

SPECIAL ELECTION BOARDS APPOINTED

Bids Called for City Lamps For Year; Beer License Matter up

SILVERTON, July 8. — Election officials named in the ordinance calling for a special election to be held July 21 on proposition to borrow R. F. C. funds for construction of a sewage disposal plant are as follows:

East precinct: Judges, J. D. Drake, Minnie Preston; clerks, Mae Service, Letha Winter and Fran Adams; county board judges, T. E. Preston, Mae Lukens; clerks, Ella Hosmer, Olive Morley and Mina Cooper.

West precinct: Judges, George Custer and Sylvia Allen; clerks, Ellen Iverson, Adah Ekman and Minnie Wilson; counting board judges, Sophie Blackerby, Ethel Wilson; clerks, Joe Bennett, Pearl Allen and Myrtle Holden.

Other matters of the council session: The park and street committee reported that the swimming pool in the city park had been cleaned very satisfactorily and that the pool was in a better shape than it had ever been. A motion was passed to issue two warrants to E. H. Itchner of Molalla for the work. The one warrant calls for \$300 from the street funds for the gravel hauled from the pool and placed on the streets. The other warrant of \$200, is from the pool division for cleaning of the pool. Approximately 800 yards of gravel were removed from the pool.

A motion also carried that the recorder be instructed to call for bids for furnishing lamps for city use for the ensuing year.

It was also explained at the meeting that turning lights on and off in the city park would be left to the discretion of Night Officer Lloyd Kennedy and that when a group of picnickers were enjoying the park at night the lights would be left on and when

West Salem News

WEST SALEM, July 8.—At the special adjourned meeting of the city council to consider the matter of the bus franchise it was decided to give Ray Ferguson, who formerly held the franchise four days more in which to either put on a bus or to give up the privilege to another.

Motoring here from North Kansas City, Missouri to visit at the parental home were Mr. and Mrs. Ray Kilmer and daughter, Donna and son, Frank. They are daughter and son-in-law of Mr. and Mrs. John Barwell and they brought with them from Wilder, Kansas, Charles Leonard, who is a grandson of the Barwells. They made a five day visit here and accompanied by the Barwells drove to Newport to see the Pacific ocean.

Lou Deranleau, who has been making his home for a number of months with his daughter, Mrs. W. F. Clark at Parkville, British Columbia, has returned to reside at least for the present in his own home. After residing in Canada for months and visiting in California last year, he states that taking it all in all, it is impossible to find a better place than Salem.

New Pastor Arrives
Rev. and Mrs. K. K. Clark and daughter, Miss Mary Jeannette, and granddaughter, Mary Jean Otey, who makes her home with them, moved here from Harrisburg, settling in the West Salem parsonage Thursday. Rev. Clark is the new pastor of the West Salem, Summit and Oak Grove churches, and will preach in the Ford Memorial church Sunday at 7:30 p. m. on "The Mystery of Godliness."

The park was deserted, the lights would be turned off.

Local beer licenses, as the decision reached, would not be issued to local beer sellers until the expired federal license had been renewed. The local ordinance governing the sale of beer at Silverton does not provide a 30-day period of grace as does the federal law.

Mrs. Lloyd M. Hill and family, who with Miss Trula Grant have been vacationing at Outler City for several weeks, returned home Thursday.

The Pinochle club of which the Rey Stevens are members, surprised them one evening on Mr. Stevens' birthday, with a pot-luck 6:30 supper. Later in the evening they played cards and held a jolly informal evening.

The B. F. Felgers who left here three weeks ago on a fishing trip to Myrtle Creek are home. They fished the Umpqua to Gardner and came on the coast highway to Yachats for a few days and then to Pacific City, where they own a cottage and house boat. They reported the fishing only fair on the trip, but there is now fine deep-sea fishing off-shore at Pacific City, with fishermen getting fine catches of cod and red snapper. Friday morning the Felgers pulled out for home one boat brought in 700 pounds of fine fish.

Mr. and Mrs. Al. C. Henningsen recently returned from a delightful outing at Breitenbush Springs. Miss Barbara Armstrong, who has been making her home with the Henningsens this past winter, is leaving this week for a visit with her mother and other relatives at Centralia, Wash.

