Orchestra Practices to Start October 3

Jacques Gerszkovitch, conductor of the Philharmonic symphony orchestra, came up from Portland yesterday to confer with officers of the society regarding the coming year's work.

Rehearsals of the orchestra will start Tuesday night, October 3, at the Y. M. C. A. New music has been received so the practice can start off promptly. The preparatory orchestra will meet Tuesday afternoon, October 3.

"I am all ready to begin our rehearsals," said the conductor. "I have some very interesting selections picked out for the orchestra to work on this winter. Several new players have promised to join, so we anticipate a very successful season."

Aurora Yards Finish Picking

AURORA, Sept. 13.—Hop picking in most of the yards surrounding Aurora was finished Saturday and this week will see the halt of the 1933 hop crop harvest. Yards varied in quality, but most of the hops were heavy and free from mold and lice. Many new yards have been put in this year, and acreage increased in established yards, which would indicate that Aurora would again be the flourishing hop center of north Marion county. It is observed that hop growers who maintained an acreage which could be picked by themselves exclusive of picking time, have taken few losses during the lean years and are the substantial need of the community. Old hop yards which produced hops of excellent quality in past years but which have been plowed under will again be in demand.

Following an old custom—the P. Q. Ottawa yard finished Saturday with an ice cream treat. The John Kister and Ray Yergen yards celebrated the close of the season with a weiner roast for some 125 pickers.

The "Rinky Dinks"—future business men of Aurora, but at present just a jolly group of wholesome boys, who are fairly bubbling over with life, enjoyed a weiner roast, followed by games, at the home of Robert Grow Saturday evening. Members present were: Carl Snyder, Eugene Warnock, Billy Kraus, Jimmie and Jean Strickland, Donald and Homer Olliver and Bob Grow.
