

State Kitball Tournament Will Open Here Next Monday

OREGON'S FIRST EVENT OF KIND

Eugene, Portland, Oregon City and Salem City Champs Entered

Oregon's first state kitball tournament will be held in Salem, under the lights on Sweetland field, next Monday and Wednesday nights, August 28 and 30. It was announced last night by Dwight Adams, secretary of the Salem Kitball league, who has been making arrangements for the tourney.

Monday night at 8 o'clock the Salem champions, who will not be selected until the league play-off is completed tonight or Thursday night, will play the Eugene champions, the Knights of Columbus team. At 9:15 the Portland champions, the B. P. Johns company team, will play the Oregon City title winners, the Veterans of Foreign Wars.

On Wednesday night the winners of the Monday night games will play for the state title. Since considerable expense will be entailed in bringing the three visiting teams here, the admission prices will be higher than for the local league games.

At 8 p. m. on Wednesday night the Eugene champions will play the Portland champions, the B. P. Johns company team, in the city championship game. The game will be held at Sweetland field. Pade's is expected to put "everytime" on the ball tonight in a desperate effort to even matters up after Monday night's defeat, and Parker's will be just as earnestly endeavoring to sew up the championship in short order. The charge for this series is the same that has been in effect, ten cents, throughout the league series of night games.

Tonight Pade's and Parker's, the latter already "one up" in the city championship sprint, will clash again at 8 p. m. on Sweetland field. The veteran Mervin Barrackman, without his bear, came back to Salem with a brand new hold, an airplane headlock which looked and sounded mighty convincing, to take the measure of "Bunny" Martin at the armory Tuesday night. Barrackman used it twice in succession to gain the two falls, the last one in almost no time at all, after Martin had won the first one with a body press.

Martin's "College Humor" brand of wit supplied some color to the bout, and the crowd, rather small but not bad considering the weather, seemed to appreciate the effectiveness of Barrackman's showing, the result of excellent condition. Time of the first fall was 15 minutes 23 seconds, of the second 4:38.

George Bennett continued his winning streak, taking Newton Oakie into camp with great dispatch. After Oakie had won the initial fall in 10:24 with a body press, Bennett came back with a reverse headlock and head spin in 4:54 and clinched it in 5:13 with a body press. It was a cleanly contested match, but that detracted nothing from the vocal evidences of Bennett's continued popularity.

The main fireworks of the evening were supplied by Jess McCann, who lost by considering the weather, seemed to appreciate the effectiveness of Barrackman's showing, the result of excellent condition. Time of the first fall was 15 minutes 23 seconds, of the second 4:38.

Colored Davidites to Come Thursday; Senators Looking Ahead Also to Eugene Game

John and Walter Herberger, efficient bag-toters at the Salem Golf club, have gone to the world's fair at Chicago. There are a lot of us in supposedly higher callings who won't get there; maybe we'd better see if any more caddies are needed and whether we might qualify. It must be a profitable business.

We've often wondered if any golfer had ever driven a tee shot into the lake on the fourth fairway at the Salem club. One of the caddies informed us the other day that Bill Busick turned the trick, and that Harold Olinger put one right down on the last bench the other day and then popped his next shot into the water.

There's always a fly in the football coach's ointment. If he loses most of his athletes by graduation, he's bound to lose several games the following season, barring miracles, and may expect to take a roasting from those fans who don't take such things into consideration; but if he loses only a couple of boys and has a record of material, he has to win all the games or take a roasting from those fans who do reckon the material.

Prink Callison at Oregon, who lost only Morgan and Boverman from his 1932 squad, is in the latter class this year, which is another way of saying he's on the spot. We don't mean it's so critical already that the red-eyed boys are going around during him to lose one game—but just wait.

Jimmy Phelan at Washington who is not, as we recall it, in such favorable position to win games nor, therefore, in such a tight position in case he loses a couple, predicted the other day that the Trojans would meet their Waterloo, or maybe we should say their "old-time" home, this fall. It would sound more convincing except for the postscript to the story, to the effect that season tickets went on sale the same day.

Many big league ball players do this "bally shanty" at venetians rather than in the morning because the profuse perspiration during a game makes a freshly-shaved face sting.

DUCKS CAPTURE SERIES OPENER

Kallio Allows Nine Blows But Spreads 'em; Oana Obliges With Homer

PORTLAND, Ore., Aug. 22.—(AP)—Portland defeated San Francisco, 9 to 2, to win the series opener here tonight. Although Kallio, on the mound for Portland, allowed the Seals nine hits, he kept them scattered where they didn't produce much in the way of runs.

Portland opened the scoring with a run in the fourth inning on singles by Oana and Reeves and Galan's error. San Francisco tied it up with a run in the fifth inning when Sulk hoisted a homer. Portland answered in its half to route Salem in a game with four runs, on singles by Monroe, Mulligan, Sheely and Oana and Berger's double. Stuts succeeded in Dougal on the mound for San Francisco.

