

COMMITTEES OFFER WHEAT PLAN DATA

Growers Advised to Contact Local Representatives On Allotment Scheme

There seems to be some confusion in the minds of the wheat growers in Marion county relative to those who are eligible to receive A.A.A. benefits. Individual growers are requested to get in touch with members of the committees in the various districts who are able to give assistance by supplying information concerning the workings of the plan. The committees are:

Silverton—Dr. A. W. Simmons, chairman, 411 N. Water; Silverton; M. G. Gunderson, Route 2; Silverton; Henry Jaquet, Route 3, Silverton.

St. Paul—Henry Zorn, chairman, Route 3, Aurora; Rosa Coleman, Route 2, Gervais; F. L. Mathieu, Route 1, Aurora.

Woodburn—Frank Saafeld, chairman, Route 2, Gervais; Irven Magee, Route 3, Woodburn; C. T. Braxey, Route 2, Gervais.

Mt. Angel—Ted Hobart, chairman, Route 1, Silverton; Fred Klein, Route 1, Silverton; Joe Flits, Route 1, Brooks.

Stayton—Lloyd Keene, chairman, Shaw; P. T. Eitel, Sublimity; O. W. Humphreys, Sublimity.

Salem—F. B. Simpson, chairman, Jefferson; Ed Durigan, Jr., Salem; A. E. Zimmerman, Salem.

H. A. Lindgren, in charge in this county, says:

"It is well to remember that any wheat grower who has produced wheat during any or all of the three-base years, namely 1930 to 1932, is eligible. If he has in addition produced wheat during 1933, he may receive the benefits for the entire period of the contract. If he has not produced wheat during 1933, he may take part and receive benefits for the years 1934 and 1935. Growers should remember that the allotments are established for each farm regardless of who produced the wheat on that land. It is not possible to transfer an allotment from one farm to another.

"In determining an allotment for a farm, the total bushels produced during the three years are added together and divided by three to establish the average production. The allotment then is 54 per cent of this figure on which the benefit payment is made. In return for this benefit payment the grower agrees to reduce his acreage planted during the fall of 1933, and the spring of 1934, by 15 per cent, and whatever the government asks up to 20 per cent during 1934 and 1935.

"In determining the average acreage for a farm, the acres produced wheat during the years 1930 to 1932 are added together and divided by three. Fifteen per cent is then taken from this figure in determining the acres to be planted next year.

"Where several farms under one ownership are operated by the same person as one farm or one enterprise, it is possible to establish one allotment for the entire holding. Where there are several owners involved in such an enterprise, it is necessary to file a separate application under each ownership."

DEFENDANT QUIZZES JUDGE; IS MUZZLED

LEIPZIG, Germany, Sept. 27—(AP)—Supreme court justices hearing the trial of five men charged with burning the reichstag threatened today to expel one of the accused, Georg Dimitroff, from the room "if you say another word."

The threat was made after police had been called to restrain the prisoner, who bluntly accused an examining judge of false statements and prejudice.

The examining magistrate, Judge Vogt, was on the witness stand when Dimitroff, former leader of the Bulgarian communists, rose from his seat and said:

"Did you cause the publication that the three Bulgarians arrested in the reichstag fire were identical with those participating in the Sofia bombing in 1924?"

The spectators laughed as he flatly asked an answer of "yes" or "no."

Vogt hesitatingly replied: "Yes, there were certain inaccuracies, but they were not mine, and it may be the future evidence will prove the Bulgarians had some connection."

PROSPECTORS SEEK BENEFIT OF PRICES

GRANTS PASS, Sept. 27—(AP)—To make the increased world price for gold available to thousands of miners and prospectors in southern Oregon Senator Charles L. McNary and the southern Oregon bankers' association today joined in a drive to request modification of the U. S. treasury's gold decree.

The bankers' association, meeting Tuesday night at Ashland, adopted a resolution asking that shipments of gold may be made to the mint accompanied only by affidavits of the purchasers.

C. H. Demaray, president of the local chamber of commerce, today received a telegram from Senator McNary that he had called the attention of the treasury department to the requests.

Under the present ruling, shipments must be two ounces or more and four sworn affidavits that the metal is newly mined must be

made out in duplicate. Few or no notaries are available in the gold-producing mountain and river sections near here, while rarely does a prospector have two ounces before he must sell his dust for food and supplies.

EFFECT OF OLD-AGE PENSIONS PONDERED

Members of the county court are considering both the general effect of the old-age pension law on this county after January 1 as well as the specific procedure the county will follow in determining what applicants for the pension are entitled to it. The pension board will consist of the county court and the district attorney.

According to preliminary plans, not formally agreed upon, each applicant will be required to fill out, with the help of the board, an extensive blank, which will show detailed information on all the points about which the board seeks knowledge. Probably the board will ask for the services of an investigator to check up on the hundreds of applications which are expected.

CHOW DOG RECEIVES HEROISM CITATION

Ah Ming Toy, route seven, box 65, has received a citation for heroism, but there is little danger of the honor going to her head. For Ah Ming Toy is a Chow dog. She saved her owner's home September 19 by barking out the alarm of a fire.

Eloise Smith, Ah Ming Toy's mistress, yesterday reported receipt of the citation, a handsomely engraved international certificate, reading as follows:

"For barking frantically until she had awakened a member of her mistress' family who investigated and discovered the back porch a flaming blaze. The floor of the porch and the wall of the house were burning. The fire was finally put out, but if it had not been for Ming Toy's insistent barking, the house would have been entirely destroyed."

