PATCHWORK QUILT PATTERN

Pattern No. 443 by Laura Wheeler | made of only nine patches, but Triangular patterns are one of he most common forms in quilts. When they form the design as they do in the Wild Goose Chase, hey are more than just a patch -they are the symbol for birds. in this pattern we have the large geese and the small in flight together. This old pattern is found under different names but it always refers to birds. It is a very simple pattern to make and forms quilt of charming simplicity, when made in three materials, as illustrated. It is known as a nineeatch block, not because it is enue, New York City.

because it falls into nine divisions. the triangles, when joined, forming one of them.

The pattern comes to you with complete simple instructions for cutting, sewing and finishing, together with yardage chart, diagram of quilt to help arrange the blocks for single and double bed size, and a diagram of block which serves as a guide for placing the patches and suggests contrasting materials.
