POLLY AND HER PALS

OLD CROP ONIONS,

PORTLAND, May 25 (AP)-A Recent Buyers Switch iberal call for butter of all scores and especially for the lower grade, was observed in trading here today.

Manufacturing interests storing butter for their own account were not inclined to follow fully the cut of 1 cent a pound in the buy-ing price of butterfat announced yesterday.

General stendiness was continged in the local market for eggs. No price change was showing and price cutting was getting less pronounced. Receipts were about holding their own. Sudden strengthening of the

old potato market with substantial price advances at the source as well as leading jobbing points, caught most of trade unprepared New stock was also firmer in Old crop onions also partiel-

pated in advancing values. The

latter was quoted up to \$1.15-25 cental to retailers. Higher prices were being named for strawberries following the slump of yesterday. Sales today were mostly \$1.75 with a few a dime higher. Local berries were arriving in a small way but are not very good.
