Is Challenged!

Rusty Roi, American parachute racing champion, who will defend his title. Roi and challenger will be taken aloft in the same plane to an altitude of 5000 feet. Then, at a given signal from the pilot, each man bails out opposite sides of the plane, and races earthward. Do they pull the cord right away? No! Through space they drop, each man watching the other, endeavoring to be the last to pull the rip cord. Once both chute are open, then the racers "slip the chute," in an endeavor to make the fall faster.

The first man reaching the ground is declared winner. Nerve is what counts in this event. Parachute races are considered most spectacular and have proven popular in the east this year.

The meeting Labor day afternoon between Roi and Benton will be the first. Both men are 24 years of age and have spent many hours in the air. Roi has been jumping for eight years and has 122 successful leaps to his credit. Benton, an ex-navy jumper has been jumping for years. He has also appeared as a stunt flier in several motion pictures, including "Hell's Angels," "Wings" and "Dawn Patrol."

SEEK PRICE RAISE IN FARM PRODUCTS

A. N. Whitelaw, farmer residing on route 2, Dallas, is calling a meeting of farmers of Oregon to be held at the chamber of commerce, Salem, Friday evening, September 1st, to consider joint action toward the raising of prices of farm commodities. About 200 invitations have been mailed out; but the meeting is open to all farmers. Senator W. E. Burks of Yamhill county, will be the speaker.

"It is time the farmers did something to protect themselves," said Whitelaw, who was in Salem yesterday. "Other prices are going up and if farm prices do not rise the farmers will be in worse shape than they are now."

County Cannery Makes Record Run

The season's record run for the county portable cannery was made Saturday, with 3115 cans of string beans put through from about 8 o'clock in the morning until 9:30 o'clock. BONDHOLDERS WANT MILL TO BE LEASED

Appointment of a receiver for the Fischer Flouring Mill company of Salem who can enter into a lease with some concern to operate the mill and resume a going business there, will be sought, Custer E. Ross, attorney for bondholders of the concern, announced yesterday. His statement followed word from Judge Arville G. Walker of McMinnville that a decree of foreclosure would be issued in behalf of the trustee of the company's bonds.

Walker thus overruled a claim made by defendants in the foreclosure suit who contended a foreclosure decree could not be granted by the court because the trustee had not given notice nor received written consent of the bondholders to institute suit. Judge Walker held such a procedure was not necessary by the trustee who already held a deed of trust to the mill.

The court held several defaults under the trust deed had been made. A provision that the company to be in Portland on Saturday, Nutt is an Associated Press newsman here; Miss Davies is a university student.

KEWPIES BANNED AT OREGON FAIR

Spinning wheels, kewpie dolls, ball games and like have been banned from the Oregon state fair this year. Conspicuous by their absence will be all the booths and the games which cannot exist after paying a living wage to its employees.

The news is expected to be welcomed by fair patrons. For years the games of chance have been a source of complaint. For more than 20 years livestock exhibitors have passed resolutions opposing the games.

According to Max Gehlhar, director of the fair, the only excuse for games of chance heretofore, was that they contributed liberally to the operating expenses of the fair. Their absence this year, he said, will mean a loss of several hundred dollars in revenue.

Personally, Gehlhar has opposed the operation of the games of chance for many years. In 1917 while district attorney of Marion county, he prosecuted and convicted 23 operators and their plants were closed up during fair time.

New rides and amusements will occupy much of the vacant space.

A new innovation this year is the rule limiting the price of all ice cream and drinks to a nickel. Another ruling is that all drinks, except coffee, shall be sold by the bottle. No longer will fair patrons be duped into buying colored water believing they are getting a real drink.

To insure the uniform five-cent price, the state fair is retaining control of all stands selling ice cream and soda pop exclusively.

Depression 'Armies' are Extolled in Democratic Gathering at Silverton

SILVERTON, Aug. 28 — In a flag-draped city, close to 2000 democrats and friends of the president gathered Sunday to listen to speakers extolling agriculture the purchasing power it had prior to the late European war. The matter, he added, would be more fully explained in detail at meetings soon to be called for all wheat growers. He did say that the control as it had been worked out "figures out the grower will be a few dollars ahead if he takes the benefit payment and takes 15 per cent out of production and keeps that land cultivated and free of weeds."

W. F. Fuller, publicity man for the Citizen's Conservation Camps of Oregon, was introduced and in turn introduced George E. Griffith who is on the staff of regional foresters. Mr. Griffith spoke of the C. C. C. forces as the first to serve in the war of depression. "This corps," he said, "is for the forgotten man, the man who has come out of colleges and schools without the American born privilege of holding a job." The CCC was not only building forests, he said, but was also building men.

Explaining the work of reforestation in Oregon, Mr. Griffith said, "Reforestation in Oregon is not tree planting. Preventing further holocausts, as the present one in the Tillamook region, is our work." He continued to explain that Oregon reforestation was to build trails and roads to speed up fire control. The boys are carrying out a program which the forest division of Oregon had mapped out as a 10-year program, but which was being carried out much more quickly under the present regime.

A picnic dinner was enjoyed at noon, preceding the afternoon's program at which almost all of Silverton gathered to listen.

West Honored by Scouts at Rally; Gifts Presented

Appreciation of the services of O. P. West as scout executive here the past several years was expressed by Boy Scouts of Cascades sea last night when West was presented with a toilet kit and fishing tackle box. The presentation was the main event of the field rally held at Willson park and Sweetland field attended by approximately 100 Boy Scouts and a large crowd of onlookers.

With West presiding, four boys were invested with the tenderfoot degree: Chester Harrison, troop five; Jack Gosser, troop nine; Allen Bartlett, troop nine, and Wendell Halseth, troop four.

Chesterfield
MILD
CIGARETTES

the cigarette that's MILD • the cigarette that TASTES BETTER

There are other
good cigarettes
but they are not
like Chesterfield

... and Chesterfields are
not like any other cigarette.

As soon as you light up a Chesterfield, we believe you will notice that they are mild. And before very long, you will certainly notice that they taste better.

These things don't just happen so. There isn't any accident about it. For we put into CHESTERFIELDS all that Science knows and money can buy to make them "satisfy."

Just try them!
