

### EMBARGO ON GOLD EXPORT MODIFIED

WASHINGTON, July 27—(AP)—Relaxing slightly the stringent regulations against exporting gold from the United States, the treasury decided today that gold ore and gold concentrates could be sent abroad.

Earlier, Attorney General Cummings told newsmen that gold holders who refused to return their metal to the government in response to a presidential order would be prosecuted within three weeks.

In answering questions from gold producers, the treasury agreed to the relaxation but held that smelted and imperfectly refined gold could not be shipped abroad without violating the president's embargo order.

In an opinion submitted to the treasury, Attorney General Cummings defined as gold the metal which has been smelted or imperfectly refined. Gold concentrates is the result of crushing and washing gold ore.

Cummings said publication of the names of those who refused to comply with the president's order to turn their gold over to Federal Reserve banks would be started as soon as his agents finish checking a list of those who withdrew gold during the banking emergency.

After the publication, he added, he plans to start prosecution of those who still defied the government.

#### Speculative Buying is Renewed; Reports Of Crops bad

CHICAGO, July 27—(AP)—Wild skyrocketing of prices whirled the wheat market up 8 cents a bushel toward the south today, the extreme rise that emergency rules allowed.

Renewed big speculative buying by the public took place, and despite immense profit—taking left the market at the end of the day tugging excitedly around the topmost peak attained. Increasingly sensational bad crop reports from Canada and the American northwest aroused buyers to a fever pitch, with late weakness of the New York stock market powerless to turn grain values back except for a brief transient interval.

Wheat closed flurried, 7 3/8 cents above yesterday's finish, corn 3 1/4-4 1/4 up, oats 3 1/4-4 cents advanced.

### SUSPECT IN BANK ROBBERY MAY DIE

LOS ANGELES, July 27—(AP)—A bank robber suspect, Ray E. Griffith, 28, Spokane, Wash., was near death tonight in a Downey hospital, another was in jail and W. J. Hearnlein, constable, was recovering from three bullet wounds he suffered in a running gun fight with them.

Earl Wall, 34, Los Angeles, was jailed after Hearnlein and his deputy, J. J. Moran, shot it out with Griffith and Wall when they left the First National bank of Downey. Loot of \$1000 was recovered.

Hearnlein, staked out behind a shed near the bank, opened fire as the two men ran for their automobile. They returned his fire, sending bullets through both arms and his left leg. His deputy, hearing the gunfire, gave chase, forcing them to surrender.

Hearnlein said he became suspicious of Griffith who, he said, visited the bank daily. Griffith was shot near the heart and hospital physicians said he probably will die.
