

PICNIC PLANNED AT SILVER FALLS PARK

Kiwanians Start Move for Giving Publicity to Scenic Region

Cooperating with the chamber of commerce and other civic organizations, the Salem Kiwanis club announces that it will sponsor a picnic to be held at Silver Falls state park the last week in July.

The plan as announced by Willis Clark, president of the Kiwanis club, is to give the picnic state wide publicity and to invite especially all civic and service clubs and other organizations to cooperate.

Kiwanians believe that only 45 minutes from Salem is one of the greatest and most interesting scenic spots in the west, where the nine falls may be visited over good mountain trails in a walk of four miles.

A meeting has been called for tonight at 8 o'clock at the chamber of commerce of members from all civic organizations to discuss with Kiwanians general plans for the picnic in order to give the event state wide publicity.

According to Willis Clark, president, the Kiwanians invite any one who is interested in advertising the Silver Falls state park to attend the meeting tonight at the chamber of commerce.

SEEK LONG DISTANCE AIR RECORD

Already in possession of a goodly share of air records, these two French aviators, Maurice Rossi (left) and Paul Codis, recently arrived in New York to prepare an attack on still another world mark. They are planning a non-stop flight from New York to Persia, during which they expect to cover 6,000 miles.

CHOIR GETS NATION WIDE RADIO HOOKUP

Philharmonists to Spend 10 Days in Chicago, Sing Two Days at Fair

A nationwide broadcast for the Philharmonic choir of Willamette university was arranged by Cameron Marshall, director, shortly before the choir left this week for Chicago. The broadcast will be given one of the two days the choir sings in the Science building auditorium at the fair, the exact date not having been set.

settled on Howell prairie. He was a joint lessee for a five year term of the Oregon penitentiary, prior to its removal from Portland to Salem. There were 19 children in the English family, 12 by the first and 7 by the second wife. The pioneer days were the times when large families were usual and fashionable.

From the foregoing, the reader may gather the reason for the name Denny being so prominent around Seattle and other points in Washington, as well as in Oregon.

Contrary to general opinion, it is not likely that the other prominent Oregon pioneer Denny family was closely related to the one mentioned above, if at all. O. N. Denny, prominent in the last mentioned family, came from Ohio in 1852, his 14th year. The family settled in Linn county, in the vicinity of Lebanon. He entered Willamette university in 1858; was admitted to the bar in 1862; began his law practice at the Dalles; went to Portland in 1868; was in Alaska as U. S. revenue collector; in 1877 was American consul at Tientsin; 1880, consul general at Shanghai; 1886, advised or to the king of Corea; returned to Portland July, 1891; died at Long Beach, Wash., June 30, 1906. He sent the first shipment of Chinese pheasants to the United States in 1880, followed by another in 1881.

1932 Delinquency On Taxes Amounts To 45 Per Cent

First half tax delinquencies for the taxable year of 1932 amount to 45 per cent of all taxes levied in the state, according to figures compiled by the state tax commission as of May 6, the date the taxes were past due. Marion county with 49 per cent delinquency was below the average of 45.2 per cent delinquency prevailing in the 35 counties aside from Multnomah.

Curry county with 82 per cent of taxes delinquent showed the poorest collection ratio in the state; Multnomah county with only 32 per cent delinquency showed the best collection ratio. Last year tax delinquencies the first half of the year were 31 per cent.

Strawberry Time First of Preserving Seasons; Short Boil Recipes Are Released

"Stra-a-awberries! Nice, fresh, stra-a-awberries!"

Once more the huckster's cry echoes through the town heralding the approach of summer and the promise of the earth fulfilled.

Strawberries are here again, large, ripe and delicious even to look upon. They're crowding the counters of the local stores, overflowing their baskets in the fruit dealers' stalls, and riding the street vendors' wagons like triumphant floats.

Good news for housewives who have been waiting, with preserving kettles in readiness, for the first fruit of the season to convert into jams and jellies. They know that fruit, in some form, should be included twice a day in the family diet and that this is a hard condition to meet in winter when prices are prohibitive. For that reason, they put up adequate stocks of preserved fruits during the summer when fresh fruits are plentiful and inexpensive.

Right now berries are as cheap as they are likely to be at any time this season. And experience has taught women to start on their jam cupboards early if they want to be sure of an adequate supply of spreads and garnishes for all fall and winter table requirements.

Since most women, nowadays, use the short-bottle method of jam and jelly making, here are some recipes which embrace this popular way of "putting up" fruits.

Strawberry Jelly

4 cups (2 lbs.) juice
7 1/2 cups (3 1/2 lbs.) sugar
1 bottle fruit pectin

To prepare juice, crush thoroughly or grind about 3 quarts fully ripe berries. Place in jelly cloth or bag and squeeze out juice.

Measure sugar and juice into large saucepan and mix. Bring to a boil over hottest fire and at once add fruit pectin, stirring constantly. Then bring to a full rolling boil and boil hard 1/2 minute. Remove from fire, skim, pour quickly. Paraffin at once and cover. Makes about 11 glasses (6 fluid ounces each).

Sliced Strawberry Jam

4 1/2 cups (2 lbs.) prepared fruit
7/8 cup (3/4 lb.) sugar
1/2 bottle fruit pectin

To prepare fruit, cut about 2 quarts fully ripe berries in halves

over hottest fire. Stir constantly before and while boiling. Boil hard 3 minutes. Remove from fire and stir in fruit pectin. Then stir and skim by turns for just 5 minutes to cool slightly, to prevent floating fruit. Pour quickly. Paraffin at once and cover. Makes about 10 glasses (6 fluid ounces each).

LEAVES FOR MIDWEST

BRUSH CREEK, June 29—Henry Hjorth left Thursday morning for his home in Wisconsin.

DALLAS MAN HELD ON MORALS CHARGE

DALLAS, June 29 — Walter P. Brantley, local business man, will be arraigned in justice court here Friday morning on a charge of contributing to delinquency of a minor. Brantley was arrested early Thursday morning near Detroit, Marion county. Disappearance of a 17-year-old girl here led to the arrest.

District Attorney Barnhart and State Trooper George Thomson were in Station, Brantley's former home, and Salem yesterday checking on the case.

He is part owner of the Model meat market here.

Rosicrucian Will Have Envoy Here

Mrs. Effie B. Cameron, 76 1/2 High street, has been appointed a representative of the extension activities of the Rosicrucian order, by certificate from the headquarters in San Jose. "The Rosicrucian order," says Mrs. Cameron, "is a fraternity devoted to the dissemination of knowledge of natural laws and the teachings of a philosophy. It is neither a commercial nor a religious organization. The duties of the representative are varied, and have to do with the local advertising of the order."

sin after spending the past six months here at the home of his aunt, Mrs. M. J. Madson. Hjorth will follow the Lincoln highway east and will also take in the world's fair at Chicago. He plans to return to Oregon late in the autumn.