The Beavers scored three more runs in the sixth inning. Blackerby doubled, went to third on a passed ball and scored on Bottarini's error. Sheely walked, and Oana hit a home run. Portland picked up one more run in the seventh inning on singles by Palmisano and Monroe.

The Seals scored their second and last run in the eighth inning when Sever singled and came in on Funk's double. San Francisco..... 2 9 3 Portland..... 9 14 1 McDougal, Stuts and Bottarini; Kallio and Palmisano.

SEATTLE, Aug. 22.—(AP)—Pinch hitter Truett Sewell's home run in the ninth with two men on bases sent the Los Angeles Angels and their league-leading pitcher, Dick Ward, down to defeat tonight 4 to 3, and gave the Indians the first game of the series.

With the Angels leading, 3 to 1, Fay Thomas got himself into trouble in the ninth by walking Bradbury and pinch hitter Junk Walters. Ward was summoned to the mound, to be greeted by Cochar's sacrifice and Sewell's circuit blow over the left field fence.

The game was a pitching duel up to the ninth. Thomas allowed only seven hits and George Caster, who won twice from Los Angeles in the south two weeks ago, a similar number.

The Angels had gotten off to a two-run start in the first inning.

Rajah of the Browns

By BURNLEY

THE Rajah rides on Rogers Hornsby, the Lone Wolf from the Lone Star state, has landed in the American League at last. He has a long and turbulent career in the National league, the sharp-eyed Texan was always a storm center, and it seems that some of the American League magnates were none too anxious to have this reputed "trouble-maker" come into the junior circuit.

Wins Title

Golf's newest sensation is Lucille Robinson, 22-year-old Iowa girl (above), who won the women's Western championship at Oak Park, Ill. She defeated Virginia Van Wie, the national champion in the final round. Experts say she's on the way to the top.

LINDBERGH'S FINISH HOP OVER ICELAND

REYKJAVIK, Iceland, Aug. 22.—(AP)—Colonel and Mrs. Charles A. Lindbergh landed at 5 p. m. today (1 p. m. eastern standard time) at Reykjavik on the eastern coastline of this island after completing another stage of their aerial survey of North Atlantic air lines. They left here at 11:20 a. m. without revealing their destination.

Their journey carried them over most of the island. The plans of the couple were not made known, Lindbergh saying, "I like better to say what I have done than what I intend to do." He emphasized that he had no itinerary.

Prior to his departure from this town he was shown a dispatch saying he intended to fly to Copenhagen, Lisbon, Portugal and then the Azores. His reply was: "Well, now they have taken the only country in Europe I think except Russia, which they haven't guessed before that I will visit."

The colonel declared before his takeoff that with good planes and experienced fliers, the north Atlantic route was feasible, with flights practical under any weather conditions. The question, he added, was whether the route would be financially practical at present.

AUSTRIAN BORDER CONFLICT FEARED

PARIS, Aug. 22.—(AP)—Suddenly renewed fear of armed conflict along the Austro-German border became today one of the dangers complicating little Austria's political and economic plight.

Reports from Austria said six or eight thousand axes, many with shotguns and rifles, were strung along the frontier, creating a menace of guerrilla warfare and even organized invasion. When the fast-growing Austrian Nazi party, agitating for union with Germany and declaring allegiance to Chancellor Hitler, was ordered outlawed by the Dollfus government, many were exiled or fled to Germany to escape arrest.

To meet this new crisis, France has approved the plan of Chancellor Engelbert Dollfus in which his present army of 22,000 to 30,000, the limit authorized by

DECISION IS TAKEN BY PETER JACKSON

PORTLAND, Ore., Aug. 22.—(AP)—Young Peter Jackson, Los Angeles negro, won a 10-round decision over Billy Townsend of Vancouver, B. C., in the main event of an outdoor fight card at the Civic stadium here tonight. Jackson weighed 135, three pounds less than Townsend.

The two fighters, both hard punchers, fought cautiously in the first six rounds, with the honors about even, with Townsend holding the edge, if any, with flurries of effective body punches.

Jackson found the target midway of the seventh round, lashing out a short right to the jaw that sent the Canadian to the canvas for the count of nine. When Townsend arose Jackson dropped him again for an 8-count.

Townsend's best round was the eighth, but Jackson took the lead in the final two rounds to receive the referee's nod. The decision appeared popular.

Ah Wing Lee, 139, Portland Chinese, knocked out Joey Kaufman, 147, Buffalo, N. Y., in the first round of the scheduled ten-round semi-windup. The bout lasted only two minutes and 21 seconds. In that period Kaufman was down four times.

Chalky Wright, 128, Los Angeles negro, won a 6-round decision over Whitey Neal, 127, Portland, and Louis Nelson, 138, and Roy Ockley, 136, both of Portland, fought four rounds to a draw.

Tiger Cody, 132, Butte, Mont., and young Harry Willis, 136, Longview, Wash., went four rounds to a draw.

Elmer Brown, 123, St. Paul, won a technical knockout over Eddie Spina, 125, Portland, in the last round of the 4-round opener.

