## YANKEE ENVOYS WILL HOLD OUT ON GOLD ISSUE

Guarantees U. S. Will get What it Wants, Asked First, is Policy

Pro - Stabilization Forces' Strength Disturbing to Cause of American

By CLAUDE A. JAGGAR  
LONDON, June 21. (AP)—The American delegation in the light of new instructions received from President Roosevelt decided tonight to withhold dollar stabilization until it obtains satisfactory guarantees that the United States is going to get what it wants out of the world economic conference.

While Cordell Hull, secretary of state, and his American colleagues were discussing the new orders from Washington in a long session tonight, Prime Minister MacDonald, chairman of the conference was understood to be formulating a plan to eliminate for the time being any treatment of the bitterly controversial monetary issue in the inter-national conference.

## RECOVERY SCHEME NOW TAKING FORM

Cotton Spinning, General Employment Gaining Shipbuilding up

WASHINGTON, June 21.—(AP)—Fresh stimulus for administrators of the national recovery legislation came today in reports that cotton spinning operations during May moved at their fastest pace since October, 1929—the month of the stock market crash.

These indications of renewed industrial activity came as Hugh S. Johnson and Donald H. Sawyer, administrators for industry and public works drove ahead with their business revival programs.

As a part of this widespread program Acting Secretary Roosevelt of the navy said the navy planned to spend \$86,000,000 on ship construction during the year beginning July 1. Of this, \$40,000,000 will be for ships already under construction and at least \$46,000,000 to start the new 32 ship quota for which the chief executive has approved allotment of \$23,000,000 out of the \$3,300,000,000 public works fund.

The encouraging reports from the spinning mills followed closely announcement of the labor department of a sudden and marked upturn in employment in May compared with April—the largest expansion in private building of 12.9 per cent during the two months.

## Business Revival Program Gets Under Way; Johnson in Charge

AS A SOLDIER AS HE IS TO-DAY  
Here are three views of the man whose job it is to put America's workers back on the job. He is General Hugh S. Johnson, of Chicago, soldier, lawyer and industrialist, to whom President Roosevelt has entrusted the gigantic task of directing government efforts under the Industrial Recovery Bill. This includes supervision over the \$3,612,000,000 public works program.

## CRIMINOLOGIST TO AID LAMSON CAUSE

Claims he can Reconstruct Crime; Third Person in House now Hinted

SAN JOSE, Calif., June 21.—(AP)—Evidence of an intruder, a third person in the Lamson household, who may have entered before David A. Lamson and his wife, Allene, whom he is charged with slaying, returned home May 29, is sought by Edward O. Heinrich, Berkeley criminologist.

This fact was disclosed here tonight by Chief Defense Counsel Edwin M. Rea.

BERKELEY, Calif., June 21.—(AP)—E. O. Heinrich, criminologist retained to aid the defense of David A. Lamson, 31, executive of the Stanford university press who is charged with killing his wife, Allene, declared today "he could reconstruct the crime in detail."

"There was no struggle when she met her death," he said, "and all the action took place in the bathroom, the door of which, I am certain, was nearly closed."

"I am also sure that Mrs. Lamson had no inkling of impending death. I have determined these facts from a study of blood spatters—the direction the blood spattered. And I have found enough to warrant my staying in the case in Lamson's behalf."

## Oregon Briefs

**NON-INTOXICATING—BUT BEND, Ore., June 21.—(AP)**—The sale of 3.2 per cent beer to Indians, authorized by federal statute, Charles C. Hoskins, in charge of law enforcement work for the Klamath, Warm Springs and Umatilla reservations, said here today. Police Chief K. C. McCormick of this city immediately relayed this information to all persons handling beer in Bend. He said the notations were given particularly because scores of Warm Springs Indians are expected here for the July 4 celebration.

Hoskins said that the act of March 22 specifically modifying the Volstead act and certain other acts of congress, does not in any way modify the sale to Indians of beer, wine and other beverages at any time or place. The introduction of 3.2 per cent beer into an Indian reservation is, Hoskins said, specifically forbidden.

City, county and state police and private detectives concentrated on the spot indicated in the note as the place where the money should be placed, but the extortionist was not discovered.

## JOBLESS LEAVE LAWN; DEMANDS EYED BY COURT

Some not Within Province Of Body Petitioned, Is Pointed out

Unemployed Councils Plan To Consider Expected Answer on Friday

The Marion county court was considering this morning demands of the Salem Unemployed Councils who yesterday afternoon presented them, through a committee of three, to the three members of the court. The court was expected to make a definite statement today. Its members last night pointed out that a number of the demands were unreasonable and could not be met, especially in light of the fact that the requests did not seek aid which was within the province of the court.

Meanwhile the 50 members of the two-day bivouac at the courthouse lawn had disbanded last night, planning to reassemble today when the court made its statement. Beds were removed from the courthouse lawn, scattered papers were picked up and the unemployed left the lawn, temporarily, where for more than 48 hours they had held together.

