Pattern

All eyes above the waistline... the shoulders broad... the hips slender! If you would heed these fashion hints, here's a frock that's a knockout for chic. Clever bodice featuring a tangle that tends to a military air, the "not-too-frivolous" touches of contrast, the youthful collar and engaging bow... they embody so many new notes. If you're being economical try it in cotton print.

Send fifteen cents (15c) in coin or stamps (coins preferred), for this Anne Adams pattern. Write plainly your name, address and style number. Be sure to state size wanted.

Reducing With Toots

Statesman. Readers are invited to follow diet and exercise program of comic strip matron.

TOOTS is really getting stanning a results from the reducing system she took up when she decided to get back her enticingly slender figure. The reducing system was arranged by physicians as a sure and safe way of slimming down the figure and Statesman readers who have followed the routine with Toots are astounded at the great success they are having. Here are the ninth day's diet and exercises.

Today we'll take breathing exercises designed to burn excess fat and reduce the abdomen. Lie on floor, flat on back with knees bent, feet flat on floor. Inhale through nostrils, as though smelling a perfume. Exhale through mouth, letting air pass slowly through lips that are puckered as though whistling. Repeat ten times. This exercise will carry off waste toxins and bring a fresh supply of oxygen to the tissues, all aiding in the reducing work.

Breakfast: Prune juice. One poached egg. One slice whole-wheat toast with half small pat butter. Tea or coffee, no milk or sugar.

Luncheon: Combination salad—lettuce, cabbage, green pepper, celery, tomato, onion, French dressing made with lemon. Baked apple, no cream, apples must be baked without sugar. A few raisins may be placed in the core space, while baking.

Dinner: Liver and bacon, well cooked, four ounces. Broccoli, no sauce, no butter. Half grapefruit. Black coffee.

Civic and industrial leaders of Salem will greet the "good-will ambassador" from Seattle and Portland, Monday when the Gilmore 10,000 mile economy-run car arrives at the city hall at 12 o'clock, noon, with messages to the city of Salem from the two northern cities.

The car will be met at the north city limits by an escort of Ford V-8s, Gilmore cars and police to bring it to the city hall, according to Guy V. Smith, local Gilmore manager.

In the approximately 10 days required for the 10,000 mile run the car will travel as many miles as the average motorist travels in a year. Both sides of the hood and the gasoline tank of the Ford V-8 are securely locked and will be unlocked only to permit the addition of the new Fortified Red Lion gasoline and Lion Head motor oil, which are exclusively used during the test, Smith said.
