Silverton High Principal Finds on Excursions Into Farm Homes

SILVERTON, July 27-School will open at Silverton on September 18, according to announcement made this week by Robert Goetz, superintendent of the local school system. Herman Kramer, Silverton high school principal, has been spending the past two weeks contacting the rural districts and reports indications are very favorable for a large percentage of the high school students returning here for school,

Students from the rural district will furnish their own means of transportation this autumn. It was at first thought that with the removal of the bus transportation system attendance would lessen considerable, and while in some parts of the district which formerly sent their students to Silverton high school via bus many students will be unable to return, the percentage is not as large as at first believed.

Summer repairs are going on at the schools. The janitor has just completed refinishing the floors and woodwork in the Eugene Field building. Painters are at work going over the woodwork on the outside of buildings.

Registration of students who are entering school this autumn will be carried on the week prior to the opening of the schools.

New stomach treatment gets quick results

Many people who have suffered for years from stomach agonies do not know that too much acid in the stomach may be the cause of digestive discomfort. Oftentimes simply neutralizing this acid may work wonders in relieving pain, gaseous feeling and other symptoms of disordered stomach.

Probably you know several things that will give partial relief. Perhaps your favorite relief acts too slowly. While you wait for the remedy to work your suffering endures.

Many people are getting the first real relief they have had in years by taking a new antacid remedy known as Bisma-Rex—a delicious tasting antacid powder that is bringing re-lief to thousands of stomach suffer-

Bisma-Rex acts four ways at once to give quick comfort in cases of gastric acidity, dyspepsis, sour stomach and kindred ills. It neutralizes excess acid, relieves the stomach of gas, soothes the delicate membranes, and aids digestion of foods most likely to ferment.

And it only takes about three minutes to work. Bisma-Rex is sel-only at Rexall Drug Stores.

Eighty - one births in contrast with 50 deaths were recorded in Marion county during June, Dr. Vernon A. Douglas, county health officer, announced yesterday. The infant death rate up to July 1 of this year is lower than last year, nine for 1933 against 15 for 1932, but the maternal death rate increased from one to four.
