Base Line road, Multnomah county - East Eighty - Second to East Ninety - Second streets, widening and pave, \$50,000.

Tualatin highway - Hillsboro, paving, \$60,000.

## Warrant Call to Be Made Soon by City Treasurer

City Treasurer Rice yesterday announced plans to call in a large number of city warrants early in July. The exact amount of the call had not yet been determined. During June \$49,812.33 in city warrants have been called.

The warrant call will in part be possible because no principal payments on bonds fall due in July, the next being \$5000 August 15. Several small interest payments, however, will be made tomorrow or early next week.

# The Call Board

By OLIVE M. DOAK

**ELSNORE**  
Today—Robert Montgomery and Sally Eilers in "Made on Broadway."  
Friday—Marion Davies in "Peg O' My Heart."

**GRAND**  
Today—Douglas Fairbanks in "Mr. Robinson Crusoe."  
**HOLLYWOOD**  
Today—William Powell in "Lawyer Man."  
Friday—Buck Jones in "Forbidden Trail."  
**CAPITOL**  
Saturday—"Gold Diggers of 1933."

A vital and dramatic story of the people behind the production of a great Broadway show, "Gold Diggers of 1933," opening Saturday at the Capitol, would be a great picture even without the enhancement of the spectacular musical show settings. Combined with these it is said to present the greatest amusement value of this or any other year's productions. Song numbers from the talented team of Harry Warren and Al Dubin, who were responsible for the hit in its predecessor, "42nd Street," will soon be heard and sung the world over.

"Gold Diggers of 1933" was directed by Mervyn LeRoy, who has given the entertainment world pictures like "I Am a Fugitive from a Chain Gang" and "Elmer the Great."

## MEXICAN STRIKERS' PROTECTION SOUGHT

MEXICO, D. F., June 29.—(AP)—El Nacional, government party newspaper, published a telegram tonight from Plutarco Elias Calles, in which the former Mexican president said he had wired President Roosevelt to protect the interests of Mexican workmen on strike in California.

"As a Mexican citizen I sent the president of the United States the following message," the telegram to the paper read.

"I take the liberty of calling to your attention and humanitarian consideration the miserable economic situation of our Mexican workers employed by Japanese in California at present.

"These Mexicans have gone out on strike because of the miserably salaries paid them by the Japanese, and because of bad treatment accorded them. Labor officials would do well to investigate the situation."

At the time, the paper said, General Calles wired the national revolutionary party of which he once was the head, advising them of the situation and asking the party members to help the strikers.

# CARNERA GAINS CHAMPIONSHIP

### Victory Astonishing; Jack Sharkey has own way Until Knockout

(Continued from page 1)

broke through Carnera's arms and for a moment it seemed as if the Italian's course was run. He reeled as Sharkey chased him savagely, relentlessly, thudding left hooks to the body, wringing every ounce of power he had behind his right to the head. Near the end of the round the right landed full and clean again. Carnera's legs spread wide, his eyes stared a second, and his hands started down. But before Sharkey could set himself for another clean smash, the huge natural guard of Carnera's arms was up again, he held tight, and the bell rang.

Sharkey had all the better of the sixth and had Carnera in even graver danger when the final blow crushed him down. The Associated Press score gave Sharkey four of the first five rounds, crediting Carnera only with the first.

Carnera is the biggest man ever to win the greatest of boxing crowns, and was the first challenger to enter a ring with a heavyweight champion favored in the betting. At ring time Carnera was a 6 to 5 favorite.

## REHEARING SOUGHT ON WATER RULING

(Continued from page 1)

council have made no overtures to buy the water plant here since the bond issue was sustained. He indicated officials of the company were at all times ready to negotiate for sale of the plant but indicated no price would be accepted which did not take into consideration the cost price of the plant here together with improvements made since it was purchased by the Oregon-Washington Water Service company.

