

TEACHERS GIVEN POST, MOLALLA

Enrollment First day Goes to 157; Principal Announces Policies

MOLALLA, Sept. 20. — With an enrollment of 157 pupils, Molalla grammar school opened Monday. The different grades were not assigned to the teachers until after the registration. Beryl Blosser will have charge of the 21 first graders and part of the second grade. Frances Coberly will have part of the second grade, all of the third and part of the fourth. Wade Howard will have part of the fourth and all of the fifth. Edith Baker will have the sixth and part of the seventh. Principal Forrest Dunton will have part of the seventh and all of the eighth.

A few changes in policy have been announced by the new principal. Music and art, principally music, will be emphasized more than in the past. The athletic program will take more the form of physical training than of the development of one team. Basketball and baseball will be included in the athletic program but Mr. Dunton says he will encourage the formation of a number of teams in order to include as many pupils as possible.

Outside reading shall also be emphasized and in order to encourage that Mr. Dunton has donated 200 books to the school for the free use of the pupils.

An innovation that will probably be adopted will be the hiring of a substitute teacher one day a week to relieve the principal so he may give that day to supervision.

Start for Mountains

The opening of the hunting season is decreasing the population of Molalla rapidly these days. Since Sunday morning parties of hunters have been leaving for eastern Oregon. The first to go were Harry Hibbard, Jake Mitts, Everman Robbins and D. H. Robbins, who went to Twin Springs near Prineville on the Ochoco reserve.

Leaving Monday were Frank Slyter, Ora Slyter, J. H. Ballah, Bert Lais, Silas Lais and A. J. Lais for Whiskey flat in the Ochoco reserve; Floyd Emmert, Albert Emmert, S. A. Cordill, Ralph Emmert, Sheridan, and Tom Culey, Hillsboro, for the Post section of the Ochoco reserve; John Gottwald and Roy Nicholson for eastern Oregon; S. M. Lang and Fred Schafer for the Post and Mullino country, and Hugh Cutting and Lester Dickey for Squaw mountain, Dead Horse canyon and Baty Butte.

One of the longest trips is being taken by R. L. Holman, Otto Russell, Charles Pelkey and Arch Miller. They will leave Tuesday morning for the Steen mountains to hunt mule deer. Holman also plans to fish in the Dundee and Blitzen rivers. Frank Muller, A. H. Shaver and Bob Stuck are also leaving Tuesday for Baty Butte. Mr. and Mrs. Don Stewart will go to La Grande Thursday for two days' hunting before high school starts. Mr. Stewart is the new Smith-Hughes instructor.

The absence of the president of the Civic club, Mrs. Glenn Kirkwood, who has been near Amity with her sick mother, caused the first meeting of the club to be postponed until the second Thursday in October from September 14. The meeting will be at the E. G. Miller home. Mrs. Kirkwood returned to Molalla Sunday.

Historical Records Sought by College For Library Uses

CORVALLIS, Sept. 20. — Any Oregon householder contemplating cleaning out his library or other storage space is urged by the Oregon State college library to notify it in case there is any statistical, agricultural or state college publication of considerable age among the material to be discarded.

The state college library, which has 100,000 maintained historical files of material pertaining to the work of the institution, has now joined with other state agencies headed by the Oregon state library at Salem, in a concerted effort to preserve copies of old documents, files, diaries, journals, rare publications or other matter that has present or future value to historians and social science research workers. Much such material has no value to individuals but is of great worth if preserved by a public agency for future generations.

ATTENDANCE ABOUT AVERAGE AT TURNER

TURNER, Sept. 20. — Turner school opened Monday with the usual first day enrollment. The number in the high school was 45 which is about the average attendance of last year. It is expected the enrollment will reach about 60 when the prune season is over. Members of the teaching staff are Prof. Louis J. Ushamer, formerly of Brownsville; Miss Katherine Barker of Salem, commercial teacher; Miss Anna Newberg, Tillamook, home economics and English; Mrs. Cleora Parks enters her sixth year in the seventh and eighth grades; Miss Ruth Clark of Portland, intermediate teacher for Van Stanton, primary teacher, who takes the place of Mrs. Agnes Booth, recently resigned. Students Off to College Turner will be well represented at higher institutions of learning during the coming year. John Hawk will enter his second year at Willamette university and a Baxter Fletcher his first. James Denyer, sophomore, will enter O. S. C. Miss Sherie Delsell will join her junior class there later in the year, as she is in California at present. Represented at Albany college will be Willard B. Bear for his senior year; Miss Katherine Shampier, sophomore; Miss Lillian Peterson and Louis McCully, first year students.
