

### DIVORCE COMPLAINT VIGOROUSLY DENIED

Woman Declares Husband's Assertions Falsehoods, Ask Child's Custody

A ringing denial to the charge of her husband, Max Snelgrove, is made by Anita Snelgrove, defendant in the divorce action brought by the former. Mrs. Snelgrove filed her counter affidavit yesterday in circuit court here, declar-

ing her husband stated "four and one-half pages" of falsehoods in his original affidavit. She declares that she is competent to have the custody of their six-year old daughter but has been refused the child by her husband and his relatives who forcibly kept Mrs. Snelgrove, she asserts, from coming into their house to see her daughter. She says her husband struck and beat her, did not support her and has conspired to keep her daughter in his home. Mrs. Snelgrove says her husband's assertions that he is a regular church attendant are not true and declares that only occasionally during her married life with him did he attend religious services.

She alleges that she is a beauty operator but denies that she makes \$20 a week as he asserted. Mrs. Snelgrove says her compensation weekly ranges from a few dollars to \$10 a week. She is now employed in Albany.

### \$98,821 Called in State Warrants

Rufus C. Holman, state treasurer, Thursday called for payment general fund warrants in- dorsed "not paid for want of funds" between May 21 and 27, inclusive. Warrants involved in the call aggregate \$98,821.12.

### P. T. & T. HEARING NOT TO BE MONDAY

Hearing of the case involving the rates, charges and practices of the Pacific Telephone & Telegraph company, which had been set for next Monday, has been postponed indefinitely, C. M. Thomas, state utilities commissioner, announced Thursday.

The postponement was necessary because of the time consumed in the hearing of the rates and practices of the Northwestern Electric company. The latter hearing is now in progress in Portland and probably will not be completed before late this week. Investigation of the Pacific Telephone & Telegraph company has been under way for more than six months, and a large amount of data has been assembled by engineers employed by the utilities commission. Much of this data has to do with property valuation for rate making purposes. Thomas said the definite date of the Pacific Telephone & Telegraph company hearing would be announced within the next week.

### Gilstrap Named Superintendent Of Turner Home

Following court appointment this week of Dr. H. C. Epley as trustee of the Judith Turner Memorial home at Turner, Dr. Epley contracted with Rev. Elmore J. Gilstrap to act as superintendent. Present plans are that the home
