men, had rounded out 54 years as a member of the staff at the time of his death September 18, 1932.

# OPEN DOOR MISSION COUNCIL WILL MEET

### Broadening Activities and Making Permanent is Topic of Session

The advisory council for the Open Door mission has been called by Rev. Guy L. Drill, chairman, to meet at the Y. M. C. A. at 7:30 o'clock Tuesday night to study the activities of the mission and make recommendations with a view to broadening its scope and making its services permanent. Churches of the city recently decided to assist in the Mission work. Council representatives thus far chosen by the various churches are as follows:

- First Methodist, H. H. Klopping; Dr. C. C. Gilbert; First Christian, Guy L. Drill; Calvary Baptist, Dr. K. K. Adams; German Baptist, Henry Shrank; Knight Memorial, J. E. Allison; First Evangelical, J. F. Ulrich; First Presbyterian, E. A. Kenney; Christian and Missionary Alliance, W. H. Caldwell; Court Street Christian, Orville Wagner; Free Methodist, Dr. Shutz; Jason Lee Methodist, W. H. Ney; Leslie Methodist, L. C. McShane; Ford Memorial, Lyle Thomas; Englishwood United Brethren, R. V. Wilson; Bethany Reformed, F. E. Kruse; Temple Baptist, Lane Moreley; Church of God, F. O. Repley.

Activities of the mission this year, according to Rev. Drill, have included the following: Meals served, 10,523; haircuts given transients, 625; sick persons cared for, 193; garments given, 680; bundles checked, 4452.

# MRS. COSPER AGAIN REBEKAH OFFICIAL

PENDLETON, May 17.—(AP)—Mrs. Esther Bond of Halsey was elected president of the Rebekah assembly of Oregon in the annual session here today, held in connection with the 78th annual convention of the Independent Order of Odd Fellows. Mrs. Grace Christiansen of Portland, was elected vice-president; Mrs. Ora Cosper of Dallas, was re-elected secretary for the 38th consecutive year, and Mrs. Eda Jacobs of Portland, will serve as treasurer for her 38th consecutive year.

# Ohio and Wabash Flood Spreading

EVANSVILLE, Ind., May 17.—(AP)—The Ohio and Wabash rivers continued today to spread over vast areas of valuable farmland, damaging crops already in the ground and delaying the planting of others.

# More Snow Seen In Klamath Area

KLAMATH FALLS, Ore., May 17.—(AP)—The respite from winter was brief in the Klamath basin. After a few days of mild weather, a heavy snow storm fell today, covering the ground.

# RELIEF FUNDS FOR COUNTY CURTAILED

(Continued from page 1)  
funds in the state may change hands June 1, when the Wagner bill making direct grants to counties goes into effect. The present state committee, they were told, desires to conclude its administration with its books free of deficits.

The only hope of Marion county's obtaining more than the \$22,000 allotted lies in the state committee's finding itself with a surplus at the end of this month. In that case, the surplus would be pro-rated among the counties.

Commissioner Melson last night declared he did not want to cut the wages or numbers of days of relief project employees the remainder of this month since those who already have put in their time would then have received more relief than the former. He intimated he would urge against curtailment and in favor of depending on the deficit's being made up later.

# Lutherans Pick Ludwig Again as District Leader

PORTLAND, May 17.—(AP)—The annual convention of the American Lutheran church opened here today with 45 clerical and 15 lay delegates from Oregon, Washington, Idaho and British Columbia in attendance.

# Moisture This Month Already Above Average

Fifteen-hundredths inch of rain officially recorded here yesterday brought the precipitation for the month to a total of 3.52 inches, 1.04 inches above the mean May average and nearly half an inch above the total for last year. Rain has been recorded here every day this month excepting May 18 and 19.

The "wettest" May on record was in 1895, when 6.23 inches of rain fell. Total for last May was 3.06 inches, 78-84 1931 and 1.75 in 1930.

# FRUIT CARRY-OVER HERE TO BE SMALL

(Continued from page 1)  
year. This plant packs against sales, and last year against a maximum pack, including a quantity of carrots.

Producers' Cooperative, which is now finishing construction of its new cannery to replace the one destroyed by fire, will handle its members' offerings. Last year this plant put up 48,108 cases of canned fruits, 8,182 30-pound tins of frozen strawberries and 573 barrels of cherries in brine, according to the secretary's report of May 1. A small gooseberry pack was made last year, and also red raspberries. The plant will be ready for operation by the time the first fruits are ready for handling.

Star cannery expects to carry over about the same operations as last year, though exchange rates may make some difference in size of the gooseberry and logan pack, as the company sells the bulk of these goods to England.

Oregon Packing company has had no notice from headquarters yet on extent of pack which will be made this year; and Reid Marlock will have no approximation of its work for the season until return of District Manager Madden from Chicago shortly.

Hunt Brothers, one of the largest and oldest local canneries, now looks forward to a fair pack, presumably along the same lines as last year, save of course for Eitersburgs.

# SANTIAM HIGHWAY WORK OPENS SOON

Further improvement of the new North Santiam highway into eastern Oregon will start early in June when graveling of the 10-mile stretch from Detroit to Whitewater creek will be begun by the Guthrie-McDougal company, which has the contract.

The same firm has the job of grading a 4.6-mile stretch south from Whitewater creek towards the junction with the South Santiam road.

