ADMIRAL ASSAILED BY LABOR OFFICIAL

WASHINGTON, July 20.—(AP)—John P. Frey, labor official, today made naval support given the 40-hour week proposed for the shipbuilding industry a personal issue between himself and Rear Admiral E. S. Land. Frey, an official of the metal trades department of the American Federation of Labor, also protested to Louis Howe, President Roosevelt's secretary, because Land had testified in support of the 40-hour week. Spectators gathered about the two after Frey accused Admiral Land during the recess on the proposed code for shipbuilding and demanded to know by what authority the admiral had appeared at yesterday's session in support of the 40-hour week. "I think it was most improper," Frey said sharply, "what took place I accept as a breach of good faith between myself and the navy department." "Well, there's no use talking to me about it," Land retorted. "I resent your talking to me this way." Frey accused Land, chief constructor for the navy, of favoring the shipbuilders' proposals, and Land replied vigorously. "We're not favoring anything."

Reach for a Lucky

—for always Luckies Please!

It's a man's cigarette.. —but women like it!

Men like a cigarette that has character. Women like a cigarette that's mild and pure. Naturally, Luckies please everyone. Have you tried a Lucky lately? In their fine, ripe, tender tobacco, you get the quality that thrills your taste... In their personal purity and mellow-mildness, you get the quality that delights your throat. In our opinion there's nothing so pleasing as fine tobaccos that are "Toasted." That's why more and more men and women are reaching for a Lucky—for always "Luckies Please!"

because "It's toasted"
