Announcement Interests Club Women

Dallas. — The relation of the national recovery act to consumers and homemakers will be the subject of a series of nation wide broadcasts by Mrs. Grace Mosse-Poole, president of the General Federation of Women's clubs over the National Broadcasting company Blue network. The first broadcast by Mrs. Poole was scheduled for Thursday, July 20, at 4 o'clock, Eastern standard time. Each succeeding week federation representatives will conduct interviews to interpret recovery developments. According to Miss Julia K. Jaffray, chairman of the public welfare department of the general federation, "this is an unusual opportunity for homemakers to receive official information first hand."

Another announcement of interest to club women will be the appointment of Mrs. George T. Gerlinger of Portland, as chairman of the Oregon federation endowment fund. Her activities have included work in trust funds, the Doernbecher hospital fund, the Waverly baby home, the women's building at the University of Oregon, and her present efforts for Pacific university.

The endowment fund of the Oregon federation has had a very slow growth and is far from the \$21,000 goal set by its sponsors. The interest from this fund is greatly needed if the federation is to adequately serve its membership under its present low per capita dues. With the opening of the fall club season, Mrs. Gerlinger will have definite plans for contributing to the endowment fund to present to the clubs of the state.
