

PICKERS LAUGH AS TRIO TAKEN

Hopyard Workers set Trap For Bristol and two Others, Reported

(Continued from page 1) son. Pickers also volunteered to assist in bringing the trio to Salem.

"Send 'em back to Russia," the pickers were reported to have yelled as the sheriff drove away with his prisoners.

As a final gesture, the pickers gathered up handbills which the agitators had thrown away upon the sheriff's arrival, and threw them on their fire.

A fourth member of Bristol's party departed hurriedly as the others were arrested, and four others came to Salem and unsuccessfully demanded the release of the trio.

The handbills spread among the German pickers and read the same as those passed out in other yards, demanding five cents a pound for picking, 50 cents an hour for common labor and 75 cents for skilled labor.

After a tour of yards both north and south from Salem, Sheriff Burck reported that the pickers were generally quiet, interested chiefly in picking as many baskets of hops as possible.

The sheriff and state police, armed with a machine gun and tear gas, moved in on the Clark yard at Fargo Sunday when it was reported a riot was starting there. The pickers were quieted a call from the Lee Hing yard, when the officers arrived but on the sheriff arrested William Nye, 58, alleged leader in the Clark disturbance, on a charge of disorderly conduct. He is alleged to have slapped a yard foreman in the eye when scolded for his manner of picking. Nye will appear in Woodburn justice court today.

Y. MAY WITHDRAW FROM JOB AGENCY

Whether or not the local Y. M. C. A. will sever all connection with the Salem free employment office now operating under the combined auspices of county, federal and association authorities will probably be decided definitively when the association's board of directors meets Thursday.

C. A. Kells, special agent for the bureau since its organization, was of the opinion yesterday that the withdrawal of the franking privilege from the employment office here marked the complete severing of the combined agencies which have previously supported it and that should the Y. M. C. A. withdraw.

RECORD IS SET AT STATE FAIR

Ideal Weather and Holiday Bring 27,623 Persons To State Exhibit

(Continued from page 1) cepted from J. O. Holt, president of the state board of horticulture, a "nose-gay" of six foot gladioli. Other prominent people who participated in the presentation ceremony were Mayor W. W. Stockwell of Grants Pass, Grant Matthews, county judge of Josephine county, and H. B. Richards, superintendent of the agricultural building. Governor Meier and Mayor Carson of Portland received greetings. . . . The bouquet, made up of 15,000 gladioli blooms from Josephine county, was sent to Salem in fast trucks and occupies the entire center of the huge agricultural building. A fresh supply of blooms will reach Salem Wednesday night. The presentation was witnessed by several thousand persons, including state fair officials. Mrs. Meier responded briefly.

Mr. Holt declared that more than 73,000,000 bulbs were grown commercially in Oregon last year, and that the industry particularly was important in Marion, Josephine, Linn, Lane, Douglas, Clackamas, Multnomah, Washington, Clatsop and Tillamook counties.

Highway Blocked BY FOREST BLAZE

WINNIPEG, Sept. 4.—(AP)—Five hundred motorists were stranded at Whittemouth, Ontario, tonight, unable to get through forest fires raging along a seven-mile stretch on the trans-Canada highway.

The motorists were bound for Winnipeg. There was little hope they would be able to reach this city tonight. Many have been held at Whittemouth since Saturday night.

The railway station at Elma was reported to have been destroyed by the flames.

Approximately 100 men were drafted in nearby towns for duty against the flames which threatened to cause further damage in the dry timber along the right of way of the Canadian National railway and the Canadian Pacific railway.

Wedell averaged 248.95 miles an hour to win the \$10,000 race. The victory meant \$5,000 for him.

BLUEBLOODS SHAMED

Academy Horses all Beaten in Equine Swim "OLD DOBBIN" CHAMP

PORTLAND, Sept. 4.—(AP)—Just a plover horse this morning, "Old Dobbin" went back to his barn tonight as a champion and a fancy field of the best swimming horses in Oregon bowed their heads in shame.

As newsreel cameramen and newspaper photographers gathered around to get their pictures of the "champion" and his rider, Geroldine Zidney, "Old Dobbin" still maintained his composed demeanor.

However, some observers contended that they saw the beginning of a horse laugh, as the champion gazed at his competitors from the academics.

CAMPERS AT FAIR NOT SO NUMEROUS

Albert Tozier, perennial mayor of Tent City out at the Fair grounds, thinks that state fairs aren't what they used to be but he is still on hand to welcome campers and visitors.

Camping at the fair is on the decline, due to the automobile and other fast transportation which make one day visitors to the exhibition the most common. Mr. Tozier states. However, campers are about as numerous as last year.

This year a pair of twins, A. S. Hulbert and A. A. Hulbert are encamped under the same roof for the first time at Tent City. They are the oldest twins in Linn county and have attended every fair held.

Mr. Tozier will be 74 next March. He is one of the few Life Members of the State Fair who still attend every year. Others who have registered this year are G. O. Savage, O. P. Miller, Judge J. C. Sigmund, H. F. Shanks, D. H. Looney, J. S. Hunt, F. W. Durbin and Edyth Tozier Weatherford.

SPA REOPENS AFTER BLAZE IN KITCHEN

A new roof, ventilating system and kitchen improvements will be put in at the rear of The Spa restaurant which was damaged by fire to the extent of between \$500 and \$600 around 9 o'clock Sunday night, Frank Myers, proprietor, said yesterday.

As none of the kitchen equipment was seriously damaged, the restaurant was opened for business yesterday afternoon. Temporary repairs are being effected to last through fair week.

Flames shooting through the kitchen roof attracted a large crowd as firemen promptly and efficiently attacked the fire. The flames were confined to the kitchen with the ceiling, roof, and door casings leading to the restaurant proper being burned.

The fire was believed to have started from defective electrical wiring inside the kitchen hood. Damage to the building, owned by H. O. White and the Kyle estate, was covered by insurance.

FEDERAL GUARD AROUND BAILEY

"Corruption" is Suspected in Mysterious Escape Of Noted Criminal

(Continued from page 1) At the direction of Washington department of justice officials an investigation was begun to determine how Bailey obtained the pistol and the saw with which the bars of his cell had been cut.

Joseph B. Keenan, federal anti-crime administrator who directed the hunt for the desperado from Washington and sent federal agents from several cities by plane to join the search, expressed belief that "corruption" figured in Bailey's escape.

Officials at Dallas and elsewhere expressed amazement that Bailey could have obtained a pistol or escaped from the jail, considered one of the finest in the southwest. Bailey was the first prisoner in the history of the jail to make a get-away.

LAMSON'S DEFENSE WILL START TODAY

(Continued from page 1) called by E. M. Rea, chief of the Lamson counsel, to aid the defense theory of accidental death. The defense also will call witnesses to testify that Lamson's relations with Mrs. Sara M. Kelley, Sacramento divorcee, were purely of a business nature. The state introduced testimony that Lamson visited Mrs. Kelley frequently and presented her with flowers.

District Attorney Fred Thomas has announced he has four expense accounts of Lamson which he will introduce as evidence if Lamson testifies about his visits to Sacramento. The expense accounts were said to show Lamson elsewhere on the dates witnesses at the trial last week said he was visiting Mrs. Kelley.

Lamson is expected to take the stand in his defense late this week to fight the circumstantial evidence presented by the state during the first two weeks of the trial.
