

# 4-H CLUBBERS GATHER SOON

### Annual Round of Study and Recreation for Youths Opens June 12

Four-H club boys and girls of Oregon will flock to the Oregon State college campus June 12 to begin the round of instruction, recreation and general education that makes up their annual two weeks summer school. This will be the 19th session.

The cost of board and room and tuition for the two weeks has been reduced this year to \$12, which is \$1 less than last year and \$2 less than two years ago. Hundreds of boys and girls will have their expenses paid through scholarships won by them during the past year for outstanding work in their various projects, while many others will be sent as delegates from their clubs and communities, and still others will pay their own expenses with money made in their club work.

As in the past, the clubbers will live in the college dormitories—the boys in the men's building and the girls in the women's hall. Members are expected to bring their own bedding and towels, according to H. C. Sewmour, state club leader. Girls will also do well to bring bathing caps, tennis shoes, and gym suits if possible, as well as sewing equipment, including scissors, tape line, thimble, needles and thread. All members who play musical instruments are urged to take them along.

The clubbers will spend their mornings in laboratory and classroom work under the guidance of members of the college faculty. Several new courses will be offered this year in response to requests from club members and leaders, and every effort has been made to construct a well-rounded and practical program of instruction for the boys and girls. The popular afternoon assemblies will be continued this year, as will the evening radio programs and entertainments, and the hours of supervised sports, swimming tanks, tennis courts, lounge rooms, and all campus facilities will be open to the clubbers.

# BEALS BREAKS ARM PLAYING BASEBALL

CENTRAL HOWELL, June 7.—John Beals broke his arm Sunday while playing ball at North Howell. He was pitching a curve ball when his arm suddenly cracked under the strain. A small fortune was dished at the corner near Nafzigers place Saturday night when one of three large truck loads of hops tipped over while making the turn. A broken spring caused the truck to take to the ditch. The hops were being hauled to Salem from Portland.

Just three students from Central Howell graduated from high school this year: Robert Tweed finished the middle of the year. Harry Way and Alphonse Rudisauer.

# Plans For Pomona Entertainment to Be Made on Friday

NORTH HOWELL, June 7.—Friday night will be the regular meeting of North Howell grange for June, at which time plans for entertaining Pomona grange on June 21 will be completed, and other routine affairs arranged. Several members of the H. E. C. drove to Mrs. A. Aspenwall's last Thursday for the regular club meeting.

Corn planting, both for grain and silage, is being hastened as rapidly as possible as the season is late, and all owners of machine planters are kept busy. Miss Celia Bump, who has spent the past year teaching near Detroit, is spending the summer vacation with her sister, Mrs. Ruth Jefferson. Their mother, Mrs. Alvira Bump, has just completed a new house on her Portland property.

# FORESTRY CAMP AT MIST FILLING NOW

### Boy Scouts aid in Clearing Up Church Yard After Reshingling

AURORA, June 7.—Kenneth Grim is with the advanced guard of the civilian conservation corps camp in Mist, Jewell section, making preparations for the first group of men which is scheduled to arrive today. When the camp personnel is completed there will be some 300 men in camp. The Ladies' Aid of the Presbyterian church entertained at the home of Mrs. A. W. Kell, Friday afternoon, made tentative plans for a silver tea to be given the last Wednesday of this month, and for a picnic when weather conditions are more favorable.

The Presbyterian church which was moved to a new location through Aurora, has recently been shingled and new eave troughs installed. The Boy Scouts whose leader is Rev. H. K. Grafious, worked like little beavers clearing up all the old shingles torn from the roof, leaving the grounds in good order. Mrs. Franklin Tyler of Bend, was delightfully surprised Saturday afternoon when her parents, Mr. and Mrs. Lane Gribble of Aurora, and her brother-in-law and sister, Mr. and Mrs. Robert Scott and wife daughter Bonnie Lee of Woodburn, came to celebrate the joint birthday anniversary of Scott and Mrs. Tyler. The party returned Sunday night.

John Drager, Glen Crisell and John Kraus are three of the lads who are taking a trip to the coast with the F. F. A. of the Canby high school, while on their outing they will follow the coast line from Tillamook to Waldport and inspect cheese factories, creameries and salmon canneries en route. They are accompanied by Mr. Cross, instructor in agriculture.
