

BOYS' CAMP IS GREAT TO DATE

Says Scribe at Oceanside; Food Fine; Even Scrubbing is fun

BY DAVID COMPTON
Y. M. C. A. CAMP, OCEANSIDE, July 27.—As Napoleon said, "We're here!" Everyone is as busy as a cranberry merchant. Our camp is a little unsettled as yet but we are getting organized rapidly. Tuesday a lot of us went for a dip in the ocean, and was it cold! We have not had time for any organized swimming or for ball games.

Our tent leaders this year are Julian "Sarge" Prescott, Bob Brownell, Monte Jones, Fred Remington and Delvia Neiderheiser. They were introduced to all of us at our campfire last night, along with H. M. DuBois, Fred Blatchford, Dwight Adams, Gus Moore, Rev. Hugh McCallum, who have charge of the camp activities.

Hume Downs and Phil Yoder are working like bees, scrubbing the floor of the dining hall. Everyone else (including Ed Busick) is cleaning up for tent and personal inspection.

George "Sharkey" Arbuckle was up with the chickens this morning and woke everyone else up, including yours truly. His closest rivals are Wallace Steed and Raymond Farmer.

Richard Chambers has the hives and is his face red! Is o. k. now.

Everybody enjoys the delicious meals "Pop" Cray prepares. This morning we had stewed figs, hot-cakes, syrup, mush, bacon, cocoa and butter. Gordon Kneeger and Eddie Busick get away with most of the cats around here.

George Alexander, our he-man camper is having a glorious time, he says.

As I am running shy of news, I will sign off for a few days. I'm sure Doug McKay, Jr., will stir up something of interest. I write about tomorrow.

WHAT! NO CLUTCH PEDAL?

There isn't any on this test car—and you won't need any either, if you drive a De Luxe Plymouth Six. For, with the Plymouth clutch, the clutch pedal is operated automatically, by means of the vacuum device built in on the Plymouth motor. This automatic clutch is shown in the illustration. Its use is optional with the driver, and is controlled by the button shown on the dash. With the automatic Plymouth clutch in operation, there is no need to use the clutch pedal either in starting, shifting or stopping.

D. N. S. TRAINING PUPILS IN PAGEANT

MONMOUTH, July 27.—Approximately 200 children of the Oregon Normal school's training school presented "Westward Ho!" a pageant of frontier life, Wednesday, on the normal campus. Five episodes were featured, preceded by a prologue spoken by Jimmy Chatauk, an eighth grade boy of Monmouth, colorfully attired in cowboy regalia riding a black horse.

Featured in parade were the covered wagon and Indian conveyances by horse and crude carrier. Colorful costumes indicated each group in an identifying manner.

The summer session for the training schools ends this week. It has been well attended, the children finding much of interest in the work, also in the summer

sports such as swimming, archery and tennis, and several school picnics.

WHY SALAD DRESSING COSTS 1/3 LESS

A LITTLE MAYONNAISE + CEREAL FILLERS + WATER + COOKING = THE BEST SALAD DRESSING

NO WATER IS ADDED TO REAL MAYONNAISE. Best Foods Mayonnaise, you know, is made from eggs, fine salad oils, imported spices and selected vinegar—no water is added, no "fillers," no cooking. While even the finest salad dressing, as you see, contains inexpensive "fillers" and water (from 30% to 40%) to give added bulk so it can be sold for slightly less than real mayonnaise.
