

COAL INDUSTRY CODE SPEEDED

President Demands Action, Apparently Gains it; 15 Hurt in Riots

(Continued from page 1)

would be available through loans to the banks and trust and mortgage companies at 3 per cent interest, the money to be released to business houses.

The loans are to be for any part of six months. Jones said the appropriation would reduce, effective October 1, the base lending rate from 4 1/2 to 4 per cent.

The opening of the R.F.C. vaults for loans to private industry was designed to help business houses that desire to move along with the NRA program of higher wages and more employees but are financially unable to do so. Hugh E. Johnson, the recovery administrator, has described it as the most potent present need of the recovery program.

UNIONTOWN, Pa., Sept. 14.—(AP)—Fifteen striking miners and a deputy sheriff were wounded by gunfire and more than a score beaten today as violence flared for the second time within a month in the southwestern Pennsylvania soft coal fields.

The outbreak signaled the official start of a "holiday" voted by leaders of more than 30,000 miners to protest against delay in completion of the NRA coal code, and to demand recognition of the United Mine Workers of America by the operators.

Rioting broke out at three mines of the H. C. Frick company, United States steel subsidiary and a leading producer in the field. Eight of its mines are closed tonight and eight are reported operating.

All the shooting was at the Gates mine, about 15 miles west of Uniontown. Pickets stoned miners en route to work. Company officials said only pumpmen, necessary to keep the mines from flooding, were reporting for duty.

Transportation Voted at Lyons

LYONS, Sept. 14.—A special district school meeting was held at Fox Valley Tuesday night to decide whether or not the district would furnish transportation for high school pupils this year. By a majority of one vote it was voted to transport the pupils to Mill City. There were 23 votes cast, 12 in favor and 11 opposing transportation.

How One Woman Lost 20 Pounds of Fat

Lost Her Double Chin — Lost Her Prominent Hips — Lost Her Sluggishness

Gained Physical Vigor—Gained in Vivaciousness—Gained a Shapely Figure

Thousands of women are getting fat and losing their appeal just because they do not know what to do.

If you are fat how would you like to lose it and at the same time gain in physical charm and acquire a clean, clear skin and eyes that sparkle with buoyant health?

And gain in energy and activity?

Why not do what thousands of women have done to get rid of pounds of unwanted fat? Take one-half a teaspoon of Kruschen Salts in a glass of hot or cold water every morning before breakfast.

Byrd to Survey New Antarctic Continent

ANTARCTIC SHIP "BEAR"

ADMIRAL RICHARD E. BYRD

Bound on his second trip to the Antarctic, Rear Admiral Richard E. Byrd will sail from Boston on September 25, on the schooner "Bear" for his former base at Little America, where he wintered during the expedition of 1929. The object of the new trip is to conduct an aerial survey of the territory surrounding the South Pole with the object of mapping and claiming it for the United States. Byrd will be accompanied by Harold G. Gatty, veteran pilot who was with him on his previous venture. Seven scientists and explorers, besides a crew of 70, complete the expedition which is financed by voluntary contributions of supplies and equipment from 1,400 manufacturers.

RAISE OFFERED AT M'LAUGHLIN

\$1.50 a Hundred Pounds is Agreed to by Lachmund To end Difficulty

(Continued from page 1)

mud and Gwin then took place, followed by Lachmund's giving way. He opened his statement with the assertion: "There is a time when a man's life when he wants to hear the sound of his own voice." Lachmund then proceeded to recount the history of the agreement among hop growers on prices to be paid for picking. He said the hop growers had met in Salem and agreed to pay \$1.50 a hundred for picking. He said some growers, in order to get hops picked were paying a 20 cents a hundred bonus. Lachmund then announced he would pay \$1.50 a hundred.

Many of the pickers clapped and cheered when Lachmund made his announcement. Harold Pruitt of Salem, took the platform to urge pickers to return to work.

"It is often said that the reason hop pickers are so radical," he said, "is a fair offer, the best I have found in any yard." Pruitt counseled that the men and women return to work. He led in a cheer for Lachmund.

By mid-afternoon the majority of the workers were back in the fields. Lachmund agreed to use his influence to have the arrested strike leaders released at Dauns.

The other demands of the hop pickers were not mentioned in the agreement. The pickers contending that the \$1.50 a hundred rate was the major objective.

At least ten days picking remains in the yards, it is said.

When the first meeting was held Thursday, the pickers were asked to make their bid if they were making more than \$2.50 a day. Only a few hands were raised. Many pickers said their pay did not exceed \$1 a day. The pickers allege that this year's picking requirements are more strict as far as clean hops are concerned, than in 1932.

VIOLENCE OCCURS IN DAIRY STRIKE

CHICAGO, Sept. 14.—(AP)—Violence broke out today as a strike of dairy farmers spread.

Picketing farmers lined highways an surrounded milk receiving depots and Kane counties in Illinois. Herman Page, a farm hand, was arrested at Harvard, in McHenry county, after he had tossed a disinfectant into cans containing 500 pounds of milk being delivered by another farmer.

A few cans of milk were destroyed and a number of farmers forced by means stronger than threats to return home.

Officials of the pure milk association, organization of 15,000 dairy farmers in the Chicago milk shed, said the city's milk supply was in no danger, and the strike was sponsored by politically ambitious men.

Withholding of milk was practically limited today to receiving depots and Kane counties in Illinois. Herman Page, a farm hand, was arrested at Harvard, in McHenry county, after he had tossed a disinfectant into cans containing 500 pounds of milk being delivered by another farmer.

STUDENT OFFICERS TO FEEL CLUB BAN

(Continued from page 1)

Principal Wolf said yesterday that no list had been compiled but that information was available which should make the compilation of a broadly inclusive list a not too difficult task. "Besides," he added, "many of these students will on their own accord refrain from coming to school until we are ready to deal individually with them, which will not be for more than a week after the opening of the fall term."

PORTLAND'S RELIEF CLAIM IS OPPOSED

(Continued from page 1)

county move, and word was going out to other parts of the state to send similar committees to show that road relief work is as important there as in Multnomah county.

In regulations issued by the federal board last June, it is provided that in allocating federal funds the state highway commission shall apportion 50 per cent to work on primary federal aid roads, 25 per cent to secondary or feed roads, and 25 per cent to improvement of primary highway routes through cities.