SUPPORT RECOVERY ACT SAYS AL SMITH

Lack of Cooperation Would Be Tragic; Criticized Plan Editorially

NEW YORK, Aug. 22.—(AP)—Alfred E. Smith in a plea tonight for "universal cooperation in a fair trial" of the national recovery movement asserted its failure would mean digging in for a "long siege" with "slow and painful" rehabilitation.

"The plan must not fail," the former governor of New York added, "through lack of individual cooperation."

"Support of the president's plan is the only course for good citizens in democracy when there is sickness in the body politic."

"The president has frankly stated that this is an experiment and that he will be the first to acknowledge its failure if it does not work. He asks only for loyal cooperation in trying out a plan which gives reasonable promise of success. This cooperation he certainly should receive."

In a recent issue of his magazine, the "New Outlook," Smith wrote that while he might be "old-fashioned" he felt he could not understand how the NRA "can possibly work."

In his address tonight, the former governor declared: "There are many who honestly believe in other remedies. That is not the point. There can be only one cure in trying out a plan president must, like Luke in the bible, be the great physician."

Support of the recovery program, Smith said, "commits no one to a blanket approval of objectionable methods employed here and there in this campaign."

SUBSIDY PLAN MAY BE FINISHED TODAY

Millers Fear They Will be Crowded out if Coast Differential Ends

PORTLAND, Aug. 22.—(AP)—Final and complete agreement on details of the Pacific north-west wheat export by tomorrow noon is confidently expected by Douglas McIntyre, representative of the wheat adjustment administration in charge of the informal hearings on the project which started here yesterday, he said tonight.

Details of the plan agreed to in principle yesterday occupied the time of the executive committee of 12 during many hours last night and all day today. As the committee broke up tonight McIntyre announced that practically all details had been ironed out and he felt certain the completed plan would be ready for submission to the officials of the agricultural adjustment administration by noon tomorrow.

For a while today the executive committee appeared deadlock over minor difficulties involved in the plan, most concerned with the fear of the millers that they would be crowded out of the picture through loss of the domestic flour market if the recently increased differential between the coast and Chicago is wiped out as hoped for by the producers and exporters.

Much of the time today was spent in trying to arrange the plan so that the foreign market for the millers would be stimulated to offset any business they might lose in the east.

Representatives of the agricultural adjustment administration have given the millers' representatives assurance that their business will be protected to the extent that they can, and have pointed out that the plan is a stimulation of exports through aid in surmounting foreign price levels, tariff walls and exchange barriers, so that their foreign flour business should be greatly increased as a result. If the wheat moves out as flour, the better, seems to be the administrative attitude.

Time was also spent today reconciling the two specific export plans, one of which provides for the National Grain Exporters' association as the group responsible for handling the movement of surplus grain from this territory, and the other providing that the North Pacific Grain Growers' Cooperative association perform this function. This matter was also settled, according to McIntyre.

OIL COMPANY WILL EMPLOY MORE MEN

In keeping with its recent endorsement and adoption of President Roosevelt's NRA code, the General Petroleum corporation will add many men to the personnel of its retail outlets in Oregon, and will materially increase the number of men of the old service station employees.

This announcement was made yesterday by C. G. Walker, Salem district manager of the company, on his return from Portland where he attended a conference of the Oregon division executives and the managers of the districts in which the new schedules apply.

"The schedules go into effect immediately," said Walker. "It is the purpose of the executives of the company to comply in every respect with the NRA code, and to do everything within their power to assist in the program of the president to bring prosperity back to the nation."

LUMBER FIRMS ARE UNDER BLUE EAGLE

SEATTLE, Aug. 22.—(AP)—With logging and lumber firms of the Pacific northwest pledging allegiance to the Blue Eagle of National Recovery, Shirl H. Blalock, district manager of the bureau of foreign and domestic commerce, announced today that more than 150,000 employes in Washington, Montana and Wyoming are now under the NRA emblem.

Two large Washington lumbering firms, each with more than 1,000 employes, joined the parade today and more than two dozen firms in the state have signed up during the past two days.

Blalock said the three states now have 36,320 individual employes with 152,876 employes working under NRA codes.

Campbell Case Postponed Till Pal is Located

Preliminary hearing for Jack Campbell, arrested last week following alleged robbery of slot machines from the Silver Eagle, was yesterday continued until August 31. Guy Smith, attorney for Campbell, requested that the hearing be postponed until Campbell's alleged companion in the theft, Harry B. Craig, is apprehended.

Smith stated he believed it would be to advantage of his client to have both defendants present at the hearing. They are charged jointly with the crime.

Sleuth Service Basis of Action In Local Court

Fees for detective service were cause of argument in the J. F. Hiltson vs. Carra Dulaney civil suit heard in justice court yesterday afternoon. Judge Hayden took the matter under advisement.

Hiltson claimed fees were due him for detective work in which defendant received a \$35,000 settlement over a triangular affair.
