

PORTLAND BUTTER VALUES OPPOSED

Claim Made After Prices Drop Cent; Turkey Offers up to 18c

PORTLAND, July 27.—(AP)—Further drop of 1 cent a pound in the price of cube butter during the late session of the produce exchange appeared to indicate the downward trend of values was being utilized too much by the interests opposed to adequate values at Portland. There was no doubt of the pending weakness in the butter trade here as a result of the action of county creameries in previously withholding their supplies from market however. Decreasing make of butter was more than counterbalancing the holdover stuff. Butterfat price was cut along with the slash in butter with a general 22c top for churning cream.

Trade in eggs continued fully steady with practically no changes suggested in the price list. Late receipts are slightly increased as a result of the opening of the pullet season but others were short.

Somewhat better situation prevailed in the market for live chickens as a result of the recent reviews. Buyers have today announced an advance of 1c in the buying price in most lines, effective at once.

Offers of 18c top for fancy dry plucked brooder hen turkeys were being made here, this being the highest point for an extended period. The weather continued against successful shipment and receipt.

Country killed meats were generally unchanged for the day.

DRY ONION MARKET AS HIGH AS \$1.25

PORTLAND, July 27.—(AP)—Market for dry onions was fairly steady and again as high as \$1.25 for old Oregon. Walla Walla stock was quoted by wholesalers here at \$1.15 central instead of the \$1 noted yesterday, the mistake being in taking the 50s instead of the 100s for listing.

Little trading was done in California St. John's peaches here, which are nominally quoted to \$1.10, but early Oregon fancy packs were selling at high in a limited way, which is unusual. While in spots the undertone of the new potato deal was not quite so good, most sales of top quality continued unchanged in price for locals. The home supply was sufficient for all immediate needs here.

Cucumber market firmer and higher. Good corn continued scarce, prices steady. All berries were showing a slower demand.

Steels, Rails Lead Splurges On Stock Mart

NEW YORK, July 27.—(AP)—Broad advances in grain prices overshadowed the efforts of stocks today, although shares managed to splurge in certain sections, notably the steel and rail group. Sales for the three hours from 11 a. m. to 2 p. m., totaled 2,489,170 shares, around half a million more than yesterday. U. S. Steel rose 2 1/2 net and Bethlehem 5 1/4; for Youngstown, Republic and National the gain was 1 1/2 to 2 1/2. General Motors rallied 1. Westinghouse, American Telephone, Chrysler, Sears Roebuck, International Harvester, U. S. Rubber, Western Union, Consolidated Gas and a good representation of rails were up fractions to more than a point. New York Shipbuilding jumped 2. Case gained 3 1/2. U. S. Smelting jumped more than 7.

Paulus Continues Loganberry Pack

Although most local canneries are this week ending their run for the first half of the fruit season, Paulus Brothers will buy additional Loganberries. William Paulus said yesterday the cannery has an outlet for all the logans it can get now, and will operate on these berries as long as fruit is available. The same growers will get earlier in the season prevail, two and a half cents. Some red raspberries are also still going through the Paulus plant.

Hay Harvest Hearing Finish About 'Green'

HAZEL GREEN, July 27.—The hay harvest is about finished. Monday J. A. Zielenki will begin to cut grain on his farm bought of Orville Luckey. Others are planning to begin grain harvest.

TAX 1 YEARS NOTICE

The Board of Equalization meets on the second Monday in August of each year for the purpose of examining and equalizing the assessment rolls of Marion county, Oregon. All persons desiring to protest any assessment or said rolls must do so according to the following provisions of the law: "Petitions or applications for the reduction of a particular assessment shall be made in writing, verified by the oath of the applicant or his attorney, and be filed with the board within 15 days from the time it is by law required to be made, and any petition or application not so made, verified and filed shall not be considered or acted upon by the board."

OSCAR A. STEELHAMMER, County Assessor.

5000 THEATRICAL STAGE MEN STRIKE

LOS ANGELES, July 27.—(AP)—A mass meeting of 5000 striking International Alliance Theatrical Stage Employees to consolidate forces for a "finish fight" in their controversy with major motion picture studios was called tonight after producers refused to enter into arbitration.

Richard J. Green, international representative of the I. A. T. S. E., called the closed meeting for tonight after a conference with Pat Casey, producers' representative, who reported the refusal to enter into arbitration of the dispute.

The meeting between Green and Casey was to have been the first of a series of preliminary discussions looking toward a termination of the strike which started about five days ago at the Columbia Film studios where sound technicians walked out first. Allied trades called sympathetic strikes.

Country killed meats were generally unchanged for the day.

