Here. Said: Hoppers Boon to Klamath

PORTLAND, Aug. 8-(AP)-The Journal said today a survey of the turkey situation in the en-.\$450.00 tire Pacific northwest indicates an apparent shortage of from 25 to 30 per cent in the territory, with most sections reflecting a loss. Traders and county agents cooperated in the survey.

> "The losses in Idaho and in central Oregon are the heaviest in the northwest sector," the writer said. "the latter probably showing a fractional greater reduction at 50 per cent as compared with 40 to 45 per cent suggested in some parts of the gem state." "In Oregon the survey .

shows a crop probably 15 to 20 per cent lighter than last year, the article said. "In some districts adverse weather conditions are accountable for the smaller number, but most sections hatched fewer birds, due to the very low record prices received last season."

"In the Willamette valley, Yamhill and Douglas counties,' the report said, "very extensive growers of turkeys with reputations for quality, there is a shortage of probably 20 per cent.

"Klamath county and district appears the only section in the Pacific northwest to show more birds available than a year ago. Klamath county played in luck by having some wonderful grasshopper fields for feeding.

MAY REFORM SPORT OF KINGS

The arrest of seven men, climaxing an 8-months investigation of Federal agents under the direction of Harry J. Anslinger, U. S. Commissioner of Narcotics, at Arlington Park, Chicago, has focused the national spot-light upon the crooked methods employed by a nation-wide syndicate of gamblers to "fix" races by "doping" horses. Although the arrested men, one of whom is Ivan Parke, once a leading American jockey, are charged only with possessing narcotics, the revelations following Federal action is expected to eliminate the illegal practice of drugging horses, which constitutes a dark blot on the "Sport of Kings."

NURTHWEST BUTTER ADVANCE HELD ARTIFICIAL 255.00 20 per Cent off in Valley Market Oversold, say Observers; Wheat Close Irregular

CHICAGO, Aug. 8-(AP)-Fluctuating nervously, wheat prices here made a last minute quick recovery today from skidding that accompanied New York cotton market weakness and Winnipeg wheat quotations' unsettlement.

The sudden rally of wheat values at the last indicated to pit observers that the market was in an oversold condition. Earlier, wheat at times showed decided strength. parallel with reports that President Roosevelt and various economic advisers were to discuss the commodity dollar, and that a major development in administration currency plans appeared

probable. Wheat closed irregular 1/4 off to % up compared with yesterday's finish, corn unchanged to % down, oats at ¼ decline to %