**Big Crowd Gathers**  
As Meeting Is Held  
Throughout Wednesday informal meetings were held in front of the courthouse, at one time a crowd of 250 gathered. O. H. Goss and other members of the Unemployed Councils spoke to the crowd, telling again and again the grievances which they held against the way relief was being conducted in the county.

A meeting with the court early Wednesday was not successful, in the workers view and subsequently their eight "demands" were listed and presented to the members of the court who received them officially and have them under consideration.

During the day a march to the statehouse to see Governor Meier was talked but it did not materialize.

Out 12 Hours, They Retire For Night; Additional Instruction Asked

NEW YORK, June 21.—(AP)—The jury deliberating the fate of Charles E. Mitchell was locked up for the night at 9:30 p. m., Eastern Standard time and court was adjourned until 9:30 tomorrow morning.

NEW YORK, June 21.—(AP)—Twelve federal court jurors deliberated tonight on the guilt or innocence of Charles E. Mitchell, former chairman of the National City bank, on trial for the last five weeks on charges of evading about \$350,000 income tax payments in 1929 and 1930.

Conviction would carry a maximum prison sentence of 10 years and a maximum fine of \$20,000.

Judge Henry W. Goddard completed his instructions to the jury at 11:25 a. m. after telling them:

"A reasonable doubt does not mean reluctance, to perform an unpleasant duty."

The jurors, among whom are two engineers, a contractor, and an architect, were in their consultation room less than an hour before they were taken out to lunch. On their return the door was locked, and no word came from the room until 11:25 a. m. after their progress.

The jury returned to the courtroom at 5:05 p. m. and asked Judge Goddard to reread the portion of his charge dealing with Mitchell's participation in a management fund in 1929.

## Heat Grets New Season; Cooler Here

(By the Associated Press)  
Summer made its official entrance Wednesday with scorching weather over a goodly section of the nation. Paradoxical cooling breezes prevailed in a few scattered regions.

A baking sun outshone its previous efforts in a dozen or more states as temperatures in the high 90's ceased to become unusual and readings of 100 became frequent.

Damage to crops was reported in several states, but in districts where the ground held sufficient moisture fields of corn, hay and small grains were growing well.

Neodesha, Kans., took the honors in early reports with 104 degrees above zero registered at 1:30 p. m.

Pittsburgh, Kans., closed the schools as the mercury reached 94 and headed higher.

There was nothing unusual about the arrival of summer in Salem Wednesday. The day was mild, partly cloudy, with only a 75 degree maximum recorded in contrast to the terrific heat reported in other sections of the United States.

## Late Sports

LOS ANGELES, June 21.—(AP)—Gus Sonnenberg, ex-Dartmouth football player, gained two out of three falls tonight from Ed "Strangler" Lewis. Both are former claimants of the world's wrestling title and have been variously regarded as such in many states.

PORTLAND, Ore., June 21.—(AP)—Wong Bock Cheung, Chinese, and Richard Stahl of Germany went two hours to a draw in the main event of tonight's wrestling matches here. Cheung weighed 210 pounds, 8 pounds less than his opponent.

It took the German just one hour and five minutes to win the first fall, with an arm scissor. Cheung evaded the match in 41 minutes with a Manchurian choke hold. Neither was able to win the deciding fall before the two-hour limit was up.

Walter Podolak, 205, Syracuse, defeated Harry Demetral, 188, Chicago, taking two falls out of three in the semi-final.

George Nelson, 215, Ogden, Utah, won from Nore Jerstrom, 210, Chicago, taking a fall in the third and final round of the opener.

## SEARCH CONTINUES FOR OREGON FLYER

PORTLAND, Ore., June 21.—(AP)—Three army observation planes from Pearson field, Vanouver Wash., barracks, flew over a territory extending from Mill City to McMinnville today in a futile attempt to determine the fate of William Young, Portland aviator missing since last Friday night.

The search for the missing flyer was launched when he was unheard from after he took off Friday night from Medford, where he had landed a passenger. A wide path from Medford to Portland has been scanned from the air by commercial and army aviators for five days, but no trace of his plane has yet been found.

EUGENE, June 21.—(AP)—A note demanding \$5000 ransom for the return of the "lost pilot" was received by police here today. The note, signed "the spy" was the pilot was being held prisoner unless the money was paid he would never return.

Police branded the note a hoax and said they planned to pay no attention to the matter. They said the note apparently referred to the Portland aviator, William Young, missing since Friday.

## COUNTY PRISONERS' CONDUCT DEPLORED

Resolutions condemning the conduct of prisoners in the county courthouse during the veterans' parade Wednesday morning, were adopted here yesterday afternoon by Joshua Smith, Camp No. 6, Sons of Union Veterans of the Civil War.

The resolutions point to the fact that the paraders Wednesday morning were greeted with a series of boos.

"Because the parade was made up of defenders of the nation, the G. A. R. and the allied orders and headed by the national colors, this affront was considered a gross insult to these aged veterans and all patriotic organizations," the resolutions read.