\$326,000 INSURANCE PAID HERE IN 1932

Life insurance policy holders and beneficiaries in Salem received \$326,000 in cash during 1932 according to a summary compiled by The National Underwriter and reported today. One claim for \$68,000 was paid in the city but the beneficiary is not listed in the Underwriter. Second largest claim paid in Salem went to the estate of the late Dr. Robert T. Boals and was for \$50,288. Five \$2000 claims and 13 \$1000 claims were settled.

Oregon's total policy holders and beneficiaries received \$45,800,000 last year, an increase of 27 per cent over 1931. The state ranked 20th in payments in the nation although it is 34th in population. Per capita payments were \$48.

Salem policy holders and beneficiaries received the second highest amount of any city in the state, getting \$270,000 last year compared to \$226,000 in 1931. Portland led all cities in insurance receipts, obtaining \$8,810,000. Eugene came third as a city with \$209,000 paid there, Klamath Falls fourth with \$180,000, Astoria fifth with \$118,000.

In this country, where artesian wells are rare, the usual thing is to drill a depth of 300 feet for them. This is the third time Mr. Stadel has had a well drilled, the first going 17 feet, and the second 85 feet, through a layer of solid rock. The artesian overflow will run into a small tributary of Brush creek.

2 Marriage Licenses Issued Polk Couples

DALLAS, July 27.—Two marriage licenses were issued here Wednesday. The first was to James Dreyer, 22, logger, and Guya Lewis, 17, student, both of Falls City, and the second to Wil-

Army Recruiting Will be Resumed Here, Announced

Major Paul Hathaway, district recruiting officer, room 325, new post office building, Portland, Oregon, announces the resumption of recruiting activities for the United States Army. Original enlistments are now being accepted for the Seventh Infantry at Vancouver Barracks, Washington, by the Portland station.

In order to qualify for these vacancies the man must be between the ages of 18 and 35, single, have an excellent character, in excellent physical condition, have no dependents, and be able to furnish the names of at least three reputable, responsible business men or citizens in the community in which he lives as references.

SEEK TO CLEAR WAY TO MEET ABDUCTORS

OKLAHOMA CITY, Okla., July 27.—(AP)—Nervous and apparently on the verge of collapse, Mrs. Charles E. Urschel, wife of the kidnaped Oklahoma oil man, conferred today with newspapermen who agreed to withdraw from the home and make possible unobserved communication with the abductors.

Mrs. Urschel and a group of close friends and relatives said they believed no effort would be made to begin negotiations as long as watchers were about. Police and federal operatives, although running down all clues have withdrawn from the home at the family's request.

Mrs. Urschel was worried for fear harm might be done her husband, who has been missing for five days. No authentic report of an attempt by the kidnapers to get in touch with any of the several men named by the Urschel family as intermediaries has come to light.

SPAIN RECOGNIZES SOVIET GOVERNMENT

MADRID, July 27.—(AP)—Recognition of the government of Soviet Russia was decided upon today by the Spanish cabinet and president of the republic.

Newspapers published reports from France saying Leon Trotsky, exiled communist leader, might become reconciled with Moscow and be named first ambassador to Madrid.

The decision to establish normal relations with the soviet state was taken at a meeting of the cabinet with President Niceto Alcalá Zamora at which harmony prevailed. Previously it had been predicted that internal dissensions in the cabinet might bring on a government crisis.

The newspaper reports which advanced the name of Trotsky as a possible diplomatic agent of the Moscow government, said the exile, who now is in France, might later be made first ambassador to Washington if the United States recognizes Russia.

ARTESIAN WELL IS FOUND BY STADEL

Rudolph Stadel, Jr., of route three, Silverton, struck an artesian well last week while drilling for a well to be used in irrigating his two acres of hops. The well is about 44 feet deep, and with a pump he can get 33 gallons per minute. The well overflows at the rate of two and a half gallons per minute.

In this country, where artesian wells are rare, the usual thing is to drill a depth of 300 feet for them. This is the third time Mr. Stadel has had a well drilled, the first going 17 feet, and the second 85 feet, through a layer of solid rock. The artesian overflow will run into a small tributary of Brush creek.

McNary Optimist On Columbia Dam

Senator Charles L. McNary of Salem called on President Roosevelt at the White House Thursday urging the construction of a dam at Bonneville, in connection with the Columbia river improvement project. McNary reported himself heartened by his reception when he left the president, the latter saying he would discuss the proposed dam with Harold Ickes, secretary of the interior and head of the public works program.

Appeal of Goss Case Filed Here

Formal appeal to the circuit court of the case of O. H. Goss, found guilty on a vagrancy charge in justice court, was filed yesterday. A new bond was arranged, with G. M. Wyatt and Y. McClellan as signers.

Ham Haviland, 48, engineer, and Bertha Black, 38, housekeeper, both of Williams.

The federal land bank of Spokane filed a complaint here Wednesday against Frank W. Schilling, et al, in which they seek to have a mortgage foreclosed.
