LOANS REFINANCE DEBTS OF FARMER

Commissioner's Loans up to \$5000 Available, Says Edward Piasecki

Farmers of this county will be interested in the statement just received here by Edward K. Piasecki, secretary-treasurer of the Dallas National Farm Loan association, from J. A. Scollard, agent of the farm loan commissioner, stationed in the Federal Land bank of Spokane, telling how it is expected there will be a very substantial scale-down in the debts of many borrowers because the farmer getting a loan will be able to offer cash for settlement of debts which he might not otherwise be able to pay.

Commissioner's loans are being made to reduce and refinance farmer's debts on a longer term basis, to supply working capital and to refinance foreclosed farms. The collateral accepted is first or second mortgages upon all or any part of the farm property, real or personal, including crops.

Before the commissioner makes a second mortgage loan he will ask the holder of the first mortgage to waive foreclosure rights in accordance with the commissioner's regulations. Loans are limited to a maximum of \$5000 each. These loans plus all prior mortgages or other evidences of indebtedness secured by the farm property may not exceed 75 per cent of the appraised value thereof.

During the first three years the loans are in effect, borrowers will not be required to make payments on the principal if they are not otherwise in default with respect to the conditions or covenants of their mortgages. The loan must be repaid in such annual or semi-annual installments as will discharge the debt within the agreed period.

The commissioner's agent also points out that there are collateralized and not personal loans and that the financial condition of the applicant as well as his history must be considered, including the ability of the farmer to repay his loan. The properties are appraised by the Federal Land Bank appraiser and he uses the same general values in arriving at the value of the property to be offered as collateral. The principal difference between the Federal Land Bank loan and the commissioner's loan is that the land bank loan is made only on the farm property and can not exceed 50 per cent of the normal, appraised value of the land plus 20 per cent of the insured, permanent improvements whereas the commissioner's agent may lend up to 75 per cent of the normal value and accept second mortgages and personal property as security.

Marion county recruits to the 1933 Citizens' Military Training camp will receive travel orders within a few days, as a result of a reversal of the decision to abandon the camp program this year, according to word received from Vancouver Barracks, Wash. Since the original quota of youths for Camp Huribut has been reduced from 590 to 425, it is probable the local quota will be cut. The amount of this cut had not been determined yesterday.

Auto Takes Toll Of 89 Lives in State, 5 Months

There were 89 deaths in Oregon due to motor vehicle accidents during the first five months of this year as compared with 87

deaths during the same period in 1932, according to a report issued by the state department here Thursday. Eighteen persons were killed in May this year as against 13 last year.

Accidents decreased from 1760 the first five months in 1932 to 1567 during the same period this year.

Reading Matter Asked by Local Forest Recruits

The 128 Marion county young men sent to civilian conservation corps camp in the Ochoco forest last week would appreciate receiving magazines and newspapers to read in their spare time, according to a letter received yesterday by Glen Niles, local Red Cross auditor, from Cecil Bartruff, Salem route one. Young Bartruff reports that the boys from this county left Vancouver Barracks, Wash., by train Wednesday and arrived in camp Thursday. Their address is "C. C. C. Camp Maury, Co. 291, Post, Oregon."

School children of Scotland will have a course in telephoning.

First Violation Of 1933 Session Laws Draws Fine

First case to come up in justice court here for violation of laws which went into effect last Friday, was that of Harold Perkins, arrested yesterday and charged with violation of section eight, chapter 391, general Oregon laws. The charge involves hauling of gasoline without making proper invoice to the state for tax collection.

Perkins pleaded guilty and was fined \$100 and costs. He was unable to pay the fine, and commitment to the county jail was issued.

Firestone Wage Boost Benefits Local Employees

The seven employees of the local Firestone station are affected by the wage increase of 10 per cent announced by Harvey S. Firestone for all Firestone companies, according to Manager Ward of the