Members of the county court were asked yesterday by the contractors to furnish names of men with teams who could be secured to help with the graveling work. The county court immediately turned the request over to the employment office where the men will be recruited.

Workers on the graveling job must have a team weighing not less than 3200 pounds, a ten and one-half wagon with dump boards. Pay will be 50 cents an hour for teamsters on a five-day basis and 20 cents an hour for the teams.

The county court plans to cooperate with the North Santiam work by getting under way to move houses from the Mission Street cutoff which will afford the entrance to and exit from Salem to the North Santiam highway. Philip Fisher, county engineer, will move the three houses in Salem which impede the new right-of-way, preparatory to the construction of three blocks of the road by the county.

the matter with American consular officers in Mexico.

Information as to the whereabouts of the captives was received by the father from a Mexican judge at Boquilla, C. L. Hammond planned to organize a group of cattlemen from the Big Bend country to enter Mexico and try to rescue his son and Rollins. The father was waiting, however, until it could be determined whether release could be effected through diplomatic channels.

# VALLEY PICTURED AS BREAD BASKET

(Continued from page 1)  
under consideration, gave no indication as to when a final decision might be given.

The Oregonians, in asking the board for further consideration of the proposed improvement, urged that the government deepen the Willamette to nine feet from Portland to Oregon City, and that the channel 50 miles further to Salem be deepened to six feet. This, they said, would accommodate barges and river boats at all seasons of the year.

At present, they explained, during the winter season even flat-bottomed river boats cannot operate on the upper section because of insufficient depth. Senators McNary and Steiwer pictured the Willamette valley as "a near Garden of Eden," and the transportation benefit would bring to the several communities producing much of the county's fruit, nuts and hop supplies.

Representatives Walter M. Pierce and James W. Mott attended the conference with the others of the Oregon delegation. Also present were W. P. Ellis, traffic attorney of Salem; W. D. B. Dodson of the Portland chamber of commerce, and Gus Carlson, representing lumber and logging interests of Portland. Several briefs were submitted to the board of engineers.

# Strong Plans to Fight Dismissal; Denies Charges

The discharge of Leo Strong from the Salem police force, effective last Monday, will be carried out by the city manager yesterday was preparing through his attorneys to contest his dismissal. It was understood he would claim that charges filed against him by a taxi driver were untrue and that an alleged exchange of words between him and the driver was unwarranted.

# HOW SHE LOST 29 POUNDS IN 3 MONTHS

"I am using your Kruschen Salts to reduce and I've used a bottle and a half and dieted some and lost 29 pounds in 3 months. I feel so much better and intend to keep on taking the Salts as I am almost 50 pounds overweight." Mrs. Thelma Gravelly, Roseville, Calif. (Jan. 11, 1933).  
To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half teaspoonful of Kruschen in a glass of hot water before breakfast every morning.  
A jar that lasts 4 weeks costs but a trifle at any drugstore in the world but be sure and get Kruschen Salts, the SAFE way to reduce wide hips, prominent front and double chin and gain the joy of living—money back if dissatisfied after the first jar. —Adv.

# SIGNING FOR TITLE BOUT

Well, sir, the newest "battle of the century" seems to be all arranged now that Champion Jack Sharkey, heavyweight king, and Primo Carnera have settled all the formalities. Here are Sailor Jack (left) and Primo Carnera as they appended their signatures on the well-known dotted line for their title bout in New York next month. In rear are Johnny Buckley, Sharkey's manager, and Louis Senechal (right), who handles the business end for Mount Carnera.

# CHEMAWA DEFEATS WEST LINN 12 TO 2

CHEMAWA, May 17.—Seltice and Spencer, Chemawa Indian school twirlers, led West Linn high down with two hits in seven innings today and the Indians played errorless ball for the first time this season to win 10 to 2. Seltice pitched four innings and Spencer three. Chemawa will play Molalla here Friday at 3 p.m.

A shakeup effected in the Chemawa lineup probably accounted in part for the perfect ball played in the field. Vivette went to first base, Palmer to second and Wilder to third, and Bobb was transferred to the catching job, with Hatch and Jones new faces in the outfield. The Indians scored five runs in the first inning and five more in the third. West Linn got both its runs in the fourth.

Vivette missed his home run today, but got a couple of singles to boost his average to .456.  
West Linn . . . . . 2 2 4  
Chemawa . . . . . 10 11 0  
Anderson and Wagner; Seltice, Spencer and Bobb.

# Garfield School T.B. Reports In

Garfield school is "in between" in regard to tubercular potentialities among its pupils, according to a report given out by Dr. Vernon A. Douglas, county health officer, yesterday on the results of tuberculin tests administered

to 117 pupils there. Of the 117, six or 5.1 per cent of the pupils were found to carry tubercular bacteria. This is 1.7 per cent less than the findings at Englewood school and 0.8 per cent less than those at Highland.

# Mohr Trial for Drunken Driving Scheduled Today

M. R. Mohr, 1835 South 18th street, will go on trial in municipal court today on a charge of driving while under the influence of intoxicating liquor. Judge Mark Poulsen announced yesterday after a conference with the defense attorneys.

City police arrested Mohr early yesterday morning after he had driven his car for half a block along the lawn on the right side of the 1300 block, State street, running into two automobiles and finally coming to rest against a telephone pole, according to the arresting officer's report. Later in the day Mohr obtained his freedom by posting a bail bond for \$500.