Funeral Services To be Held Today For Mrs. Standley

TURNER, July 8.—Funeral services will be held here Sunday afternoon at 2 o'clock for Ella F. Standley, aged 70 years, 6 months and 17 days. Rev. E. L. Putman will officiate and interment will be in Twin Oak cemetery. Rites will be at the Christian Church. Mrs. Standley is survived by her widow, Charles L. Standley, and four sons, Glenn of Lebanon, George of Salem, Earl and Charles of Turner, and 11 grandchildren.

MARY M'CORMICK ANSWERS SUMMONS

MOLALLA, July 8.—The rapidly thinning ranks of pioneers of the Molalla district lost another member Friday afternoon when Mrs. Mary Ellen McCormick, 68, died at her home near Yoder. She was born in Illinois in 1844 and crossed the plains to Oregon when she was three years old. Her first year was spent in Oregon City, where her father worked in the McLaughlin mill. The family later homesteaded on Gribble prairie. In 1887 she moved to her present home at Yoder.

She is survived by four of her nine children: Frank E. Taylor, of Yoder; Margaret Joseph, Portland; Ellen Pullen, Elsie Lake, Cal.; and Dolly McCormick, Yoder. She also has 11 grandchildren and two great-grandchildren. One brother, Daisell Fleeter, lives in Portland. Her first husband, Frank Taylor, died in 1877. She later married Marion McCormick, also deceased.

No date has been set for the funeral, but it will be held in the little Rock Creek Methodist church, of which she was a devoted member.

Kirby Leaves Post At Gervais; Card Luncheon Enjoyed

GERVAIS, July 8. — F. L. Kirby, who has been agent at the S. P. station here for the past six or more months, left the first of the week for his home at Mill City where he will rest for a short time before going to San Francisco to enter the company's hospital. L. E. Dike, also of Mill City, is now at the Gervais station. Mrs. A. B. Adkisson gave a 1 o'clock luncheon followed by four tables of cards at her home Friday afternoon. Mrs. Robert Harp received the prize for high score and Mrs. P. W. Seely, second high. Those who enjoyed Mrs.

Hopes for Big Sawmill At Detroit Die Away as Foulkes Machinery Goes

MILL CITY, July 8.—During the past week trucks have been going through Mill City loaded with machinery from the Foulkes sawmill near Whitewater above Detroit. The last load passed through the city Friday, bound for Stayton. This load consisted of one large boiler and brick and is going to the Paria woolen mill in that city. One smoke stack also went to the same place. The rest of the machinery went to Portland. Truckmen said they experienced no difficulty in bringing the big truck loads down over the Mill City-Detroit highway

with the exception of the hill at Niagara. This is the worst place in the highway and is quite steep. Removing of the machinery ends a chapter in the Foulkes' enterprise. Young Foulkes who represented himself as having big backing went to Whitewater in 1930 and started the erection of the mill. Bunk houses, some cottages, mess house and other buildings were put up and a large crew of men were put to work. Announcement was made that none but married men would be employed, and details were worked out for a large mill with fine machinery installed, and a large acreage of timber to be cut.

Then came a pay day and no money. Troubles began to pile up for Foulkes. He participated in an auto accident near Tangent, was arrested and following this, marital troubles started. Workmen sued for wages, and no money was forthcoming. People of the Detroit community who had prided themselves upon the erection of the big sawmill saw their hopes dashed, and now with the removal of the machinery, it is doubtful if a plant will ever go in, in that vicinity.

The Hammond Lumber company of Mill City is running a logging camp near Detroit, and in time will no doubt assimilate all the timber in that territory.

NEW SCHOOL HEAD TAKES OVER DUTIES

WOODBURN, July 8. — Mr. Burton W. Dunn and family have moved to Woodburn from Shedd. Mr. Dunn has taken up his duties as Woodburn's new superintendent of schools beginning July 7.

He has been superintendent of schools at Shedd for the past three years, having graduated from Oregon State college the year before. Four years prior to this he was principal of the grade school at Hazelton, Idaho. He received his master's degree at Oregon State college last spring.

Mr. Dunn was born in Kansas, came west at an early age and has lived near Twin Falls, Idaho, for about 20 years, three years of which was spent on a farm before he took up the teaching profession.

Lodge Picnic Today
The I. O. O. F. and Rebekah lodges of Oregon are planning an all-day picnic at Champeog park for Sunday July 9. A splendid program has been arranged and will commence at 11 o'clock in the morning. Several prominent speakers will take part and a picnic dinner will be served at the noon hour.

