#### Music Festival Program Event Of Tonight

An event not soon to be forgotten in Salem if the program is nearly as good as is anticipated, will be the presentation of the Salem school children in the armory beginning at 7:45 o'clock.

This is acting as a grand finale to Music week and in it will par-ticipate about \$00 school children under the direction of Miss Gretchen Kraemer and a staff of assisting teachers.

One of the interesting parts of the program will be the manner in which the large number of children will be managed. The be remembered. Salem high ranged on the stage, amounts to military strategy.

In the armory Thursday afternoon practice was under headway. The various groups were designated by color and so arranged that or other color. Long lines of marching thildren coming onto the mamouth stage from several directions, each line graduated for height, made the large chorus of over 500 voices assume its place with practically no trouble. Not only is the management going to be worth observance but the musical program which is giv-
