QUICK RESULTS HOLDINGS far Above Year Ago; Fresh egg Mart Firm Butter Tone is Easy

PORTLAND, Sept. 20.—(AP)—The gross supply of eggs in the cooler and the lateness of the season create much apprehension among speculators in storage goods here and generally through the country. The latest federal report of holdings in 35 leading cities of the country suggest holdings in a monthly basis only. Rate: \$1.00 per line per month.

While the market for fresh eggs was holding firm despite this weakness in the cooler supply, in fact in spots premiums are reported for eggs that buyers know are strictly fresh.

While in spots there was a rather easy feeling for lambs and for beef, the market for country killed meats in general was trifle better and practically without price changes.

Union market was about steady with no outside movement. Tomatoes were steady with prices unchanged. Supplies fairly liberal.
