The report on the progress of the sewage disposal plant will likely not be made as indications are that the committee will not have met prior to this meeting.

A committee consisting of P. L. Brown, Hugh Range and Charles Reynolds was appointed to make preliminary plans for the plant, following a special meeting of the council held last week. Mayor Garver is to act as chairman of this committee.

The council will likely not be made as indications are that the committee will not have met prior to this meeting.

Mrs. Chalfant expects to reach Panama on or about August 7.

Postoffice Cost Here Lower Due To Cuts in Pay

Savings of \$15,785.76 were chalked up by the local postoffice during the fiscal year ending June 30, 1933, over the year ending June 30, 1932, through compensation deduction of clerks and carriers. A similar percentage deducted from the salary of the postmaster and fees paid for delivering special delivery matters makes the total saving in running expenses slightly higher.

In 1932, Postmaster John H. Farrar's records show, clerks were receiving a total of \$57,811.88 as compared with the \$49,550.08 paid for similar services in 1933. Carriers received \$58,348.87 during the former year while they were paid \$50,824.71 during the year just closed.
