Chemeketas to Breitenbush—Members of the Chemeketas, Salem hiking organization, will spend next weekend at their lodge near Breitenbush hot springs. Starting from the lodge several hikes will be taken, one up the Jefferson park trail, another to the summit of Mansfield mountain, and a third to Lake Leone. Persons taking the trip are asked to take their own bedding and table utensils and to register at the Senator hotel before noon Friday. Cars leave the hotel at 2 o'clock Saturday. Burt Cray will be chef for the group.

Polk Leads Marion—Polk county led Marion county during the week ending August 25 in the lack of new communicable disease cases reported, the state department of health bulletin issued yesterday shows. As in the previous week, Polk last week had but one new case and that of pneumonia. In Marion, seven new cases were reported, five of tuberculosis and two of whooping cough. Seventy-eight per cent of the Polk physicians and sixty-six per cent of those in Marion filed disease reports.

Deposits Released—Release of an additional five per cent of the commercial deposits of the Multnomah Commercial and Savings bank at Multnomah was announced Wednesday by A. A. Schramm, state superintendent of banks. The order is effective September 1. The bank will then have unrestricted commercial deposits of 15 per cent and unrestricted savings deposits of 20 per cent.

FEW ASSESSMENT COMPLAINTS MADE

Equalization Board to end Work Soon; Lower Levy Reduces Objections

Fewer complaints on assessed valuations in Marion county were filed this year than in several years, Oscar Steelhammer, county assessor, said yesterday upon expiration of the period for filing petitions with the Marion county board of equalization.

This means that the board will finish up its work within a short time, as probably not more than a day all told will be needed to handle the matters that have been presented to it. The law provides that the board may sit 30 days or more, after petition filing is closed, to deliberate upon petitions.

The few petitions—less than half a dozen—filed with the board this year will likely be adjusted before any check is necessary, it is stated. A lower tax levy this year is given as one possible explanation for the few demands upon the equalization board. And another cause may be the fact that citizens are coming to realize more that taxes are not made in the assessor's office, but levied as a result of the various budgets drawn up by tax levying bodies and divisions of the county government.

Besides Assessor Steelhammer, members of the board of equalization are the county judge, J. C. Slegmund, and the county clerk, U. G. Boyer.

Cases Delayed—Delays asked by attorneys held up the setting of several cases yesterday when Judge L. G. Lewelling came to Salem to arrange the September term of court.

Mrs. Sherm Swank Dies on Tuesday

Mrs. Sherm Swank, formerly of this county, died Thursday night at her home in Junction City, according to word received here yesterday. Mrs. Swank moved to Junction City several years ago from the Aumsville district. They had lived at Aumsville for many years and had many friends in this county.

SCHOOL BUILDINGS BEING REFINISHED

Janitors Spend Summer in Brightening up Rooms For Coming Year

Cleaning, repairing, painting and varnishing the interiors of Salem school buildings has occupied the time of the janitorial force of 18 men working under head janitor G. W. Smalley this summer. All rooms in the south wing, erected as an addition to the senior high school nine years ago and not retouched since that time, have been refinished. In other parts of the high school building various repairs have been taken care of; the entire building will have been thoroughly cleaned and all floors refinished before school opens, September 18.

Similar activities have been carried on, though on not as large a scale, at other buildings in the city. Most of them were in need of roof repairs. Heating plants in all have been carefully checked for fire hazards and needed repairs made.

Two new bicycle sheds have been built on the grounds at Parrish junior high school and one at Leslie.

Greatest outside improvements have been made at Leslie where the unusually large grounds have been the scene of much labor by men on the county relief rolls. Funds from the South Salem Parent Teacher association and from Leslie students have gone into the grading of land there for tennis courts. Tiles for drainage of the football field have been laid. More than 600 feet of sidewalk is under construction by contract.

A great portion of the winter's wood supply has already been delivered to the various buildings; all with the exception of Parrish, where fuel oil is used, burn wood

NEW SUNDAY SCHOOL BOOTH IS OBTAINED

Fred deVries, director of the Sunday school booth at the Oregon state fair, met with officials of the fair board yesterday afternoon to decide on a new location for the Sunday school display, as last year's space was not available. The new location will be upstairs in the agricultural building, beside the W. C. T. U. booth. All Sunday schools that have material for display are requested to leave it with Homer Leisy in the drapery department at the Imperial furniture store in Salem this week. Otherwise, such material should be brought to the fair Monday morning.

Sunday school workers will meet at the fairgrounds this morning at 9 o'clock to put the booth in shape.

LARGE TOMATO PACK STARTS NEXT WEEK

Packing of a bumper tomato crop will get under way the first of the week at the Cleary and Hillman plant in West Salem, and by September 18 canning of a big prune pack will start. Blackberries are just beginning to come in in quantities, and will hold on for three weeks.

This plant is just finishing a pack of from 300 to 325 tons of string beans, supplied from the West Stayton irrigated area. The bean and tomato packs are both being made for the West Stayton cooperative growers' association, but the prunes and blackberries are for Cleary and Hillman. Three hundred or more tons of tomatoes will be handled, this pack to last about 30 days.

About 65 women are working now, and another 30 or 35 will be on the job when tomatoes reach the peak.

This canning has signed 100 per cent NRA, and is now operating under its provisions.

Beds, Clothing, Baby Buggy are Needed Articles

The Salvation Army is issuing an urgent call for two beds and a baby buggy, all required by needy families. School children are also making heavy demands for clothing, but the supply is very low.

Anyone having any of the needed articles should call Captain McAllan at 9437, who will call for the articles.

● ABOVE—A. M. WILKINS, air-mail pilot for Transcontinental and Western Air, Inc., has flown the night air mail over 150,000 miles. It takes healthy nerves to hang up a record like that!

● RIGHT—AT THE END of this night run A. M. Wilkins joins a fellow pilot, W. Niedernhofer, at Newark Airport, the Eastern Terminal of TWA, for a chat and a smoke. "Camels never ruffle or jangle my nerves," Wilkins says.

IT IS MORE FUN TO KNOW

Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand. They are milder, richer in flavor. They never tire your taste or get on your nerves.

CAMEL

STEADY SMOKERS TURN TO CAMELS

A. M. WILKINS, air-mail ace, says: "It's a steady grind, all right, being a night hawk on the air mail. A man has to have healthy nerves to live up to our tradition that the mail must go through! That's why I smoke Camels. And I smoke plenty! Camels never ruffle or jangle my nerves, and I like their mild, rich flavor."

Steady smokers turn to Camels because the costlier tobaccos in Camels never tire the taste—never get on the nerves.

Your taste and your nerves will confirm this. Start smoking Camels today and prove it for yourself. It is more fun to know!
