GIRL RESCUED BY EX-SALEM YOUTH

R. R. Boardman, until a short time ago physical instructor at the Salem Y.M.C.A., stated Friday that George Demos, 11, hailed now as a hero at Vancouver, Wash., for rescuing Betty Jean Cline, 8, from drowning in the Columbia river Thursday, was formerly a regular participant in Y.M.C.A. activities in Salem. Boardman believed that Demos took part in a swimming course here a year ago.

Dispatches from Vancouver state that the little girl fell from a runway on a Vancouver dock into the river, and was immediately caught in a whirlpool. Instead of diving into the water which might have cost the lives of both of them Demos held onto the logs until the water carried the struggling girl around to him and he was able to pull her out of danger.

REGISTRATION OPEN FOR SUMMER CLASS

Class in Home Making Said Of Especial Value to Younger Mothers

An opportunity for Salem women to register for a free course in home making will be offered Tuesday, July 11, at 10 a. m. in room 2P of the senior high school building. The course, which is planned to be of exceptional value to mothers of younger children, will continue over a period of five weeks with the class sessions arranged at convenient hours in the forenoon.

The offering of these free classes has been made possible through cooperation of the department of vocational training of the Salem schools with the state board for vocational education. None of the costs of instruction will fall upon the local school district.

Mrs. Francis Wright Jonasson, state supervisor for home economics education, will be in personal charge of the course and will teach some of the classes. She will be assisted by other competent instructors in special subjects when such instruction is needed. Mrs. Jonasson has had much experience in supervision and teaching in the field of home economics and is an authority on most homemaking problems.

The instructional topics covered will be adjusted to best serve the needs of those registering so far as is possible, but those with smaller children will probably receive the greatest benefit. Arrangements are being made to take care of children who cannot be left at home during class sessions.

Anyone who wishes may register by calling 7499 or being present at the first session Tuesday at 10 a. m.

'Spooky Tavern' Will be Shown Early in August

Jason Lee Players are now working on the gripping mystery play, "Spooky Tavern" by Jay Tobias. The date for presentation has not been set.

Suspense, with many, many unexpected screams, mysterious disappearances, shots, and startling reactions coupled with a variety of characters—each distinct in his own right—and portrayal—naturally leads to a difference, and clashes of wills with a whirlwind finish. The spiritualist medium brings more than one trance to realism.

Even in these early stages, the cast has become well imbued with the spirit of the play, for they "jump" with each unexpected noise.

As the proceeds will go to the annual Epworth league institute fund, presentation will be made shortly after the first of August.