"The seriousness of this is evident to all and should not be passed over lightly. We go on record as condemning such a serious affront to the flag of our country. Respect and loyalty to our flag must be maintained if we are to enjoy peace and happiness."

## POPULARITY ITCH SCORED BY BISHOP

Ministers Cannot Compete With "gag" Artists is Lowe's Admonition

PORTLAND, Ore., June 21.—(AP)—Warning preachers against "popularity itch," Bishop Titus Lowe of the Portland area admonished ministers attending the 81st annual Oregon conference of the Methodist Episcopal church here today that "there is no Methodist preacher in the United States who can compete with professional humorists when it comes to gags."

The "popularity itch" was described by the bishop as "the minister's chief stumbling block" Other "stumbling blocks" he listed as lack of tact and understanding, professionalism, lack of honorable ambition, pugnacity in non-essentials, inferiority or superiority complexes, and negligence regarding the sacraments.

The "clipper," the minister who clips 40 to 50 quotations for his sermon and fills it up with names without relating it to "life's reality" was criticized by Bishop Lowe.

One of the most important business matters of the conference was the decision today that ministers of the conference not actually serving churches will be required to contribute to the conference claimants' fund, or pension fund. The ruling will affect such men, all members of the Oregon conference, as Dr. Clark (Turn to page 2, col. 2)

## Mob Dynamites Dam to Obtain Water on Land

ARCO, Idaho, June 22.—(AP)—A mob of undetermined size late this afternoon overpowered John Grounson, watchman on the MacKay dam on the big Lost river project, dynamited the control works and started the storage water flowing down the river where it will be of benefit to Finn's land instead of being diverted to farmers on the Carey Act project.

Presumably as part of the same performance, another group screwed tight the gates at the diversion dam near Darlington, thus shutting off altogether the water going to the project. The wheel necessary to reopen them were hidden.

There was no gun play or bloodshed.

## Public Won't be Able to Resist Friday's Bargains

Judging from advance "dope" on Salem merchants' 16th annual Bargain Day, slated Friday of this week, more hidden coins will jingle through trade channels than on any day since the bank moratorium tricked such monies into broad daylight.

For sizzling bargains which merchants are going to offer will work as a magnet for covered and uncovered money. The public just won't be able to turn its attention from the storeman's inducements.

And here's why the merchant is going to advertise bargains on a big scale: stocks have piled up due to the unusually backward season and these will have to be moved to give way for new merchandise.

On top of all that, Bargain Day this year carries a unique feature: the women's walking race. Seventy-two women and girls are entered in this and will compete over an eight-mile course for cash prizes of \$10, \$7.50 and \$5. Each entrant will wear on her back a

Greetings to the main address were extended by Allen Carson, commander of the American legion here, by Leroy Hewlett, commander of the Spanish war veterans, by Leslie A. Early yesterday memorial services were held for the memory of departed comrades. Representatives of auxiliary organizations placed bouquets on a table to honor members who had died in the last year.

The parade Wednesday morning brought cheers from hundreds of onlookers who lined downtown streets. Sons and daughters of the veterans, well represented, marched throughout the downtown district while the veterans themselves, their numbers reduced by the years, were escorted in the parade in autos.

Daughters of Vets Plant Spruce Tree  
When the parade disbanded at Wilson park, three presentation ceremonies took place. A large American flag was presented to Leslie Junior high school by the W. R. C. Mrs. Frances Gurley, patriotic instructor, making the presentation, and Mrs. LaMoine R. Clark principal of the school, accepting the gift. Ladies of the G. A. R. then presented a Yew Park school with a likeness of Abraham Lincoln, Bearcase Skeen, principal accepting the gift. The Daughters of Union Veterans then presented Scout troop five with a large American flag, Jack Smith, patrol leader, accepting the gift with a fitting talk. Harvey F. Finn is scout master for the troop.

From the bandstand where the presentations were made the ceremonies moved to the northwest part of Wilson park. Here with appropriate exercises a Colorado blue spruce was planted and dedicated to Civil war veterans by the Daughters of Union Veterans. The tree was planted by James W. Jones, commander of Oregon department, G. A. R., Mrs. Fred T. Warren, state president, Daughters of Union Veterans, and Mrs. Paul D. Boiles, president of the local organization of daughters.

## COUNTY AIDING IN CAMP SANITATION

The Marion county health department this week undertook to assist in improving sanitation in the three civilian conservation corps camps in this region, at the request of the state board of health, Dr. Vernon A. Douglas, county health officer, reported yesterday. The state department is checking on all camps to forestall outbreaks of disease resulting from unsanitary conditions.

Dr. Douglas accordingly this week visited the Breitenbush, Hamburg and Hoover Flats camps, checking on their water supplies and general sanitation. He found the Hoover Flats camp well established and the others in process of construction.

All of the recruits at the camps are from Chicago, with the exception of the supervisors, who are local men.