## 68TH BIRTHDAY OF BORAH CELEBRATED

BALTIMORE, June 29.—(AP)—Senator William E. Borah of Idaho, celebrated his 68th birthday anniversary in bed here today, recuperating from an operation.

Telegrams from hundreds of well-wishers, including a personal message from President Roosevelt, were received.

"It seems as if everybody is remembering his birthday," Mrs. Borah said. "It is pleasing him tremendously. Almost every senator, representative and cabinet member has wired him."

The message from the president wished the senator a speedy recovery and carried a birthday greeting. On a stand at the senator's bedside was a bouquet of white roses from the White House garden.

Senator Borah was operated on Monday at the Johns Hopkins hospital. He is expected to be able to return to his Washington home in several weeks.

# FIRE PREVENTION BUREAU PROPOSED

### Enforcement to Last Ditch is W.C.T.U. Plea

(Continued from page 1)

spection work for which such an official is particularly qualified. No extra employees would be added to the fire department.

When civil service was established, fire department officers brougt to set up a fire prevention bureau but were handicapped by not being able to devote sufficient time to the work, which includes inspecting buildings for fire hazards and keeping fire records. The new bureau would be designed to remedy this situation.

No credit has been given the city by the insurance rating bureau for such inspections as firemen have regularly made because the work was not done while the men were on paid duty. Under Olson's plan, this credit would be obtained and copies of fire records and inspection reports sent to the state fire marshal's office and the national board of fire underwriters.

The proposed ordinance will not include the plan of having Willamette university men serve on the night shift of the fire department in exchange for lodging, Olson said. This plan probably will be worked out and presented to the council late in the summer.

## GROCERY INDUSTRY CODE IS APPROVED

ATLANTIC CITY, N. J., June 29.—(AP)—A master code of fair practices and competition for the retail grocery industry in accordance with the industrial recovery act was adopted by the National Retail Grocers' association tonight at the closing session of the 36th annual convention.

A minimum wage scale for male adults over 18 was set at \$18 a week in the north and \$15 in the south; for inexperienced junior clerks under 18, \$12 in the north and \$11 in the south; for female help over 18, within the metropolitan area later, police chased a man in an armored car into a farmyard four miles away and seized a submachine gun, two automatic rifles and small arms and about \$400,000 worth of bonds, at least half of which were stolen in two raids in a Havana, N. D., bank in the last year.

The occupant of the car, Fred Burkowski, who police said was known locally as a rum runner, was charged with the shooting of H. O. Sandborn, 25, tire salesman. Warrants were issued for two other men believed to have assisted.

## BULLETS BREAK UP NIGHT CLUB PARTY

ST. CLOUD, Minn., June 29.—(AP)—Submachine gun bullets, apparently intended for an underworld enemy, interrupted frivolity of a local night club early today and dropped an innocent patron with wounds which may prove fatal.

Two hours later, police chased a man in an armored car into a farmyard four miles away and seized a submachine gun, two automatic rifles and small arms and about \$400,000 worth of bonds, at least half of which were stolen in two raids in a Havana, N. D., bank in the last year.

The occupant of the car, Fred Burkowski, who police said was known locally as a rum runner, was charged with the shooting of H. O. Sandborn, 25, tire salesman. Warrants were issued for two other men believed to have assisted.

# REYNOLDS GIVEN Ten Years for Postal Robbery

### Enforcement to Last Ditch is W.C.T.U. Plea

PORTLAND, Ore., June 29.—(AP)—Perry Reynolds pleaded guilty in federal court here today to a charge of robbing the post office at Wren, Ore., last May 26, and was sentenced to serve 10 years in federal prison at McNeil's Island.

Although pleading guilty to the post office robbery, Reynolds refused to plead guilty to a second count in the indictment, which charged him with threatening a post office clerk with a dangerous weapon at Buell, Ore., in December, 1932. The prosecuting attorney said the charge was predicated on a written confession which Reynolds later repudiated.

Reynolds, who has served two terms in Washington state pen-