Sweet Tooth is Bear's Nemesis

GRANTS PASS, Sept. 27—(AP)—A black bear's insatiable desire for honey proved his undoing. The bear raided the J. F. Cox farm near here and started an epicurean inventory of the beehives. The swarming bees attracted neighbors, who discovered the raider, chased him into a tall tree and shot him down.

RESEVE OFFICERS MEET Thirty-one members of the Marion-Polk Reserve Officers' association met at the Gray Belle restaurant last night to talk over plans for the winter months with Major James Tierney of area headquarters, Eugene. Formation of a rifle club will be one of the year's projects.

ARTISANS DINE Artisans will meet tonight at 6:30 o'clock for their regular potluck dinner at Fraternal temple.

MORTGAGEES URGED TO ACCEPT BONDS

Securities of Home Owners Loan Corporation are Held to be Sound

Mortgagees who have delayed signing provisions of the Home Owners' Loan corporation blanks which permit mortgagees to trade the corporation's bonds for the release of their obligation, should not fear the government's obligations but should accept them as good security, it was urged here yesterday by officials of the corporation, following the visit of H. E. Walter, assistant state manager to Salem.

Walter pointed out while here that interest on the bonds was guaranteed at the rate of four per cent annually for 18 years. He said a large portion of the bonds would undoubtedly be called for payment long before that time. Walter said federal reserve banks would accept the bonds as collateral up to 80 per cent of their face value while the loan corporation itself would accept the bonds, dollar for dollar, in payment of mortgage obligations to the corporation.

Announcement was made yesterday that J. F. Ulrich, Salem realtor, and A. N. Dalrymple, deputy in the sheriff's office, will handle the corporation's appraisals in this county. Dalrymple at first said he would not serve but subsequently, when he found he could do considerable appraising while on his vacation, he accepted part-time work as an appraiser. In evaluating property for a Home Owners' loan corporation advance, appraisers are instructed to consider the replacement value of the property, the original price paid and the average value for rental purposes over a 10-year period.

Savings and loan associations are not authorized to invest any part of their assets in the purchase of bonds of the Home Owners' Loan corporation, Attorney General Van Winkle held in an opinion handed down Wednesday. The opinion was requested by Charles H. Carey, state corporation commissioner.

Van Winkle held that bonds issued by the federal Home Owners' Loan corporation are not bonds of the United States in the sense in which that term is used for the reason that the United States is not under any obligation to pay the principal thereof.

Orvil Allen and Gladys Miller of Suver Are Wedded

SUVER, Sept. 27.—Miss Gladys Miller and Orvil Allen were married Saturday at Dallas.

Mr. and Mrs. Joe Zehr, who have occupied the Earl Smith place near here, moved to Albany last week. Mr. and Mrs. Ray Richter took their place.

Elmer Fredrickson is reported

to be not very well. Ralph Kester is building a milk cooler near his dairy barn.

LONGERGAN PLEADS FOR CORPS' TRIP

Joe Longergan, past national chaplain of the American Legion, last night added his plea to others that the Salem drum corps be sent to Chicago, in a telegram addressed to Commander Allan G. Carson of Capital post here. Longergan is a brother of Frank Longergan, state representative from Portland.

"It would be unthinkable that the Salem drum corps, the national champion, should be unable to attend the national convention at Chicago," Longergan's message read. "Now that the Bonnevile dam has been settled, there is nothing as important as that Oregon, last year's host and last year's champion, should go to Chicago upon the occasion of the national convention of the American Legion and a gathering of millions of Americans at the world's fair, to defend Oregon's championship, to return Oregon's respects to the American Legion and Chicago at the biggest convention in American Legion history."

Mr. and Mrs. Archie McCorkle

ATTENDANCE FIRST DAY IS 64 PUPILS

HAYESVILLE, Sept. 27.—The Hayesville school opened Monday with 33 pupils in the advanced room and 31 in the primary, but it is expected the total will reach about 75 before the week is still in the prime orchards.

There are a number of new children in the school. Howard Smith, whose parents moved into the Zimmerman place Monday, will enter the fourth grade and his two brothers will enter the seventh and eighth grades. Mr. and Mrs. Verhagen, who have recently moved into their new home on the highway have two children in school. Daniel is in the fifth grade and Dencie is in the third. Charles Love has come from South Dakota to spend the winter with his grandmother, Mrs. Barham, and will attend the school. Other new members are Betty Ann Willis, Clarianna Harpst, Armand and Varrian Carrow and Jackie Long.

First grades are: Ruth Yoshida, Betty Ann Willis, Ann Elizabeth Schroder, Varrian Carrow, Marvin Ritchey, Lloyd Cooley, Bobbie West, Clarianna Harpst, Irma Martin and Jackie Long.

Mr. and Mrs. Archie McCorkle

left Monday by motor to attend the world's fair at Chicago. They expect to be gone about a month. Mr. and Mrs. R. Hartley were agreeably surprised Sunday when Mr. and Mrs. K. Carver of Myrtle Point paid them a visit and announced that they had been married quietly in Salem a short time before. Mrs. Hartley also has her mother, Mrs. Kathryn Arnold, of Myrtle Point with her for a visit.

Arms Agreement Needed to Help World Recovery

GENEVA, Sept. 27.—(AP)—A prompt disarmament agreement, Sir John Simon, British foreign secretary plainly told the league of nations assembly today, is a vital necessity for world political and economic recovery.

Chancellor Engelbert Dollfus of Austria staunchly proclaimed Austria's right and "duty" to maintain her independence. This statement, accepted by his hearers as a hint to Germany, brought a wave of applause in the assembly meeting.

BROTHER DIES Mrs. C. N. Needham was called to Seattle Tuesday night following the death there of her brother, Bert Hasbrouck, former Salem resident.
