

MARKET FOR CELERY
CONTINUES TO BOOM

PORTLAND, July 13.—(AP)—Market for celery continued to boom here with a demand for carlots and less than car shipments that cannot be taken care of by crop supplies. Prices were nominally firm. The last carload reported was to New Haven, Conn.

Very low prices were aiding sales and shipments of peas to the east and midwest. Even New York was today purchasing Oregon grown peas. Purchases by shippers were around 1 1/2 lb. Lettuce market was steady for quality.

Green and wax beans continued weak and low priced.

Tomato prices were firmer for Californians which were scarce for quality. Local hothouse was in good supply and demand.

Berry markets were showing a better call with little change in the price for the day.

Cherry demand was increased but prices were little moved.

Peach sales were generally around 75c for locals, a few at \$1.

West Salem News

WEST SALEM, July 13.—Clarence R. Brown is retaining places in the eaves troughs of the school buildings where leaks have been noted or where they might develop next winter and doing many other odd jobs to place the school grounds and buildings in the best shape for the reopening of school in the fall.

West Salem bus users will rejoice to learn that the problems of the bus franchise have been ironed out for the present. Ray Ferguson signed over to the city the franchise that he held and the city council in special called session, met to consider this matter, granted Leonard Capps permission to operate the bus for the term of 60 days without franchise and will issue a franchise at their termination if he so desires. Mr. Capps resumed the bus service again immediately.

Robert Schert accompanied Mr. and Mrs. Alvin Gardner to Winema beach near Neskowin for a week-end vacation. They reported the ocean water very cold for this time of the summer.

Coming here from Ralston, Nebraska for a visit in the home of his sister, Mr. and Mrs. Ray Bowman this week, were Mr. and Mrs.

Mont Meadows. The Bowmans are themselves recent arrivals from Otis, Colorado and have come to settle here but the brothers will return to Nebraska in a few weeks. Another brother of the two families will arrive here to locate soon.

Mrs. R. F. Kramp of Albany, mother of Mrs. Carl Beatty, will visit for the weekend at the Beatty home. Mrs. Robert Pattison of Emmett, Idaho, is making her annual visit at the Robert Pattison home. Peter Stevens of The Dalles visited at the Roy Stevens home for a week, leaving here this week. Mrs. Ed. Niles was an additional guest at the Stevens home recently.

Wild Life Lines were written this week by some of the young folks of Kingwood Heights. Eugene Krebs, Jr., took a hatfull of quail eggs and one of pheasant eggs left unattended by the hand of tragedy and presented them to a maternal hen who proudly finished the uncompleted incubation and "came off" with 15 quail and 10 pheasant babies the first of this week. This blessed event allowed 25 little woods creatures to live and all are happy.

Orders were received this week by the section boss operating through West Salem, to increase the time from a three day week to six days a week work. Mr. Richardson is boss of this section which covers many miles.

COUNCIL REDUCES
POOL HALL LICENSE

JEFFERSON, July 13.—The city council met in regular session Tuesday night with Mayor Edna Allen in the chair. An ordinance was passed reducing the license for the pool hall to \$5 per year, payable semi-annually. Harvey Thurston was elected as fire chief. Mr. Knight reported that the pump installed in the new well from which the city gets its water supply is in good working order. Jefferson is one of the few cities in Oregon that has pure water for drinking purposes, taken from a deep well across the Santiam river.

Hi-Tri Club Meets
The Hi-Tri club of the Christian church met at Greens bridge Monday for their regular meeting. Mrs. Ella Day, accompanied by another lady from Eugene, were special guests for the evening. Mrs. Day told the club about the summer conference at Turner and the missionary who spoke at this conference.
