

POST, AUXILIARY'S HEADS INSTALLED

Joint Event Held With Dallas Couple in Charge; Banquet Given

SILVERTON, Sept. 20. — Installation of officers of the Delbert Reeves Post of the American Legion and its auxiliary was a gala event Monday night. Mr. and Mrs. Jack Alken of Dallas acted as installation officers and Miss Billie Johnson, Oregon's youngest auxiliary president, was installed as president of the auxiliary, and Kenneth Hansen was installed as commander of the post.

A banquet was a feature of the evening and a lovely feature of the banquet itself was the presentation of a past president pin to Mrs. Lewis Hall, outgoing president of the auxiliary. Mrs. Harry Wilson, junior past president presented the pin.

George Manolis acted as toastmaster at the banquet. Mrs. Hall presented shoulder-spray bouquets to Mrs. Alken and to Miss Johnson. Casper Tove, outgoing commander, responded to the call of the toastmaster as did also both Mr. and Mrs. Alken. Miss Elaine Clower gave a group of readings and musical numbers were furnished by the Silver Creek Falls Strangers.

Around 100 legionnaires and auxiliary members were present, many visitors being from Stayton and Salem.

Objections to Lighting Cost, Based on Contract 20 Years Old, Voiced

WOODBURN, Sept. 20.—A budget committee of five taxpayers was named Tuesday night at the regular meeting of the Woodburn city council. Members of the committee as chosen by the council are, John P. Hunt, Dr. T. K. Sanderson, Ray Giatt, Steve Scollard, and George Landon. A special budget meeting has been called for next Tuesday night, at which the budget committee and the council will hold a joint session. The Hamm auditing company, which does the auditing for the city, is already preparing Woodburn's budget.

Light Talk Long

There was a lengthy discussion about the arrangements concerning lighting of streets, and the expense. There was much dissatisfaction expressed concerning the amount the city has to pay for lights. The city is paying for light on a candle-power basis on terms of a contract drawn up 20 years ago. Nowadays it takes much less wattage to produce sufficient candle-power than formerly, but the city is paying on the old terms. There seemed to be mutual agreement that some lights should be eliminated in places where there will be no hardship upon residents if the lights are taken out.

Woodburn's only bank, the First National bank of Portland, Woodburn branch, was made official depository of the city's funds by virtue of the passage of an ordinance drawn up by City Attorney McCord. There was no objection to the ordinance.

The council decided to accept the offer of Ferdinand Drassel of \$25 per lot for five lots on the north side of Hardcastle street. The city will grant a quit claim deed. In order to save expense and time it is planned to make arrangements with property owners about the reconstruction of the walks without going through the usual formalities.

The matter of using the former Nick Miller property on First street for public purpose came up again. Councilman Miller voted "no" on the third reading.

Mayor Broyles was not present, his place being taken by Fred Miller, president of the council. As there has been only one bid on the 20 cords of four-foot wood that the city will need this winter, it was decided that more bids be called for.

The council decided that the city attorney should not be sent as an official delegate to the annual meeting of the League of Oregon Cities, to be held in Eugene September 23. Attorney McCord said that there is little use

PRUNE CROP SAVED BY WEATHER CHANGE

PORTLAND, Sept. 20.—(AP)—The Journal said today that a survey of the prune crop in Oregon discloses that the crop has been saved from severe loss by general improvement in weather conditions during the past few days. "Damage already inflicted to the crop," the survey said, "has been much less than had been expected. General ideas for the crop continue around 18,000 tons for Oregon and Clark county, Wash."

"Perhaps one of the best features of the survey," the article in sending him as an official delegate, as there is nothing of importance to a city like Woodburn scheduled to come up. McCord plans to take in the meeting anyway.

Lower Graders at Labish Center in Largest Numbers

LABISH CENTER, Sept. 20.—School opened here Monday with an enrollment around 40. Enrollment in the lower grade room, taught by Charlotte Jones, exceeds that in Miss McClaughry's room.
