About 50 relatives and guests were present. W. E. Doty was

### Lost Ugly Fat

Her Husband Says She Looks Five Years Younger!

There is a certain weight at which every woman looks her loveliest—not skinny underweight nor pendulous overweight, but normal weight. We find artists, doctors, theatrical producers (and husbands!) all agreed upon this point. "My husband says I look five years younger," writes this lady of 29 who—thanks to her daily dose of Kruschen Salts—has unburdened her body of 18 pounds pounds of ugly fat. Read her letter:

"Having heard from a friend of mine that she lost considerable weight since taking Kruschen Salts, I started using them in July last when I weighed 177 lbs. I have lost weight steadily since then, and am now 159 lbs.—my normal weight. Moreover, I feel brighter and more energetic in every way.

"I have inquired of my dressmaker my measurements which in August last were bust 40, hips 43½, waist 33½ inches which is normal for my height, which is 5 ft. 8 in. My age is 29. My husband is a very severe critic. He says I look five years younger. There is no other reason for my loss of weight except Kruschen as I do not take any particular diet."

(Mrs.) S. E., London, England. A bottle of Kruschen Salts that will last four weeks costs but a trifle—take as directed every morning. When the jar is empty, get on the scales and see how many pounds you have lost. Attention to diet will help—cut down on pastry and fatty meats—go light on potatoes, butter and cream.

But remember this: to take off fat harmlessly and SAFELY be sure for your health's sake that you ask for and get Kruschen Salts. Get them at any drugstore in the world and if the results one bottle brings do not delight you—do not joyfully satisfy you—why money back.—adv.

### SCHWEIZERS HOME FROM MOTOR TRIP

MONMOUTH, July 26.—Mr. and Mrs. Phillip M. Schweizer and daughters, Annetta and Ila, returned Monday from a vacation jaunt of 1800 miles through Oregon and northern California. They left Monmouth July 14, going to The Dalles to attend the Rural Mail carriers' convention.

Between Redding and Eureka they observed the ghost city, Shasta, once a noted mining town. Several buildings of brick with heavy iron doors are traditional strongholds which guarded the gold from marauders in the heyday of mining days.

At Redding the thermometer registered 100 in the shade at 9:30 a. m. A member of the Schweizer party, in conversation with a Redding merchant, took exception to his statement: "Isn't this a delightful day?" "No, it's too hot!" said the

young miss from Oregon. "Why, where are you from?" inquired the merchant. "I'm from the Willamette valley," was the snappy response. "Well, I never heard of that place!" the bewildered merchant responded.

At Dorris the Schweizers were searched for possible contraband and the officer relieved them of five pounds of Oregon cherries, saying they might be pest infected. Everywhere they stopped in California appeared very dry and irrigation seemed extremely limited. Crops were scanty, and roadside vegetation negligible. Coming up the coast highway, they bought peas and cucumbers before entering Oregon, and wondered would they be held up for inspection. They were not. Oregonians, they decided, are not so particular about guarding their interests as the neighbors on the south.

### THE APPROVAL EXPRESSED BY OREGON MOTORISTS IS MOST GRATIFYING

When we put out the new "Fortified" Gilmore Red Lion gasoline three weeks ago, I was hopefully expecting a generous response on the part of the motoring public, but because of the flamboyant gasoline advertising flooding the country, I little dreamed of the enthusiasm with which it would be accepted.

I told you it was 2 years ahead in Anti-Knock Horsepower, and I felt positive it would do all we claimed for it. Now, I know that we haven't "over-sold" it.

So many motorists have used it and they are practically unanimous in its praise. The general approval expressed by continued patronage is gratifying to me.

Sincerely yours,