The Presbyterian Ladies' Aid society will meet in the church Wednesday afternoon July 12 at 2:30 o'clock. A program in charge of Mrs. C. R. Duncan will

Excelsior of Hay Crop Brings Happy Deal for Farmers

NORTH HOWELL, July 8.—Loganberry picking has begun in the Coomler and Oddie yards and at the Dwight Schaap farm near the North Howell school house and the hay crop is rapidly being cared for. Hay never looked better nor was more appreciated by the local farmers as so many have had to buy forage during the past spring.

Spring grain also promises a fine yield and no pests have appeared to limit the production. While cash crops were practically ruined by the freeze last winter feed and grain of all kinds make the growers feel much more optimistic.

Mr. Dunn was born in Kansas, came west at an early age and has lived near Twin Falls, Idaho, for about 20 years, three years of which was spent on a farm before he took up the teaching profession.

It Never Pays To Neglect YOUR EYES

It's the poorest possible economy to put off visiting your oculist — particularly when your eyes can be tested and glasses supplied for so little.

POMEROY & KEENE
379 STATE ST. SALEM

The Pace-Maker

HOGG BROS.
APPLIANCE STORE

456 State St. Tel. 6022

Grunow
ELECTRIC REFRIGERATOR

-by the use of "Carrene" as the refrigerant offers you absolutely SAFE Refrigeration - - - - -

CARRENE IS SAFE ! FAST -- EFFICIENT !

Safe enough for the U. S. Capitol Buildings
Safe enough for the Chicago Stadium
Safe enough for the U. S. Navy Submarines
Safe enough for the New York Radio City
Non-Explosive, Non-Toxic, Non Corrosive, Non-Irritating

But it remained for Wm. C. Grunow to make Carrene available to household users - - -

Old methods and principles wouldn't work with Carrene—an entirely new principle of refrigeration was necessary.

Vacuum Instead of Pressure was the answer and W. C. Grunow the discoverer. This simplifies the entire mechanical part of the refrigerator and makes it safe.

No belts—no pulleys—no brushes—no oiling. In fact, only one moving part.

See the Grunow

You should be able to see, hold in your hand and smell the refrigerant in your refrigerator

Why Deny Yourself the Joys of Modern Electrical Refrigeration — See Us Tomorrow

Sale Used Ice Boxes \$4. to \$8.

We've taken in a number of ice boxes on sales of refrigerators. They sell out nearly as quickly as we get them—several are now available and all are in good condition—all sizes—many kinds. If this is your need—plan to shop early tomorrow.

Your Own Terms Within Reason

A reasonable down payment — the balance as you desire plus a small carrying charge.

This store is headquarters for Electrical Refrigeration in Marion County.

Ford Motor Company, Dearborn, Mich.

To people who want something for nothing

Henry Ford
Dearborn, Mich.

There are some things we refuse to do to sell a car. We like sales, but fair-dealing and the confidence of our customers are desirable, too.

For one thing, we refuse to poison anyone's mind against another make of car. We know what our car is and what it will do, and we are ready to tell you about that. But to imply defects in another car is not our business.

We have done our utmost to encourage intelligent buying of motor cars by showing purchasers how to protect their own interests. All that a good producer asks is a customer who knows quality when he sees it. An intelligent purchaser will speedily conclude that only a bad product requires bad sales methods.

We refuse, also, to adopt the role of tricky trader—that is, pretending to offer you a larger trade-in allowance, and taking it away from you in some other way. Ford trade-in values are high, but we do not make fictitious allowances in order to get a sale which may be otherwise disadvantageous to the buyer. Our dealers take used cars upon a system of values, not by haggling or barter.

In this world no one gets something for nothing, although there are many ways of making people think that they do. The sure way to get value for value is, first, by being yourself willing to deal on that basis, and second, by dealing with a concern that has no other policy.

We refuse to keep dinning in your ears that the Ford V-8 is the best, most economical, lowest-priced car. That is claimed for several cars. Obviously it cannot be true of all. There comes a point where claims and adjectives and all advertising hysteria disappears in its own fog. Personally, I prefer facts.

We say the new Ford V-8 is the best car we have made.

We say that our 8-cylinder car is as economical to operate as any lower number of cylinders.

We say that we have always been known as the makers of good cars and that the many good, well-balanced qualities of our present car places it at the head of our line to date.

Any one wishing to do business with us on these principles will find our word and the quality of our product to be A-1. What we say about economy, operation and durability will stand good anywhere.

Henry Ford
